(c) "Immediate family" shall mean the teacher's ***or employee's*** spouse, children including stepchildren and foster children, grandchildren, daughters-in-law and sons-in law, brothers and sisters, parents and spouse's parents, and grandparents and spouse's grandparents, without reference to the location or residence of said relative, and any other blood relative who resides in the teacher's ***or employee's*** home; and

(d) "Sick leave bank" shall mean an aggregation of sick leave days contributed by teachers or employees for use by teachers or employees who have exhausted all sick leave and other available paid leave days.

(2) Each district board of education shall allow to each teacher ***and employee*** in its common school system not less than ten (10) days of sick leave during each school year, without deduction of salary. Sick leave shall be granted to a teacher ***or employee*** if he ***or she*** presents a personal affidavit or a certificate of a physician stating that the teacher ***or employee*** was ill, that the teacher ***or employee*** was absent for the purpose of attending to a member of his ***or her*** immediate family who was ill, or for the purpose of mourning a member of his ***or her*** immediate family. The ten (10) days of sick leave granted in this subsection may be taken by a teacher ***or employee*** on any ten (10) days of the school year and shall be granted in addition to accumulated sick leave days that have been credited to the teacher ***or employee*** under the provisions of

subsection (3) of this section.

(3) Days of sick leave not taken by an employee or a teacher during any school year shall accumulate without limitation and be credited to that employee or teacher. Accumulated sick leave may be taken in any school year. Any district board of education may, in its discretion, allow employees or teachers in its common school system sick leave in excess of the number of days prescribed in this section and may allow school district employees and teachers to use up to three (3) days' sick leave per school year for emergency leave pursuant to KRS 161.152(3). A teacher or employee may not request an amount of sick leave be donated that reduces his or her sick leave balance to less than fifteen (15) days.

(b) A teacher or employee may receive donations of sick leave if:

3. The teacher or employee has exhausted his or her accumulated sick leave, personal leave, and any other leave granted by the school district; and

(c) While a teacher or employee is on sick leave provided by this section, he or she shall be considered a school district employee, and his or her salary, wages, and other employee benefits shall not be affected.

(d) Any sick leave that remains unused, is not needed by a teacher or employee, and will not be needed in the future shall be returned to the teacher or employee donating the sick leave.

(e) The board of education shall adopt policies and procedures necessary to implement the sick leave donation program.

(8) A teacher ***or employee*** may use up to thirty (30) days of sick leave following the birth or adoption of a child or children. Additional days may be used when the need is verified by a physician's statement.

- (c) "Immediate family" shall mean the teacher's ***or employee's*** spouse, children including stepchildren and foster children, grandchildren, daughters-in-law and sons-in law, brothers and sisters, parents and spouse's parents, and grandparents and spouse's grandparents, without reference to the location or residence of said relative, and any other blood relative who resides in the teacher's ***or employee's*** home; and
- (d) "Sick leave bank" shall mean an aggregation of sick leave days contributed by teachers or employees for use by teachers or employees who have exhausted all sick leave and other available paid leave days.

(2) Each district board of education shall allow to each teacher ***and full-time employee*** in its common school system not less than ten (10) days of sick leave during each school year, without deduction of salary. Sick leave shall be granted to a teacher ***or employee*** if he ***or she*** presents a personal affidavit or a certificate of a physician stating that the teacher ***or employee*** was ill, that the teacher ***or employee*** was absent for the purpose of attending to a member of his ***or her*** immediate family who was ill, or for the purpose of mourning a member of his ***or her*** immediate family. The ten (10) days of sick leave granted in this subsection may be taken by a teacher ***or employee*** on any ten (10) days of the school year and shall be granted in addition to accumulated sick leave days that have been credited to the teacher ***or employee*** under the provisions of subsection (3) of this section.

(3) Days of sick leave not taken by an employee or a teacher during any school year shall accumulate without limitation and be credited to that employee or teacher. Accumulated sick leave may be taken in any school year. Any district board of education may, in its discretion, allow employees or teachers in its common school system sick leave in excess of the number of days prescribed in this section and may allow school district employees and teachers to use up to three (3) days' sick leave per school year for emergency leave pursuant to KRS 161.152(3). Any accumulated sick leave days credited to an employee or a teacher shall remain so credited in the event he ***or she*** transfers his ***or her*** place of employment from one (1) school district to another within the state or to the Kentucky Department of Education or transfers from the Department of Education to a school district.

(4) Accumulated days of sick leave shall be granted to a teacher ***or employee*** if, prior to the opening day of the school year, an affidavit or a certificate of a physician is presented to the district board of education, stating that the teacher ***or employee*** is unable to commence his ***or her*** duties on the opening day of the school year, but will be able to assume his ***or her*** duties within a period of time that the board determines to be reasonable.

(5) Any school teacher or employee may repurchase previously used sick leave days with the concurrence of the local school board by paying to the district an amount equal to the total of all costs associated with the used sick leave.

(6) A district board of education may adopt a plan for a sick leave bank. The plan may include limitations upon the number of days a teacher or employee may annually contribute to the bank and limitations upon the number of days a teacher or employee may annually draw from the bank. Only those teachers or employees who contribute to the bank may draw upon the bank. Days contributed will be deducted from the days available to the contributing teacher or employee. The sick leave bank shall be administered in accordance with a policy adopted by the board of education.

(7) (a) A district board of education shall establish a sick leave donation program to permit teachers or employees to voluntarily contribute sick leave to teachers or employees in the same school district who are in need of an extended absence from school. A teacher or employee who has accrued more than fifteen (15) days' sick leave may request the board of education to transfer a designated amount of sick leave to another teacher or employee who is authorized to receive the sick leave donated. A teacher or employee may not request an amount of sick leave be donated that reduces his or her sick leave balance to less than fifteen (15) days.

- (b) A teacher or employee may receive donations of sick leave if:
  - 1. a. The teacher or employee or a member of his or her immediate family suffers from a medically

certified illness, injury, impairment, or physical or mental condition that has caused or is likely to cause the teacher or employee to be absent for at least ten (10) days; or

b. The teacher or employee suffers from a catastrophic loss to his or her personal or real property, due to either a natural disaster or fire, that either has caused or will likely cause the employee to be absent for at least ten (10) consecutive working days;

3. The teacher or employee has exhausted his or her accumulated sick leave, personal leave, and any other leave granted by the school district; and

4. The teacher or employee has complied with the school district's policies governing the use of sick leave.

(c) While a teacher or employee is on sick leave provided by this section, he or she shall be considered a school district employee, and his or her salary, wages, and other employee benefits shall not be affected.

(d) Any sick leave that remains unused, is not needed by a teacher or employee, and will not be needed in the future shall be returned to the teacher or employee donating the sick leave.

(e) The board of education shall adopt policies and procedures necessary to implement the sick leave donation program.

(8) A teacher ***or employee*** may use up to thirty (30) days of sick leave following the birth or adoption of a child or children. Additional days may be used when the need is verified by a physician's statement.

(9) After July 1, 1982, a district board of education may compensate, at the time of retirement or upon the death of a member in active contributing status at the time of death who was eligible to retire by reason of service, an employee or a teacher, or the estate of an employee or teacher, for each unused sick leave day. The rate of compensation for each unused sick leave day shall be based on a percentage of the daily salary rate calculated from the employee's or teacher's last annual salary, not to exceed thirty percent (30%). Payment for unused sick leave days shall be incorporated into the annual salary of the final year of service; provided that the member makes the regular retirement contribution for members on the sick leave payment. The accumulation of these days includes unused sick leave days held by the employee or teacher at the time of implementation of the program.

(10) Any statute to the contrary notwithstanding, employees and teachers who transferred from the Department of Education to a school district, from a school district to the Department of Education, or from one (1) school district to another school district after July 15, 1981, shall receive credit for any unused sick leave to which the employee or teacher was entitled on the date of transfer. Section 1. KRS 160.190 is amended to read as follows:

(1) Any vacancy in any board of education shall be filled by the chief state school officer within ninety (90) days after the vacancy occurs. The member so chosen shall meet the eligibility requirements as established by KRS 160.180 and shall hold office until his successor is elected and has qualified. The local board of education may make nominations and any person may nominate himself or another for the office.

(2) Any vacancy having an unexpired term of one (1) year or more at the next regular November election after the vacancy occurs shall be filled for the unexpired term by an election to be held at the next regular November election after the vacancy occurs. The elected member shall succeed the member chosen by the chief state school officer to fill the vacancy.

(3) Notwithstanding KRS 117.265, no vacancy for a seat on a county or independent board of education shall be filled by a write-in candidate unless a second candidate, who has filed a petition as required by KRS Chapter 118, appears on the printed ballot for the seat at issue. If a candidate for a seat on a county or independent board of education dies, withdraws, or is removed from the ballot, and no other candidate remains on the printed ballot, no write-in vote shall be counted by the county board of elections and no person filing and receiving votes as a write-in candidate shall be elected by this method.

Section 2. KRS 160.210 is amended to read as follows:

(1) (a) In independent school districts, the members of the school board shall be elected from the district at large. In county school districts, members shall be elected from divisions.

(b) If no candidate files a petition of nomination for a local board of education opening pursuant to KRS 118.315[~~ and 118.316~~], the chief state school officer shall fill the new term of office ***for all openings that have no candidate filings under KRS 118.315*** by appointing a member to the local board who meets the residency requirement and the qualifications for office provided in KRS 160.180. The local board of education may make nominations and any person may nominate himself or another for the office.

(2) The board of education of each county school district shall, not later than July 1, 1940, divide its district into five (5) divisions containing integral voting precincts and as equal in population insofar as is practicable. In first dividing the county district into divisions the board shall, if more than one (1) of its members reside in one (1) division, determine by lot which member from that division shall represent that division, and which members shall represent the divisions in which no member resides. The members so determined to represent divisions in which no member resides shall be considered the members from those divisions until their terms expire, and thereafter the members from those divisions shall be nominated and elected as provided in KRS 160.200 and 160.220 to 160.250.

(3) Any changes made in division boundary lines shall be to make divisions as equal in population and containing integral voting precincts insofar as is practical. No change may be made in division boundary lines less than five (5) years after the last change in any division lines, except in case of merger of districts, a change in territory due to annexation, or to allow compliance with KRS 117.055(2).

(4) (a) Notwithstanding the provisions of subsection (3) of this section, if one hundred (100) residents of a county school district division petition the Kentucky Board of Education stating that the school district divisions are not divided as nearly equal in population as can reasonably be expected, the chief state school officer shall cause an investigation to determine the validity of the petition, the investigation to be completed within thirty (30) days after receipt of the petition.

(b) If the investigation reveals the school district to be unequally divided according to population, the Kentucky Board of Education, upon the recommendation of the chief state school officer, shall order the local board of education to make changes in school district divisions as are necessary to equalize population within the five (5) school divisions.

(c) If any board fails to comply with the order of the Kentucky Board of Education within thirty (30) days or prior to August 1 in any year in which any members of the board are to be elected, members shall be elected from the district at large until the order of the Kentucky Board of Education has been complied with.

(d) No change shall be made in the boundary of any division under the provisions of this subsection after August 1 in the year in which a member of the school board is to be elected from any division.

(5) Notwithstanding the provisions of subsection (2) of this section, in counties containing a city of the first class wherein a merger pursuant to KRS 160.041 shall have been accomplished, there shall be seven (7) divisions as equal in population as is practicable, with members elected from divisions. To be eligible to be elected from a division, a candidate must reside in that division. The divisions, based upon 1970 United States Census Bureau Reports on total population by census tracts for Jefferson County, Kentucky shall be as follows: Division One shall include census tracts 1-28; Division Two shall include census tracts 29-35, 47-53, 57-74, 80-84, 93, 129, 130; Division Three shall include census tracts 75-79, 85-88, 98-106, 107.01, 108; Division Four shall include census tracts 121.01, 123-128; Division Five shall include census tracts 36-46, 56, 90, 120, 121.02, 122; Division Six shall include census tracts 54, 55, 91, 92, 94, 95, 110.02, 113, 114, 117.01, 117.02, 118, 119; Division Seven shall include census tracts 89, 96, 97, 107.02, 109, 110.01, 111, 112, 115, 116, 117.03, 131, 132. The terms of the members to be elected, KRS 160.044 notwithstanding, shall be four (4) years and the election for the initial four (4) year terms shall be as follows: The election of the members from Divisions Two, Four and Seven shall be held at the next regular November election following the effective date of the merger pursuant to KRS 160.041, and the election of the members from Divisions One, Three, Five and Six shall be held at the regular November election two (2) years thereafter.

(6) In counties containing cities of the first class, responsibility for the establishment or the changing of school board division boundaries shall be with the local board of education, subject to the review and approval of the county board of elections. Where division and census tract boundaries do not coincide with existing election precinct boundaries, school board divisions shall be redrawn to comply with precinct boundaries. In no instance shall precinct boundaries be redrawn nor shall a precinct be divided to accommodate the drawing of school board division lines. Precinct boundaries nearest existing school board division boundaries shall become the new division boundary. All changes under this statute shall be completed on or before January 1, 1979, and on or before January 1 in any succeeding year in which a member of the school board is to be elected from any division. (d) The insurer shall not be required to accept all small employers in the small group market who are not members of the association or employer-organized association and who apply for coverage if the insurer's small group offering is made through a bona fide association program or employer-organized association program.

[~~(c) This subsection shall not apply to health benefit plan coverage offered by an insurer if the coverage is made available in the small group market only through one (1) or more bona fide associations.~~]

(4) In the case of an insurer that offers health benefit plan coverage in the small group market through a network plan, the insurer may:

(a) Limit the employers that may apply for coverage to those with individuals who live, work, or reside in the service area of the network plan; and

(b) Within the service area of the network plan, deny coverage to employers if the insurer has demonstrated to the commissioner that:

1. The network plan will not have the capacity to deliver services adequately to enrollees of any additional groups because of its obligations to existing group contract holders and enrollees; and

2. The insurer is applying this denial uniformly to all employers.

(5) An insurer, upon denying health benefit plan coverage in any service area in accordance with subsection (4) of this section, shall not offer coverage in the small group market within the service area for a period of one hundred eighty (180) days after the date the coverage is denied.

(6) An insurer may deny health benefit plan coverage in the small group market if the insurer has demonstrated to the commissioner that:

(a) The insurer does not have the financial reserves necessary to underwrite additional coverage; and

(b) The insurer is applying this denial uniformly to all employers in the small group market.

(7) An insurer, upon denying health benefit plan coverage in connection with group health plans in accordance with subsection (6) of this section, shall not offer coverage in the small group market for a period of one hundred eighty (180) days after the date the coverage is denied or until the insurer has demonstrated to the commissioner that the insurer has sufficient financial reserves to underwrite additional coverage, whichever is later.

(8) A health benefit plan issued as an individual policy to individual employees or their dependents through or with the permission of a small employer shall be issued on a guaranteed-issue basis to all full-time employees and shall comply with the pre-existing condition provisions of KRS 304.17A-220.

(9) (a) In connection with the offering of any health benefit plan to a small employer, an insurer:

1. Shall make a reasonable disclosure to a small employer, as part of its solicitation and sales materials, of the availability of information described in paragraph (b) of this subsection; and

2. Upon request of a small employer, provide the information described in paragraph (b) of this subsection.

(b) Subject to paragraph (c) of this subsection, with respect to an insurer offering a health benefit plan to a small employer, information described in this subsection is information concerning:

1. The provisions of the coverage concerning the insurer's right to change premium rates and the factors that may affect changes in premium rates;

2. The provisions of the health benefit plan relating to renewability of coverage;

3. The provisions of the health benefit plan relating to any preexisting condition exclusion; and

4. The benefits and premiums available under all health benefit plans for which the small employer is qualified.

(c) Information described in paragraph (b) of this subsection shall be provided to a small employer in a manner determined to be understandable by the average small employer and shall be sufficient to reasonably inform a small employer of his or her rights and obligations under the health benefit plan.

(d) An insurer is not required under this section to disclose any information that is proprietary and trade secret information under applicable law.

The disclosure statement shall clearly state that mandated health insurance benefits are not covered by the health benefit plan and shall describe each excluded mandated health benefit.

JURISDICTION

SECTION 12. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) Except as otherwise provided in Section 15 of this Act, a court of this state shall have jurisdiction to make an initial child custody determination only if:

(a) This state is the home state of the child on the date of the commencement of the proceeding, or was the home state of the child within six (6) months before the commencement of the proceeding and the child is absent from this state but a parent or person acting as a parent continues to live in this state; or

(b) A court of another state does not have jurisdiction under paragraph (a) of this subsection, or a court of the home state of the child has declined to exercise jurisdiction on the ground that this state is the more appropriate forum under Section 18 or 19 of this Act; and

1. The child and the child's parents, or the child and at least one (1) parent or a person acting as a parent, have a significant connection with this state other than mere physical presence; and

2. Substantial evidence is available in this state concerning the child's care, protection, training, and personal relationships; or

(c) All courts having jurisdiction under paragraph (a) or (b) or this subsection have declined to exercise jurisdiction on the ground that a court of this state is the more appropriate forum to determine the custody of the child under Section 18 or 19 of this Act; or

(d) No court of any other state would have jurisdiction under the criteria specified in paragraph (a), (b), or (c) of this subsection.

(2) Subsection (1) of this section is the exclusive jurisdictional basis for making a child custody determination by a court of this state.

(3) Physical presence of, or personal jurisdiction over, a party or a child is not necessary or sufficient to make a child custody determination.

SECTION 13. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) Except as otherwise provided in Section 15 of this Act, a court of this state which has made a child custody determination consistent with Section 12 or 14 of this Act has exclusive, continuing jurisdiction over the determination until:

(a) A court of this state determines that neither the child, nor the child and one (1) parent, nor the child and a person acting as a parent have a significant connection with this state and that substantial evidence is no longer available in this state concerning the child's care, protection, training, and personal relationships; or

(b) A court of this state or a court of another state determines that the child, the child's parents, and any other person acting as a parent do not presently reside in this state.

(2) A court of this state which has made a child custody determination and does not have exclusive, continuing jurisdiction under this section may modify that determination only if it has jurisdiction to make an initial determination under Section 12.

SECTION 14. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

Except as otherwise provided in Section 15 of this Act, a court of this state shall not modify a child custody determination made by a court of another state unless a court of this state has jurisdiction to make an initial determination under subsection (1)(a) or (1)(b) of Section 12 of this Act and:

(1) The court of the other state determines that it no longer has exclusive, continuing jurisdiction under Section 13 of this Act or that a court of this state would be a more convenient forum under Section 18 of this Act; or

(2) A court of this state or a court of the other state determines that the child, the child's parents, and any person acting as a parent do not presently reside in the other state.

SECTION 15. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) A court of this state has temporary emergency jurisdiction if the child is present in this state and the child has been abandoned or it is necessary in an emergency to protect the child because the child, or a sibling or parent of the child, is subjected to or threatened with mistreatment or abuse.

(2) If there is no previous child custody determination that is entitled to be enforced under Sections 1 to 41 of this Act and a child custody proceeding has not been commenced in a court of a state having jurisdiction under Sections 12, 13, and 14 of this Act, a child custody determination made under this section remains in effect until an order is obtained from a court of a state having jurisdiction under Sections 12, 13, and 14 of this Act. If a child custody proceeding has not been or is not commenced in a court of a state having jurisdiction under Sections 12, 13, and 14 of this Act, a child custody determination made under this section becomes a final determination, if it so provides and this state becomes the home state of the child.

(3) If there is a previous child custody determination that is entitled to be enforced under Sections 1 to 41 of this Act, or a child custody proceeding has been commenced in a court of a state having jurisdiction under Sections 12, 13, and 14 of this Act, any order issued by a court of this state under this section shall specify in the order a period that the court considers adequate to allow the person seeking an order to obtain an order from the state having jurisdiction under Sections 12, 13, and 14 of this Act. The order issued in this state remains in effect until an order is obtained from the other state within the period specified or the period expires.

(4) A court of this state which has been asked to make a child custody determination under this section, upon being informed that a child custody proceeding has been commenced in, or a child custody determination has been made by, a court of a state having jurisdiction under Sections 12, 13, and 14 of this Act, shall immediately communicate with the other court. A court of this state which is exercising jurisdiction pursuant to Sections 12, 13, and 14 of this Act, upon being informed that a child custody proceeding has been commenced in, or a child custody determination had been made by, a court of another state under a statute similar to this section shall immediately communicate with the court of that state to resolve the emergency, protect the safety of the parties and the child, and determine a period for the duration of the temporary order.

SECTION 16. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) Before a child custody determination is made under Sections 1 to 41 of this Act, notice and an opportunity to be heard in accordance with the standards of Section 7 of this Act shall be given to all persons entitled to notice under the law of this state as in child custody proceedings between residents of this state, any parent whose parental rights have not been previously terminated, and any person having physical custody of the child.

(2) Sections 1 to 41 of this Act do not govern the enforceability of a child custody determination made without notice or an

opportunity to be heard.

(3) The obligation to join a party and the right to intervene as a party in a child custody proceeding under Sections 1 to 41 of this Act are governed by the law of this state as in child custody proceedings between residents of this state.

SECTION 17. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) Except as otherwise provided in Section 15 of this Act, a court of this state shall not exercise jurisdiction under Sections 12 to 21 of this Act if, at the time of the commencement of the proceeding, a proceeding concerning the custody of the child has been commenced in a court of another state having jurisdiction substantially in conformity with Sections 1 to 41 of this Act, unless the proceeding has been terminated or is stayed by the court of the other state because a court of this state is a more convenient forum under Section 18 of this Act.

(2) Except as otherwise provided in Section 15 of this Act, a court of this state, before hearing a child custody proceeding, shall examine the court documents and other information supplied by the parties pursuant to Section 20 of this Act. If the court determines that a child custody proceeding has been commenced in a court in another state having jurisdiction substantially in accordance with Sections 1 to 41 of this Act, the court of this state shall stay its proceeding and communicate with the court of the other state. If the court of the state having jurisdiction substantially in accordance with Sections 1 to 41 of this Act does not determine that the court of this state is a more appropriate forum, the court of this state shall dismiss the proceeding.

(3) In a proceeding to modify a child custody determination, a court of this state shall determine whether a proceeding to enforce the determination has been commenced in another state. If a proceeding to enforce a child custody determination has been commenced in another state, the court may:

(a) Stay the proceeding for modification pending the entry of an order of the other state enforcing, staying, denying, or dismissing the proceeding for enforcement;

(b) Enjoin the parties from continuing with the proceeding for enforcement; or

(c) Proceed with the modification under conditions it considers appropriate.

SECTION 18. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) A court of this state which has jurisdiction under Sections 1 to 41 of this Act to make a child custody determination may decline to exercise its jurisdiction at any time if it determines that it is an inconvenient forum under the circumstances and that a court of another state is a more appropriate forum. The issue of inconvenient forum may be raised upon motion of a party, the court's own motion, or request of another court.

(2) Before determining whether it is an inconvenient forum, a court of this state shall consider whether it is appropriate for a court of another state to exercise jurisdiction. For this purpose, the court shall allow the parties to submit information and shall consider all relevant factors, including:

(a) Whether domestic violence has occurred and is likely to continue in the future and which state could best protect the parties and the child;

(b) The length of time the child has resided outside this state;

(c) The distance between the court in this state and the court in the state that would assume jurisdiction;

(d) The relative financial circumstances of the parties;

(e) Any agreement of the parties as to which state should assume jurisdiction;

(f) The nature and location of the evidence required to resolve the pending litigation, including testimony of the child;

(g) The ability of the court of each state to decide the issue expeditiously and the procedures necessary to present the evidence; and

(h) The familiarity of the court of each state with the facts and issues in the pending litigation.

(3) If a court of this state determines that it is an inconvenient forum and that a court of another state is a more appropriate forum, it shall stay the proceedings upon condition that a child custody proceeding be promptly commenced in another designated state and may impose any other condition the court considers just and proper.

(4) A court of this state may decline to exercise its jurisdiction under Sections 1 to 41 of this Act if a child custody determination is incidental to an action for divorce or another proceeding while still retaining jurisdiction over the divorce or other proceeding.

SECTION 19. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) Except as otherwise provided in Section 15 of this Act, or by other law of this state, if a court of this state has jurisdiction under Sections 1 to 41 of this Act because a person seeking to invoke its jurisdiction has engaged in unjustifiable conduct, the court shall decline to exercise its jurisdiction unless:

(a) The parents and all persons acting as parents have acquiesced in the exercise of jurisdiction;

(b) A court of the state otherwise having jurisdiction under Sections 12, 13, and 14 of this Act determines that this state is a more appropriate forum under Section 18 of this Act; or

(c) No court of any other state would have jurisdiction under the criteria specified in Sections 12, 13, and 14 of this Act.

(2) If a court of this state declines to exercise its jurisdiction pursuant to subsection (1) of this section, it may fashion an appropriate remedy to ensure the safety of the child and prevent a repetition of the unjustifiable conduct, including staying the proceeding until a child custody proceeding is commenced in a court having jurisdiction under Sections 12, 13, and 14 of this Act.

(3) If a court dismisses a petition or stays a proceeding because it declines to exercise its jurisdiction pursuant to subsection (1) of this section, it shall assess against the party seeking to invoke its jurisdiction necessary and reasonable expenses including costs, communication expenses, attorney's fees, investigative fees, expenses for witnesses, travel expenses, and child care during the course of the proceedings, unless the party from whom fees are sought establishes that the assessment would be clearly inappropriate. The court shall not assess fees, costs, or expenses against this state unless authorized by law other than Sections 1 to 41 of this Act.

SECTION 20. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) In a child custody proceeding, each party, in its first pleading or in an attached affidavit, shall give information, if reasonably ascertainable, under oath as to the child's present address or whereabouts, the places where the child has lived during the last five (5) years, and the names and present addresses of the persons with whom the child has lived during that period. The pleading or affidavit shall state whether the party:

(a) Has participated, as a party or witness or in any other capacity, in any other proceeding concerning the custody of or visitation with the child and, if so, identify the court, the case number, and the date of the child custody determination, if any;

(b) Knows of any proceeding that could affect the current proceeding, including proceedings for enforcement and proceedings relating to domestic violence, protective orders, termination of parental rights, and adoptions and, if so, identify the court, the case number, and the nature of the proceeding; and

(c) Knows the names and addresses of any person not a party to the proceeding who has physical custody of the child or claims rights of legal custody or physical custody of, or visitation with, the child and, if so, the names and addresses of those persons.

(2) If the information required by subsection (1) of this section is not furnished, the court, upon motion of a party or its own motion, may stay the proceeding until the information is furnished.

(3) If the declaration as to any of the items described in subsection (1) of this section is in the affirmative, the declarant shall give additional information under oath as required by the court. The court may examine the parties under oath as to the details of the information furnished and other matters pertinent to the court's jurisdiction and the disposition of the case.

(4) Each party has a continuing duty to inform the court of any proceeding in this or any other state that could affect the current proceeding.

(5) If a party alleges in an affidavit or a pleading under oath that the health, safety, or liberty of a party or child would be jeopardized by disclosure of identifying information, the information shall be sealed and shall not be disclosed to the other party or the public unless the court orders the disclosure to be made after a hearing in which the court takes into consideration the health, safety, or liberty of the party or child and determines that the disclosure is in the interest of justice.

SECTION 21. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) In a child custody proceeding in this state, the court may order a party to the proceeding who is in this state to appear before the court in person with or without the child. The court may order any person who is in this state and who has physical custody or control of the child to appear in person with the child.

(2) If a party to a child custody proceeding whose presence is desired by the court is outside this state, the court may order that a notice given pursuant to Section 7 of this Act include a statement directing the party to appear in person with or without the child and informing the party that failure to appear may result in a decision adverse to the party.

(3) The court may enter any order necessary to ensure the safety of the child and of any person ordered to appear under this section.

(4) If a party to a child custody proceeding who is outside this state is directed to appear under subsection (2) of this section or desires to appear personally before the court with or without the child, the court may require another party to pay reasonable and necessary travel and other expenses of the party so appearing and of the child.

ARTICLE 3.

ENFORCEMENT

SECTION 22. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

As used in Sections 22 to 38 of this Act:

(1) "Petitioner" means a person who seeks enforcement of an order for return of a child under the Hague Convention on the Civil Aspects of International Child Abduction or enforcement of a child custody determination; and

(2) "Respondent" means a person against whom a proceeding has been commenced for enforcement of an order for return of a child under the Hague Convention on the Civil Aspects of International Child Abduction or enforcement of a child custody determination.

SECTION 23. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

Under Sections 22 to 38 of this Act, a court of this state may enforce an order for the return of the child made under the Hague Convention on the Civil Aspects of International Child Abduction as if it were a child custody determination.

SECTION 24. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) A court of this state shall recognize and enforce a child custody determination of a court of another state if the latter court exercised jurisdiction in substantial conformity with Sections 1 to 41 of this Act or the determination was made under factual circumstances meeting the jurisdictional standards of Sections 1 to 41 of this Act and the determination has not been modified in accordance with Sections 1 to 41 of this Act.

(2) A court of this state may utilize any remedy available under other law of this state to enforce a child custody determination made by a court of another state. The remedies provided in Sections 22 to 38 of this Act are cumulative and do not affect the availability of other remedies to enforce a child custody determination.

SECTION 25. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) A court of this state which does not have jurisdiction to modify a child custody determination may issue a temporary order enforcing:

(a) A visitation schedule made by a court of another state; or

(b) The visitation provisions of a child custody determination of another state that does not provide for a specific visitation schedule.

(2) If a court of this state makes an order under subsection (1)(b) of this section, it shall specify in the order a period that it considers adequate to allow the petitioner to obtain an order from a court having jurisdiction under the criteria specified in Sections 12 to 21 of this Act. The order shall remain in effect until an order is obtained from the other court or the period expires.

SECTION 26. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) A child custody determination issued by a court of another state may be registered in this state, with or without a simultaneous request for enforcement, by sending to a court with jurisdiction in this state:

(a) A letter or other document requesting registration;

(b) Two (2) copies, including one (1) certified copy, of the determination sought to be registered, and a statement under penalty of perjury that to the best of the knowledge and belief of the person seeking registration the order has not been modified; and

(c) Except as otherwise provided in Section 20 of this Act, the name and address of the person seeking registration and any parent or person acting as a parent who has been awarded custody or visitation in the child custody determination sought to be registered.

(2) On receipt of the documents required by subsection (1) of this section, the registering court shall:

(a) Cause the determination to be filed as a foreign judgment, together with one (1) copy of any accompanying documents and information, regardless of their form; and

(b) Serve notice upon the persons named pursuant to subsection (1)(c) of this section and provide them with an opportunity to contest the registration in accordance with this section.

(3) The notice required by subsection (2)(b) of this section shall state that:

(a) A registered determination is enforceable as of the date of the registration in the same manner as a determination issued by a court of this state;

(b) A hearing to contest the validity of the registered determination shall be requested within twenty (20) days after service of notice; and

(c) Failure to contest the registration shall result in confirmation of the child custody determination and preclude further contest of that determination with respect to any matter that could have been asserted.

(4) A person seeking to contest the validity of a registered order shall request a hearing within twenty (20) days after service of the notice. At that hearing, the court shall confirm the registered order unless the person contesting registration establishes that:

(a) The issuing court did not have jurisdiction under Sections 12 to 21 of this Act;

(b) The child custody determination sought to be registered has been vacated, stayed, or modified by a court having jurisdiction to do so under Sections 12 to 21 of this Act; or

(c) The person contesting registration was entitled to notice, but notice was not given in accordance with the standards of Section 7 of this Act, in the proceedings before the court that issued the order for which registration is sought.

(5) If a timely request for a hearing to contest the validity of the registration is not made, the registration is confirmed as a matter of law and the person requesting registration and all persons served shall be notified of the confirmation.

(6) Confirmation of a registered order, whether by operation of law or after notice and hearing, precludes further contest of the order with respect to any matter that could have been asserted at the time of registration.

SECTION 27. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) A court of this state may grant any relief normally available under the law of this state to enforce a registered child custody determination made by a court of another state.

(2) A court of this state shall recognize and enforce, but shall not modify, except in accordance with Sections 12 to 21 of this Act, a registered child custody determination made by a court of another state.

SECTION 28. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

If a proceeding for enforcement under Sections 22 to 38 of this Act is commenced in a court of this state and the court determines that a proceeding to modify the determination is pending in a court of another state having jurisdiction to modify the determination under Sections 12 to 21 of this Act, the enforcing court shall immediately communicate with the modifying court. The proceeding for enforcement continues unless the enforcing court, after consultation with the modifying court, stays or dismisses the proceeding.

SECTION 29. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) A petition under Sections 22 to 38 of this Act shall be verified. Certified copies of all orders sought to be enforced and of any order confirming registration shall be attached to the petition. A copy of a certified copy of an order may be attached instead of the original.

(2) A petition for enforcement of a child custody determination shall state:

(a) Whether the court that issued the determination identified the jurisdictional basis it relied upon in exercising jurisdiction and, if so, what the basis was;

(b) Whether the determination for which enforcement is sought has been vacated, stayed, or modified by a court whose decision is entitled to enforcement under Sections 1 to 41 of this Act and, if so, identify the court, the case number, and the nature of the proceeding;

(c) Whether any proceeding has been commenced that could affect the current proceeding, including proceedings relating to domestic violence, protective orders, termination of parental rights, and adoptions and, if so, identify the court, the case number, and the nature of the proceeding;

(d) The present physical address of the child and the respondent, if known;

(e) Whether relief in addition to the immediate physical custody of the child and attorney's fees is sought, including a request for assistance from law enforcement officials and, if so, the relief sought; and

(f) If the child custody determination has been registered and confirmed under Section 26 of this Act, the date and place of registration.

(3) Upon the filing of a petition, the court shall issue an order directing the respondent to appear in person with or without the child at a hearing and may enter any order necessary to ensure the safety of the parties and the child. The hearing shall be held on the next judicial day after service of the order unless that date is impossible. In that event, the court shall hold the hearing on the first judicial day possible. The court may extend the date of hearing at the request of the petitioner.

(4) An order issued under subsection (3) of this section shall state the time and place of the hearing and advise the respondent that at the hearing the court will order that the petitioner may take immediate physical custody of the child and the payment of fees, costs, and expenses under Section 33 of this Act, and may schedule a hearing to determine whether further relief is appropriate, unless the respondent appears and establishes that:

(a) The child custody determination has not been registered and confirmed under Section 26 of this Act and that:

1. The issuing court did not have jurisdiction under Sections 12 to 21 of this Act;

2. The child custody determination for which enforcement is sought has been vacated, stayed, or modified by a court having jurisdiction to do so under Sections 12 to 21 of this Act; or

3. The respondent was entitled to notice, but notice was not given in accordance with the standards of Section 7 of this Act, in the proceedings before the court that issued the order for which enforcement is sought; or

(b) The child custody determination for which enforcement is sought was registered and confirmed under Section 26 of this Act but has been vacated, stayed, or modified by a court of a state having jurisdiction to do so under Sections 12 to 21 of this Act.

SECTION 30. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

Except as otherwise provided in Section 32 of this Act, the petition and order shall be served, by any method authorized by the law of this state, upon respondent and any person who has physical custody of the child.

SECTION 31. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) Unless the court issues a temporary emergency order pursuant to Section 15 of this Act, upon a finding that a petitioner is entitled to immediate physical custody of the child, the court shall order that the petitioner may take immediate physical custody of the child unless the respondent establishes that:

(a) The child custody determination has not been registered and confirmed under Section 26 of this Act and that:

1. The issuing court did not have jurisdiction under Sections 12 to 21 of this Act;

2. The child custody determination for which enforcement is sought has been vacated, stayed, or modified by a court of a state having jurisdiction to do so under Sections 12 to 21 of this Act; or

3. The respondent was entitled to notice, but notice was not given in accordance with the standards of Section 7 of this Act, in the proceedings before the court that issued the order for which enforcement is sought; or

(b) The child custody determination for which enforcement is sought was registered and confirmed under Section 26 of this Act but has been vacated, stayed, or modified by a court of a state having jurisdiction to do so under Sections 12 to 21 of this Act.

(2) The court shall award the fees, costs, and expenses authorized under Section 33 of this Act and may grant additional relief, including a request for the assistance of law enforcement officials, and set a further hearing to determine whether additional relief is appropriate.

(3) If a party called to testify refuses to answer on the ground that the testimony may be self-incriminating, the court may draw on adverse inference from the refusal.

(4) A privilege against disclosure of communications between spouses and a defense of immunity based on the relationship of husband and wife or parent and child may not be invoked in a proceeding under Sections 22 to 38 of this Act.

SECTION 32. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) Upon the filing of a petition seeking enforcement of a child custody determination, the petitioner may file a verified application for the issuance of a warrant to take physical custody of the child if the child is immediately likely to suffer serious physical harm or be removed from this state.

(2) If the court, upon the testimony of the petitioner or other witness, finds that the child is imminently likely to suffer serious physical harm or be removed from this state, it may issue a warrant to take physical custody of the child. The petition shall be heard on the next judicial day after the warrant is executed unless that date is impossible. In that event, the court shall hold the hearing on the first judicial day possible. The application for the warrant shall include the statements required by subsection (2) of Section 29 of this Act.

(3) A warrant to take physical custody of a child shall:

(a) Recite the facts upon which a conclusion of imminent serious physical harm or removal from the jurisdiction is based;

(b) Direct law enforcement officers to take physical custody of the child immediately; and

(c) Provide for the placement of the child pending final relief.

(4) The respondent shall be served with the petition, warrant, and order immediately after the child is taken into physical custody.

(5) A warrant to take physical custody of a child is enforceable throughout this state. If the court finds, on the basis of the testimony of the petitioner or other witness that a less intrusive remedy is not effective, it may authorize law enforcement officers to enter private property to take physical custody of the child. If required by exigent circumstances of the case, the court may authorize law enforcement officers to make a forcible entry at any hour.

(6) The court may impose conditions upon placement of a child to ensure the appearance of the child and the child's custodian.

SECTION 33. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) The court may award the prevailing party, including a state, necessary and reasonable expenses incurred by or on behalf of the party, including costs, communication expenses, attorney's fees, investigative fees, expenses for witnesses, travel expenses, and child care during the course of the proceedings, unless the party from whom fees or expenses are sought establishes that the award would be clearly inappropriate.

(2) The court shall not assess fees, costs, or expenses against a state unless authorized by law other than Sections 1 to 41 of this Act.

SECTION 34. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

A court of this state shall accord full faith and credit to an order issued by another state and consistent with Sections 1 to 41 of this Act which enforces a child custody determination by a court of another state unless the order has been vacated, stayed, or modified by a court having jurisdiction to do so under Sections 12 to 21 of this Act.

SECTION 35. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

A party may move for an expedited appeal from a final order in a proceeding under Sections 22 to 38 of this Act. Unless the court enters a temporary emergency order under Section 15 of this Act, the enforcing court shall not stay an order enforcing a *child custody determination pending appeal.*

SECTION 36. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) In a case arising under Sections 1 to 41 of this Act or involving the Hague Convention on the Civil Aspects of International Child Abduction, the county attorney or other appropriate public official may take any lawful action, including resort to a proceeding under Sections 22 to 38 of this Act or any other available civil proceeding to locate a child, obtain the return of a child, or enforce a child custody determination if there is:

(b) A request to do so from a court in a pending child custody proceeding;

(c) A reasonable belief that a criminal statute has been violated; or

ARTICLE 4.

MISCELLANEOUS PROVISIONS

SECTION 39. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

In applying and construing Sections 1 to 41 of this Act, consideration shall be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

SECTION 40. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

(1) A motion or other request for relief made in a child custody proceeding or to enforce a child custody determination which was commenced before the effective date of Sections 1 to 41 of this Act is governed by the law in effect at the time the motion or other request was made.

(2) Custody decrees previously registered in this state under the provisions of KRS 403.400 to 403.620 shall be deemed registered under the provisions of Sections 1 to 41 of this Act.

SECTION 41. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

Sections 1 to 41 of this Act may be cited as the Uniform Child Custody Jurisdiction and Enforcement Act.

Section 42. KRS 403.270 is amended to read as follows:

(1) (a) As used in this chapter and KRS 405.020, unless the context requires otherwise, "de facto custodian" means a person who has been shown by clear and convincing evidence to have been the primary caregiver for, and financial supporter of, a child who has resided with the person for a period of six (6) months or more if the child is under three (3) years of age and for a period of one (1) year or more if the child is three (3) years of age or older or has been placed by the Department for Community Based Services. Any period of time after a legal proceeding has been commenced by a parent seeking to regain custody of the child shall not be included in determining whether the child has resided with the person for the required minimum period.

(b) A person shall not be a de facto custodian until a court determines by clear and convincing evidence that the person meets the definition of de facto custodian established in paragraph (a) of this subsection. Once a court determines that a person meets the definition of de facto custodian, the court shall give the person the same standing in custody matters that is given to each parent under this section and KRS 403.280, 403.340, 403.350, *Section 12 of this Act*[~~403.420~~], and 405.020.

(2) The court shall determine custody in accordance with the best interests of the child and equal consideration shall be given to each parent and to any de facto custodian. The court shall consider all relevant factors including:

(a) The wishes of the child's parent or parents, and any de facto custodian, as to his custody;

(b) The wishes of the child as to his custodian;

(c) The interaction and interrelationship of the child with his parent or parents, his siblings, and any other person who may significantly affect the child's best interests;

(d) The child's adjustment to his home, school, and community;

(e) The mental and physical health of all individuals involved;

(f) Information, records, and evidence of domestic violence as defined in KRS 403.720;

(g) The extent to which the child has been cared for, nurtured, and supported by any de facto custodian;

(h) The intent of the parent or parents in placing the child with a de facto custodian; and

(i) The circumstances under which the child was placed or allowed to remain in the custody of a de facto custodian, including whether the parent now seeking custody was previously prevented from doing so as a result of domestic violence as defined in KRS 403.720 and whether the child was placed with a de facto custodian to allow the parent now seeking custody to seek employment, work, or attend school.

(3) The court shall not consider conduct of a proposed custodian that does not affect his relationship to the child. If domestic violence and abuse is alleged, the court shall determine the extent to which the domestic violence and abuse has affected the child and the child's relationship to both parents.

(4) The abandonment of the family residence by a custodial party shall not be considered where said party was physically harmed or was seriously threatened with physical harm by his or her spouse, when such harm or threat of harm was causally related to the abandonment.

(5) The court may grant joint custody to the child's parents, or to the child's parents and a de facto custodian, if it is in the best interest of the child.

(6) If the court grants custody to a de facto custodian, the de facto custodian shall have legal custody under the laws of the Commonwealth.

Section 43. KRS 403.280 is amended to read as follows:

(1) A party to a custody proceeding may move for a temporary custody order. The motion must be supported by an affidavit as provided in KRS 403.350. The court may award temporary custody under the standards of KRS 403.270 after a hearing, or, if there is no objection, solely on the basis of the affidavits.

(2) If a proceeding for dissolution of marriage or legal separation is dismissed, any temporary custody order is vacated unless a parent or the child's custodian moves that the proceeding continue as a custody proceeding and the court finds, after a hearing, that the circumstances of the parents and the best interests of the child require that a custody decree be issued.

(3) If a custody proceeding commenced in the absence of a petition for dissolution of marriage or legal separation under ***subsection (1)(a) or (1)(b) of Section 12 of this Act***[~~KRS 403.420(1)(a) or (b)~~] is dismissed, any temporary custody order is vacated.

(4) If a court determines by clear and convincing evidence that a person is a de facto custodian, the court shall join that person in the action, as a party needed for just adjudication under Rule 19 of the Kentucky Rules of Civil Procedure.

Section 44. KRS 403.740 is amended to read as follows:

(1) If, upon review of the petition, as provided for in KRS 403.735, the court determines that the allegations contained therein indicate the presence of an immediate and present danger of domestic violence and abuse, the court shall issue, upon proper motion, ex parte, an emergency protective order:

(a) Restraining the adverse party from any contact or communication with the petitioner except as directed by the court;

(b) Restraining the adverse party from committing further acts of domestic violence and abuse;

(c) Restraining the adverse party from disposing of or damaging any of the property of the parties;

(d) Directing the adverse party to vacate the residence shared by the parties to the action;

(e) Utilizing the criteria set forth in KRS 403.270, 403.320, and ***Section 12 of this Act***[~~403.420~~], grant temporary custody; or

(f) Enter other orders the court believes will be of assistance in eliminating future acts of domestic violence and abuse; or any combination thereof.

(2) Except as provided in KRS 403.036, if the court issues an emergency protective order pursuant to subsection (1) of this section, the court shall not order or refer the parties to mediation for resolution of the issues alleged in the petition filed pursuant to KRS 403.735.

(3) An emergency protective order issued in accordance with this section shall be issued without bond being required of the petitioner.

Motions, Petitions, and Communications

Representative Callahan moved the adoption of the following **HR 109**:

HR 109, A RESOLUTION supporting the electric generation acquisition plans of Cinergy's Union Light, Heat and Power Company.

WHEREAS, the Kentucky public service Commission has determined that the most cost-effective and reliable means of providing electric generation to the citizens of northern Kentucky within the service territory of Cinergy's Union Light, Heat and Power Company (Cinergy/ULH&P) is through utility-owned electric generation facilities; and

WHEREAS, Cinergy/ULH&P has initiated a plan to acquire 1105 megawatts of electric generation facilities from its parent, Cinergy's Cincinnati Gas and Electric Company (Cinergy/CG&E), at net book value, and to fully dedicate these facilities to serving the electric needs of its service territory; and

WHEREAS, these electric generating facilities include a 69% interest in the East Bend Station, a 648 megawatt coal-burning facility located in Rabbit Hash, Kentucky; Miami Fort Unit 6, a 168 megawatt coal-burning unit located on the Ohio River in North Bend, Ohio; and Woodsdale Station, a 490 megawatt dual-fuel natural gas/propane-fired facility located in Butler County, Ohio; and

WHEREAS, the electric generation facilities to be acquired have been developed to meet, in part, the electric supply needs of the customers of Northern Kentucky, and have continually served these needs since the facilities began operation; and

WHEREAS, Cinergy/ULH&P has proposed obtaining additional benefits associated with jointly dispatching its acquired generation along with the remaining generation facilities of Cinergy/CG&E, and making such benefits available to Northern Kentucky electric customers; and

WHEREAS, Cinergy/ULH&P has proposed to enter into an agreement with Cinergy/CG&E under which Cinergy/CG&E will provide back-up power in the event of outages to Cinergy/ULH&P's acquired generation facilities in order to ensure reliable electric supplies for Northern Kentucky customers; and

WHEREAS, the acquisition of the proposed generation facilities at net book value is significantly below the cost of constructing like facilities, and therefore effectively represents a discount to Northern Kentucky customers; and

WHEREAS, Cinergy/ULH&P has demonstrated that its generation acquisition plan is the least-cost alternative for meeting the long-term electric supply requirements of its customers; and

WHEREAS, Cinergy/ULH&P's generation acquisition plan continues the freeze on retail customer rates through December 31, 20006; and

WHEREAS, the Kentucky Public Service Commission has approved and supports Cinergy/ULH&P's proposal to acquire such generation facilities; and

WHEREAS, dedicated electric generation facilities provide for the highest level of reliability in providing electric supply to Cinergy/ULH&P's customers; and

WHEREAS, dedicated electric generation facilities support the Kentucky coal industry;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. The House of Representatives of the General Assembly of the Commonwealth of Kentucky formally supports Cinergy/ULH&P's acquisition of 1105 megawatts of electric generation facilities, its proposal to jointly dispatch this generation with that of Cinergy/CG&E, and its proposal to receive back-up power from Cinergy/CG&E.

Section 2. The House of Representatives of the General Assembly of the Commonwealth of Kentucky supports ULH&P's acquisition of the assets at net book value, which is significantly less than the cost of constructing like facilities, thus assuring the people of Kentucky first access to baseload coal-fired power produced at a state-of-the- art electric generation facility located in the commonwealth of Kentucky.

Section 3. The House of Representatives of the General Assembly of the Commonwealth of Kentucky urges the Federal Regulatory Commission and the Securities and Exchange Commission to grant all necessary approvals to effect Cinergy/ULH&P's generation acquisition plan without delay.

The fee for an updated card shall be four dollars ($4), with two dollars ($2) of the fee going to the cabinet and two dollars ($2) going to the Administrative Office of the Courts in the same manner as the fee for an initial card as described in this subsection. HJR 7, A JOINT RESOLUTION naming the Daniel Boone-Hal Rogers Parkway.

WHEREAS, Daniel Boone was responsible, perhaps more than any other individual, for the exploration and settlement of the State of Kentucky; and

WHEREAS, Daniel Boone's first encounter with the territory now known as Kentucky was in 1767 when he camped for the winter at Salt Spring near Prestonsburg; and

WHEREAS, on May 1, 1769, Boone and five other men traveled over the Cumberland Gap and established a camp at Station Camp Creek; and

WHEREAS, for approximately two years, Boone and his companions explored Kentucky as far west as the Falls of the Ohio near Louisville; and

WHEREAS, during his exploration Daniel Boone spent the winter of 1769-1770 in a cave on the waters of Shawanee in Mercer County and he carved his name in a tree near the cave that continues to stand today as a testament to Boone's visit; and

WHEREAS, in 1773 Daniel Boone again trekked through Kentucky and in 1774 he built a cabin in Harrodsburg; and

WHEREAS, it was on his trip to Kentucky in 1774 that Daniel Boone followed the Kentucky River to its mouth; and

WHEREAS, in 1775 Colonel Richard Henderson of the Translyvania Company hired Daniel Boone to serve as his agent, and on March 1 Boone once again came to the area he called the "Great Meadow" and with thirty settlers began to clear the path that would open Kentucky to the colonists -- a path Boone would name the "Wilderness Road"; and

WHEREAS, by April 1775 Daniel Boone and his party were establishing a stockade and fort at Boonesboro which led to a settlement that repealed repeated attacks during the American Revolution and eventually became a permanent village; and

WHEREAS, even though Daniel Boone and his beloved wife Rebecca were buried in Missouri, they were brought home to Kentucky twenty-five years after Boone's death to be reinterred in the Frankfort Cemetery; and

WHEREAS, Daniel and Rebecca Boone found their final peace resting on a bluff over looking the Kentucky River and the City of Frankfort, a bluff that is like the ones Boone climbed countless times and called a "high, far-seeing place", where he could see the land beyond; and

WHEREAS, the importance of Daniel Boone to the history, culture, and traditions of Kentucky cannot be emphasized enough, not only to past generations, but to present and future generations as well; and

WHEREAS, a national forest that encompasses a large portion of Kentucky is named in honor of Daniel Boone; and

WHEREAS, the legend of Daniel Boone has inspired national bestsellers, a hit television series, and several full-length movies; and

WHEREAS, the thirst of visitors from across the nation and the world to experience Daniel Boone's life and adventures fuels the tourism industry across the length and breadth of the Commonwealth; and

WHEREAS, in 1974 the state opened a vital transportation link for the southeastern part of the state and named the route the Daniel Boone Parkway, a sixty mile corridor that traverses remote, mountainous forest, not unlike the terrain Boone explored so long ago; and

WHEREAS, the Daniel Boone Parkway was one of four remaining parkways that levied tolls until early 2003 when U.S. Congressman Hal Rogers announced that he had obtained $13 million in federal funding to remove the tolls from both the Daniel Boone and Louie B. Nunn (Cumberland) Parkways; and

WHEREAS, there is complete consensus that removal of the tolls from the Daniel Boone and Louie B. Nunn (Cumberland) Parkways will serve as an unprecedented economic stimulus for the southern and eastern regions of the state; and

WHEREAS, even though other parkways in the state have been named to honor state and federal elected officials in addition to former Governor Louie B. Nunn, specifically the Julian Carroll (Purchase) Parkway, as well as former Governor and United States Senator Wendell Ford (Western Kentucky) Parkway, a controversial decision has been made administratively to totally rename the Daniel Boone Parkway the Harold Rogers Parkway, in honor of not only Congressman Roger's procurement of federal funds to remove tolls on the parkway, but for his dedicated service for over two decades of championing the causes of the region's citizens in Washington; and

WHEREAS, an incomparable statesman, Congressman Hal Rogers has been an invaluable asset to Kentucky and deserves to be honored and remembered for his life as a public servant; and

WHEREAS, while not wishing to impugn Congressman Rogers and his stellar career and service to Kentucky, citizens across the state have expressed outrage at removing all references to Daniel Boone on highway signs and maps; and

WHEREAS, a compromise would be for highway signs and maps to include both the name Daniel Boone Parkway and Hal Rogers Parkway, identical to how signage is handled for the Western Kentucky Parkway and Wendell Ford Parkway;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

HB 369, AN ACT relating to on-site sewage disposal system permits.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 211.350 is amended to read as follows:

(1) The cabinet shall regulate the construction, installation, or alteration of on-site sewage disposal systems except for systems that have a surface discharge.

(2) No person, firm, or corporation shall construct, install, alter, or cause to be constructed, installed, or altered, any on-site sewage disposal system subject to regulation by the cabinet without having first obtained an on-site sewage disposal permit from the local health department. In lieu of inspection and certification by the local health department a licensed professional engineer in private practice licensed by the Commonwealth of Kentucky may perform site evaluations and approve system designs for an on-site sewage disposal system for the person, firm, or corporation and apply for the permit from the local health department, ***which shall approve or deny the request for permit within fifteen (15) days of the submission of the request and shall provide to the applicant, in the event of denial, all necessary information relating to requirements for approval and permitting of an on-site sewage disposal septic or alternative system installation by the local health department, or by another agency, in the event that the on-site disposal system required will involve a surface discharge***. The final systems installation inspection shall be performed by the local health department ***within fifteen (15) days of the owner's request to the local health department for a final inspection***. All applicable provisions of KRS Chapter 322 shall govern the licensed professional engineer. A professional engineer shall not perform site evaluations, approve system designs, or certify system installations of an on-site sewage disposal system on property owned by himself, an employee, or a partner of an engineering firm by which he is employed, or on property owned by the engineering firm. Nothing in this section shall be construed to deny a farmstead owner the right to obtain a permit. Except for farmstead owners on their own property, the construction, installation, or alteration shall be performed only by a person certified by the cabinet pursuant to KRS 211.357.

(3) A local health department that issues a permit for an on-site sewage disposal system based on the site evaluation or system design of a licensed professional engineer in private practice licensed by the Commonwealth of Kentucky shall not be held liable for any defects or failures of the on-site sewage disposal system due to the site evaluation or system design.

(4) No person, firm, or corporation shall use or continue to use or permit the use or continued use of any on-site sewage disposal system that is constructed, installed, or altered under an on-site sewage disposal permit if the cabinet or local health department through a duly authorized inspector, employee, agent, or licensed professional engineer in private practice licensed by the Commonwealth of Kentucky finds that the system was not constructed, installed, or altered in conformance with the permit and regulations issued by the cabinet.

(5) No certified electrical inspector acting under authority of KRS 227.491 shall issue the certificates of approval of temporary or permanent electrical wiring unless the inspector has in his or her possession a notice of release as described in paragraphs (a) and (b) of this subsection. The inspector shall record the number of the notice of release on the certificate of approval. The person requesting approval of electrical wiring shall be responsible for obtaining the release from the local health department and providing it to the electrical inspector. This requirement shall only apply to dwellings, mobile homes, manufactured housing, buildings, or other structures that are constructed or installed after July 15, 1998. This requirement shall not apply to structures that do not have sewage waste fixtures or to those that are connected to a sewage waste disposal system approved by the Natural Resources and Environmental Protection Cabinet. Nothing in this section shall be construed to deny the continued use of any electrical service connected to wiring approved prior to July 15, 1998.

(a) An initial notice of release to allow temporary electrical power for construction shall be issued to the property owner or owner's agent by the local health department upon the application for a site evaluation. ***All such site evaluations shall be conducted within fifteen (15) days of the submission of the request, regardless of weather conditions, and in all cases shall include a perk test soil evaluation prior to any determination that an alternative on-site sewage disposal system is to be required. If the evaluation determines that an alternative on-site disposal system having a surface discharge is necessary, thus requiring permitting by the Natural Resources and Environmental Protection Cabinet, the local health department shall forward all permit application information and evaluation documentation to the Natural Resources and Environmental Protection Cabinet on behalf of the owner, and the Natural Resources and Environmental Protection Cabinet shall conduct a site evaluation and make recommendations for sewage disposal system plans within fifteen (15) days of receiving the permit and evaluation documents from the local health department.***

(b) A final notice of release to allow for permanent electrical power shall be issued to the property owner or owner's agent by the local health department upon approval of an on-site sewage disposal plan ***not requiring a surface discharge. An on-site sewage disposal plan not requiring a surface discharge shall be processed and reviewed, and shall be either approved or denied by the local health department within fifteen (15) days of its submission to the health department. Any alternative on-site sewage system plan containing plans for a surface discharge***

shall by approved or denied by the Natural Resources and Environmental Protection Cabinet within fifteen (15) days of its submission.

(c) This section shall not apply to any county that has adopted the Uniform State Building Code and has and enforces on-site sewage disposal permitting.

(6) All applications for on-site sewage disposal permits shall be accompanied by plans and specifications for the proposed system, including results of soils tests and other information as directed by the cabinet by regulation. If the site evaluation or approval of the system design is performed by a licensed professional engineer in private practice licensed by the Commonwealth of Kentucky, the application shall be accompanied by a statement by the engineer that he has met the requirements of the regulations issued by the cabinet for site evaluation and system design. Any action to deny an application shall be subject to appeal, and upon appeal an administrative hearing shall be conducted in accordance with KRS Chapter 13B.

(7) The cabinet shall fix a schedule of fees for the functions performed by the cabinet relating to the regulation of on-site sewage disposal systems. The fees shall be designed to fully cover the cost of the service performed but shall not exceed the cost of the service performed. Fees payable to the cabinet shall be paid into the State Treasury and credited to a trust and agency fund to be used by the cabinet in carrying out its responsibilities relating to the regulation of on-site sewage disposal systems. No part of the fund shall revert to the general fund of the Commonwealth.

(8) Any regulation relating to on-site sewage disposal that is in effect on July 15, 1992, shall remain in effect until altered by the secretary. The secretary may issue additional regulations necessary to carry out the purposes of this section.

(9) Nothing in this section shall authorize or allow the cabinet to inspect or take enforcement action against on-site sewage disposal systems installed on farmsteads prior to July 15, 1992, or modifications to those systems unless the actions are determined in writing by the cabinet, upon a written, verified complaint, to be necessary to prevent imminent harm or damage to the safety, life, or health of a person. In this instance, the cabinet shall deliver to the landowner a copy of the written determination and the verified complaint prior to the commencement of the inspection or enforcement action.

Section 2. KRS 211.380 is amended to read as follows:

If a proposed site fails to meet the criteria established by the cabinet for a septic tank system***, the owner shall be notified in writing within fifteen (15) days of the soil evaluation, and provided with information relating to an alternative on-site sewage system alternative that can be approved, and*** a permit shall be granted for an approved on-site sewage disposal system other than a septic tank, including modified subsurface systems, mechanical systems, and any other system appropriate to the individual characteristics of the site which will provide sewage treatment that meets established water quality criteria and health standards. ***In the event the alternative on-site sewage system will require a surface discharge, and thus the approval and permitting of an agency other than a local health department, the health department shall, within fifteen (15) days, submit, on behalf of the owner, all documentation regarding evaluation and possible alternatives to the appropriate agency for permit approval of on-site sewage systems with surface discharge.***

Section 3. KRS 318.134 is amended to read as follows:

(1) No person, firm, or corporation shall:

(a) Construct, install, or alter, or cause to be constructed, installed, or altered, any plumbing without first having procured a plumbing installation permit therefor from the department;

(b) Use or continue to use, or permit the use or continued use of, any plumbing constructed, installed, or altered under a plumbing installation permit issued therefor where the department through a duly authorized inspector, employee, or agent, finds that the plumbing was not constructed, installed, or altered in accordance with such permit and the Kentucky State Plumbing Code.

(2) All applications for plumbing installation permits shall be accompanied by plans and specifications of the proposed plumbing installation, location, and construction of the water supply system to be used. ***The department shall have fifteen (15) days from the date of submission to either approve or deny a permit for installation.*** If an on-site sewage disposal system that does not have a surface discharge is proposed, a valid on-site sewage disposal permit issued by the Cabinet for Health Services or its designated agent shall accompany the application.

(3) The department shall fix a reasonable schedule of fees and charges to be paid for plumbing installation permits and the necessary inspections incident thereto. The department shall also fix a reasonable schedule of fees and charges to be paid for necessary inspections of the construction, installation, or alteration of plumbing in public buildings.

Section 4. KRS 318.160 is amended to read as follows:

Except as otherwise provided by law or by regulation of the department, no person shall construct, install, or extensively alter any plumbing, sewerage, or water supply system of any public building or establishment without having first obtained the approval of the department in writing. Detailed plans and specifications of the proposed facility showing the plumbing system, sewage disposal system, and water supply system shall be submitted to the department prior to the construction or alteration of the facility. In the event no public sewer is available, the plan shall include the proposed type of sewage disposal system. In the event a sewage subsoil drainage system is used, or some other type of on-site sewage disposal system that does not have a surface discharge, the application for construction, installation, or alteration of such system shall be submitted to the Cabinet for Health Services or its designated agent. All other plans and specifications shall be submitted in triplicate to the department. The department shall notify the applicant in writing of the approval or disapproval of the plans ***within fifteen (15) days of their submission***. The construction, installation, or alteration shall be done in accordance with the approved plans.

The Committee Substitute to **HB 369** is as follows:

The House of Representatives of the Commonwealth of Kentucky hereby pays most ardent tribute to President Ronald Wilson Reagan upon the auspicious occasion of Ronald Reagan Day in this Commonwealth, a day which commemorates the birthday of one of this nation's most beloved and respected leaders. Elected to serve as President in 1980, President Reagan's election was the culmination of a lifetime of labor on behalf of the public good. A beloved entertainer for many years; respected Union leader and corporate spokesman; and, two-term Governor of California, this distinguished gentleman assumed office for the first time on January 20, 1981, and would go on to be re-elected in 1984, claiming victory in 49 of the 50 states in the general election, a record yet unsurpassed in any American presidential election. During his tenure in the Oval Office, he worked in a bipartisan manner to enact a bold agenda of restoring accountability and common sense to government, a monumental feat which led to unprecedented economic expansion and new opportunities for millions of Americans; maintained a steadfast commitment to an active social policy agenda for the nation's children which helped to lower crime and drug use across the country; remained committed to the United States Armed Forces which contributed to a renewed pride in America and prepared those forces to meet the impending challenges of the 21st century; and, brought to fruition his vision of "peace through strength," which led to the end of the Cold War and the ultimate demise of the Soviet Union, guaranteeing basic human rights for millions of people. Inasmuch as President Ronald Wilson Reagan made an indelible mark on this nation's history by his unwavering integrity and faith in this nation's infinite potential and by his lifelong commitment to seeing the advancement of all Americans, the members of this august body are deeply honored to join Representative Jeffrey Hoover in paying tribute to President Reagan on the occasion of his 93rd birthday and in extending to him best wishes for many future years of health and happiness. Section 6. KRS 100.193 is amended to read as follows:

No comprehensive plan shall be declared invalid by the Circuit Court unless the planning commission fails to perform the review according to the court's schedule or deadline. The procedure set forth in this section shall be the exclusive remedy for failure to perform the review.

(3) Within thirty (30) days after its adoption, amendment, or readoption by the planning commission, a copy of each element of the comprehensive plan shall be sent to public officials in adjacent cities, counties, and planning units, following the procedures provided in subsection (2) of KRS 100.193.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 75.040 is amended to read as follows:

(1) *(a)* Upon the creation of a fire protection district or a volunteer fire department district as provided in KRS 75.010 to 75.031, the trustees of a district are authorized to establish and operate a fire department and emergency ambulance service as provided in subsection (6) of this section and to levy a tax upon the property in the district, including that property within cities in a fire protection district or a volunteer fire department district, as provided by KRS 75.010(2) provided that the property is subject to county tax, and not exceeding ten cents ($0.10) per one hundred dollars ($100) of valuation as assessed for county taxes, for the purpose of defraying the expenses of the establishment, maintenance, and operation of the fire department or to make contracts for fire protection for the districts as provided in KRS 75.050. The rate set in this subsection shall apply, notwithstanding the provisions of KRS 132.023.

(b) A fire protection district or a volunteer fire department district that establishes and operates an emergency ambulance service and is the primary service provider in the district may levy a tax upon the property in the district not to exceed twenty cents ($0.20) per one hundred dollars ($100) of valuation as assessed for county taxes, for the purpose of defraying the expenses of the establishment, maintenance, and operation of the fire department and emergency ambulance service or to make contracts for fire protection for the districts as provided in KRS 75.050. The rate set in this subsection shall apply, notwithstanding the provisions of KRS 132.023.

(2) The establishment, maintenance, and operation of a fire protection district or volunteer fire department district shall include, but not be limited to, the following activities:

(a) Acquisition and maintenance of adequate fire protection facilities;

(b) Acquisition and maintenance of adequate firefighting equipment;

(c) Recruitment, training, and supervision of firefighters;

(d) Control and extinguishment of fires;

(e) Prevention of fires;

(f) Conducting fire safety activities;

(g) Payment of compensation to firefighters and providing the necessary support and supervisory personnel;

(i) The use of fire protection district equipment for activities which are for a public purpose and which do not materially diminish the value of the equipment.

(3) The property valuation administrator of the county or counties involved, with the cooperation of the board of trustees, shall note on the tax rolls the taxpayers and valuation of the property subject to such assessment. The county clerk shall compute the tax on the regular state and county tax bills in such manner as may be directed by regulation of the revenue cabinet.

(4) Such taxes shall be subject to the same delinquency date, discounts, penalties, and interest as are applied to the collection of ad valorem taxes and shall be collected by the sheriff of the county or counties involved and accounted for to the treasurer of the district. The sheriff shall be entitled to a fee of one percent (1%) of the amount collected by him.

(5) Nothing contained in this subsection shall be construed to prevent the trustees of a fire protection district located in a city or county which provides emergency ambulance service from using funds derived from taxes for the purpose of providing supplemental emergency medical services so long as the mayor of the city or the county judge/executive of the county, as appropriate, certifies to the trustees in writing that supplemental emergency medical services are reasonably required in the public interest. For the purposes of this subsection, "supplemental emergency medical services" may include EMT, EMT-D, and paramedic services rendered at the scene of an emergent accident or illness until an emergency ambulance can arrive at the scene.

(6) The trustees of those fire protection districts or volunteer fire department districts whose districts or portions thereof do not receive emergency ambulance services from an emergency ambulance service district or, whose districts are not being served by an emergency ambulance service operated or contracted by a city or county government, may develop, maintain, and operate or contract for an emergency ambulance service as part of any fire department created pursuant to this chapter. No taxes levied pursuant to subsection (1) of this section shall be used to develop, maintain, operate, or contract for an emergency ambulance service until the tax year following the year the trustees of the district authorize the establishment of

the emergency ambulance service.

Section 2. KRS 75.015 is amended to read as follows:

(1) A fire protection subdistrict may be formed according to the provisions of this section. A fire protection subdistrict shall:

(a) Be located within the territorial limits of a fire protection district or volunteer fire department district;

(b) Have a continuous boundary; and

(c) Be managed by the board of trustees of the district, which shall:

1. Impose an ad valorem tax on property in the subdistrict in addition to the ad valorem tax the board imposes on property in the district as a whole; and

2. Expend the revenue from that additional tax on improved fire protection facilities and services for the subdistrict.

(2) Persons desiring to form a fire protection subdistrict shall present a petition to the fiscal court clerk and to each member of the fiscal court. The petition shall be accompanied by a map and a metes and bounds description or other description which specifically identifies the boundaries of the proposed subdistrict. The petition shall be signed by more than sixty percent (60%) of the persons who both:

(a) Live within the proposed subdistrict; and

(b) Own property that is located within the proposed subdistrict and is subject to taxation by the district under KRS 75.040.

(3) The petition shall contain the name and address of each petitioner and the address of each petitioner's property that is located within the proposed subdistrict. It shall be in substantially the following form: "The following owners of property located within (insert the name of the fire protection district or volunteer fire department district) hereby petition the fiscal court to form a fire protection subdistrict located at (insert a brief description of the location of the proposed subdistrict). The board of trustees of (insert the name of the fire protection district or volunteer fire department district) shall have the authority to impose a special ad valorem tax of (insert amount, not to exceed the maximum allowed under subsection (6) of this section) on each one hundred dollars ($100) worth of property assessed for local taxation in the subdistrict, in order to provide enhanced fire protection for the subdistrict. This tax shall be in addition to the ad valorem tax imposed by the trustees on the district as a whole."

(4) Upon receipt of the petition, the fiscal court shall hold a hearing and provide notification in the manner required for creation of a taxing district under KRS 65.182(2) to (5). Following the hearing, the fiscal court shall set forth its written findings of fact and shall approve or disapprove the formation of the subdistrict. The creation of the subdistrict shall be of legal effect only upon the adoption of an ordinance in accordance with the provisions of KRS 67.075 to 67.077. A certified copy of the ordinance creating the subdistrict shall be filed with the county clerk.

(5) Upon the creation of a fire protection subdistrict, the trustees shall levy a tax, not to exceed the amount stated in the petition, on the property in the subdistrict, for the purpose of improving fire protection facilities and services in the subdistrict.

(6) The tax levied under this section, combined with the tax for fire and emergency services levied on the entire district under KRS 75.040, shall not exceed***:***

(a) Ten cents ($0.10) per one hundred dollars ($100) of valuation as assessed for county taxes ***if neither the fire district nor the fire subdistrict operate an emergency ambulance service under the provisions of Section 1 of this Act; or***

(b) Twenty cents ($0.20) per one hundred dollars ($100) of valuation as assessed for county taxes if either the fire district or fire subdistrict operates an emergency ambulance service under the provisions of Section 1 of this Act.

At no time shall the trustees increase either of these taxes so that the combined total exceeds this limit.

(7) The county clerk shall add the levy to the tax bills of the affected property owners. For taxing purposes, the effective date of the tax levy shall be January 1 of the year following the certification and creation of the subdistrict. The tax shall be administered in the same manner as the tax on the entire district under KRS 75.040(2) and (3).

(8) The board of trustees shall not reduce the tax rate imposed on property in the district as a whole as a result of receiving extra revenue from the additional tax on property in the subdistrict. The trustees shall expend the extra revenue solely on improving fire protection facilities and services in the subdistrict and shall not expend the extra revenue on facilities or services that are shared by the entire district.

(9) Fire subdistrict taxes shall be placed on the tax bill in a place separate from the bill of the fire district tax so that ratepayers can ascertain the amount of each tax and its rate.

(10) The sheriff shall separately account to the fire district for the funds collected for each subdistrict within the fire district.

(11) Fire districts shall maintain a separate accounting of all subdistrict funds, and if there is more than one (1) subdistrict, a separate accounting for each subdistrict.

HB 412, AN ACT relating to the merger of fire protection districts.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 75.020 is amended to read as follows:

(1) The territorial limits of an established fire protection district, or a volunteer fire department district, as established under KRS 75.010 to 75.080, may be enlarged or diminished in the following way: The trustees of the fire protection district or of the volunteer fire department district shall file a petition in the county clerk's office of the county in which that district and the territory to be annexed or stricken off, or the greater part thereof, is located, describing the territory to be annexed or stricken and setting out the reasons therefor. Notice of the filing of such petition shall be given by publication as provided for in KRS Chapter 424. On the day fixed in the notice, the county judge/executive shall, if the proper notice has been given, and the publication made, and no written objection or remonstrance is interposed enter an order annexing or striking off the territory described in the petition. Fifty-one percent (51%) or more of the freeholders of the territory sought to be annexed or stricken off may, at any time before the date fixed in the notice, remonstrate in writing, filed in the clerk's office, to the action proposed. If such written remonstrance ***is***[~~be~~] filed***, the***[~~ said~~] clerk shall promptly give notice to the trustees of the fire protection district, or of the volunteer fire department district, and the county judge/executive shall hear and determine the same. If upon such hearing, the county judge/executive finds from the evidence that a failure to annex or strike off such territory will materially retard the functioning of the fire protection district or the volunteer fire department district and materially affect adversely the owners and the inhabitants of the territory sought to be annexed or stricken off, he ***or she*** shall enter an order, granting the annexation or striking off the territory. In the latter event, no new petition to annex or strike off all or any part of the same territory shall be entertained for a period of two (2) years. Any aggrieved person may bring an action in Circuit Court to contest the decision of the county judge/executive.

(2) The property in any territory annexed to a fire protection district or to a volunteer fire department district shall not be liable to taxation for the purpose of paying any indebtedness incurred by the fire protection district or the volunteer fire department district prior to the date of the annexation of such territory, except such indebtedness as represents ***the*** balance owing on ***the*** purchase price of firefighting equipment. The property in any territory stricken off from a fire protection district or a volunteer fire department district by the incorporation of or annexation by a city of this Commonwealth shall not be relieved of liability of such taxes as may be necessary to pay its proportionate share of the indebtedness incurred while such territory was a part of that district. Territories stricken by action of the county judge/executive under the provisions of subsection (1) shall be relieved of liability for all indebtedness incurred by the fire protection district or the volunteer fire department district.

(3) Any city that maintains a "regular fire department," and has either by incorporation or annexation caused property to be stricken from a fire protection district or a volunteer fire department district, shall assume the liability of such taxes as may be necessary to pay the proportional share of the indebtedness incurred while such territory was a part of said district.

(4) The territorial limits of two (2) or more fire protection districts, or volunteer fire department districts, as established by KRS 75.010 to 75.080, may be merged into one (1) fire protection district or volunteer fire department district as follows:

(b) Notice of the filing of the petition shall be given by publication as provided in KRS Chapter 424 for public notices;

(c) On the day fixed in the notice, the county judge/executive shall, if proper notice by publication has been given, and no written objection or remonstrance has been made, enter an order merging the fire protection districts or volunteer fire department districts described in the petition;

(d) Fifty-one percent (51%) or more of the property owners of the territory sought to be merged into one (1) district may, at any time before the date fixed in the notice, remonstrate by written petition to the county clerk regarding their objection to the merger of the districts. If a petition is filed, the county clerk shall give prompt notice to the trustees of the fire protection districts or the volunteer fire protection districts and the county judge/executive;

(e) The county judge/executive shall schedule a hearing regarding the petition and shall give public notice as to the date, time, and place of the hearing. If after the hearing, the county judge/executive finds from the evidence that a failure to merge the territory will materially retard the functioning of the fire protection districts or volunteer fire department districts and materially affect adversely the owners and the inhabitants of the territory sought to be merged, he ***or she*** shall enter an order granting the merger of the districts into one (1) fire protection district or volunteer fire department district;

(f)[~~If a merger of districts occurs, no new petition to merge or change the territorial boundaries of the newly merged district shall be attempted for a period of two (2) years; and~~

~~(g)~~] Any aggrieved person may bring an action in Circuit Court to contest the decision of the county judge/executive regarding the merger fire protection districts or volunteer fire department districts.

(5) The property in any fire protection district or volunteer fire department district which is merged with another fire protection district or volunteer fire department district shall not be liable to taxation for the purpose of paying any indebtedness incurred by the other fire protection district or volunteer fire department district prior to the date of the merger into one (1) fire protection district, except indebtedness which represents a balance owed on the purchase price of firefighting equipment from the other fire protection district or volunteer fire department district.

Monthly payments shall not be suspended for a retired member who is reemployed if he anticipates that he will receive less than the maximum permissible earnings as provided by the Federal Social Security Act in compensation as a result of reemployment during the calendar year. The payments shall be suspended at the beginning of the month in which the reemployment occurs.

(2) Employer and employee contributions shall be made as provided in KRS 61.515 to 61.705 and 78.520 to 78.852 on the compensation paid during reemployment, except where monthly payments were not suspended as provided in subsection (1) of this section or would not increase the retired member's last monthly retirement allowance by at least one dollar ($1), and the member shall be credited with additional service credit.

(3) In the month following the termination of reemployment, retirement allowance payments shall be reinstated under the plan under which the member was receiving payments prior to reemployment.

(4) (a) Notwithstanding the provisions of this section, the payments suspended in accordance with subsection (1) of this section shall be paid retroactively to the retired member, or his estate, if he does not receive more than the maximum permissible earnings as provided by the Federal Social Security Act in compensation from participating agencies during any calendar year of reemployment;

(b) If the retired member is paid suspended payments retroactively in accordance with this section, employee contributions deducted during his period of reemployment, if any, shall be refunded to the retired employee, and no service credit shall be earned for the period of reemployment;

(c) If the retired member is not eligible to be paid suspended payments for his period of reemployment as an employee, his retirement allowance shall be recomputed under the plan under which the member was receiving payments prior to reemployment as follows:

(b) A retired member of the County Employees Retirement System who after initial retirement is hired by the county from which the member retired shall be considered to have been hired by the same employer.

(b) The job descriptions and statements of duties shall be filed with the retirement office.

(13) If the retirement system determines that the retired member has been employed in a position with the same principal duties as the position from which the member retired:

The salary schedule provides four (4) steps for yearly increments within each population group. County officers named in this section shall be paid according to the first step within their population group for the first year or portion thereof they serve in office. Thereafter, each officer, on January 1 of each subsequent year, shall be advanced automatically to the next step in the salary schedule until the maximum salary figure for the population group is reached. Prior to assuming office on the first Monday in January, 1999, or thereafter, any person assuming any of the offices for which the salary is determined

Effective July 1, 1991, no investment counselor shall manage more than forty percent (40%) of the funds of the retirement system. The board may appoint an investment committee consisting of the executive secretary and two (2) trustees to act for the board in all matters of investment, subject to the approval of the board of trustees. The board of trustees, in keeping with their responsibilities as trustees and wherever consistent with their fiduciary responsibilities, shall give priority to the investment of funds in obligations calculated to improve the industrial development and enhance the economic welfare of the Commonwealth. Toward this end, the board shall develop procedures for informing the business community of the potential for in-state investments by the retirement fund, accepting and evaluating applications for the in-state investment of funds, and working with members of the business community in executing in-state investments which are consistent with the board's fiduciary responsibilities. The board shall include in the criteria it uses to evaluate in-state investments their potential for creating new employment opportunities and adding to the total job pool in Kentucky. The board may cooperate with the board of trustees of Kentucky Retirement Systems in developing its program and procedures, and shall report to the Legislative Research Commission annually on its progress in placing in-state investments. The first report shall be submitted by October 1, 1991, and subsequent reports shall be submitted by October 1 of each year thereafter. The report shall include the number of applications for in-state investment received, the nature of the investments proposed, the amount requested, the amount invested, and the percentage of applications which resulted in investments.

(2) The board members and investment counselor shall discharge their duties with respect to the assets of the system solely in the interests of the active contributing members and annuitants and:

(a) For the exclusive purpose of providing benefits to members and annuitants and defraying reasonable expenses of administering the system;

(b) With the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent ***person***[~~man~~] acting in a like capacity and familiar with these matters would use in the conduct of an enterprise of a like character and with like aims;

(c) By diversifying the investments of the plan so as to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so; and

(d) In accordance with the laws, administrative regulations, and other instruments governing the system.

(3) (a) In choosing and contracting for professional investment management services the board must do so prudently and in the interest of the members and annuitants. Any contract that the board makes with an investment counselor shall set forth policies and guidelines of the board with reference to standard rating services and specific criteria for determining the quality of investments. Expenses directly related to investment management services shall be

financed from the guarantee fund in amounts approved by the board.

(b) An investment counselor appointed under this section shall acknowledge in writing his fiduciary responsibilities to the fund. To be eligible for appointment, an investment counselor must be:

1. Registered under the Federal Investment Advisors Act of 1940; or
2. A bank as defined by that Act; or
3. An insurance company qualified to perform investment services under the laws of more than one (1) state.

(4) No investment or disbursement of funds shall be made unless authorized by the board of trustees, except that the board, in order to ensure timely market transactions, shall establish investment guidelines, by administrative regulation, and may permit its staff and investment counselors employed pursuant to this section to execute purchases and sales of investment instruments within those guidelines without prior board approval.

Section 6. KRS 161.480 is amended to read as follows:

Each person, upon becoming a member of the retirement system, shall file a detailed statement as required by the board of trustees and shall designate a primary beneficiary ***or two (2) or more co-beneficiaries*** to receive any benefits accruing from the death of the member. A contingent beneficiary may be designated in addition to the primary beneficiary ***or co-beneficiaries. The member may name more than one (1) contingent beneficiary***. Any beneficiary designation made by the member shall remain in effect until changed by the member on forms prescribed by the Kentucky Teachers' Retirement System, except in the event of subsequent marriage or divorce. Subsequent marriage by the member shall void the primary beneficiary ***and any co-beneficiary*** designation and the spouse of the member at death shall be considered as the primary beneficiary, unless the member subsequent to marriage designates another beneficiary. A final divorce decree shall terminate an ex-spouse's status as either primary ***beneficiary, co-beneficiary,*** or contingent beneficiary, unless subsequent to divorce the member redesignates the former spouse as primary ***beneficiary, co-beneficiary,*** or contingent beneficiary. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of a member's contributions to the retirement system as provided under KRS 161.470(7)~~[and 161.650, and for receipt of the life insurance benefit provided under KRS 161.655]~~. ***A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust.*** The provisions of this section shall be retroactive as they relate to election of beneficiaries by members still in active status on the effective date of this section. ***The provisions of this section shall not apply to any account from which a member is drawing a retirement allowance or to the life insurance benefit available under Section 23 of this Act.***

Section 7. KRS 161.507 is amended to read as follows:

(1) An active contributing member of the Teachers' Retirement System may receive service credit for active service rendered in the uniformed services of the Armed Forces of the United States, including the commissioned corps of the Public Health Service, subject to the provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994 and to administrative regulations promulgated by the board of trustees. Military service includes service in the uniformed services that occurs before the employment of a member in a position covered by the retirement system or where a member leaves covered employment without giving advance written or verbal notice of performing duty in the uniformed services. Service in the uniformed services also includes uniformed service that occurs after employment in a position covered by the retirement system where the member has given advance written or verbal notice of performing duty in the uniformed services and the member returns directly from uniformed services to covered employment. Military service may be credited only if discharge was honorable or was not terminated upon the occurrence of any of the events listed in 38 U.S.C. sec. 4304. Service shall be considered as Kentucky teaching service, except that service may not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1) unless the service occurred after the member gave written or verbal notice of performing duty in the uniformed services and the member returned directly from uniformed services to covered employment. A maximum of six (6) years of military service may be credited, but in no case a greater number of years than the actual years of contributing service in Kentucky.

(2) No credit shall be granted for military service which has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds.

(3) A member having twenty (20) years or more of active duty in the military service, and who is qualified for regular federal retirement benefits based on this military service, may not receive credit for any military service in the Teachers' Retirement System. This subsection shall apply to service presented for credit on July 1, 1975, and after this date.

(4) (a) A member receiving retirement credit for active duty in the armed services of the United States prior to employment in a position covered by the retirement system or where the member leaves covered employment without giving advance written or verbal notice of performing duty in the uniformed services shall pay to the retirement system the full actuarial cost of the service credit purchased as provided under KRS 161.220(22).~~[Two percent (2%) of the required payment shall be allocated to the medical insurance fund.]~~ These contributions shall not be picked up, as described in KRS 161.540(2). In purchasing retirement credit for active duty in the armed services, the latest years of service shall be considered first in allowing credit toward retirement. The board of trustees shall adopt a table of actuarial factors to be used in calculating the amount of contribution required for crediting this service.

(b) If military service occurred after the member gave written or verbal notice of performing duty in the uniformed services and the member returns directly from uniformed services to covered employment, the member shall contribute the regular member contribution required by KRS 161.540. The member may make the payment of delayed contributions in a lump sum payment or in installments not to exceed five (5) years beginning with the member's date of reemployment. Interest at the rate of eight percent (8%) per annum shall be charged for delayed contributions beginning with the member's date of reemployment until paid.

(5) An active contributing member of the Teachers' Retirement System may receive service credit for service in the military reserves of the United States or the National Guard. The member may purchase one (1) month of service for each six (6) months of service in the reserves or the National Guard. Notwithstanding any other statute, regulation, or policy to the contrary, the system shall provide a member, upon request, the estimated actuarial cost of the National Guard or military reserves service purchase based upon the information available at the time of the request. The member shall be entitled to enter into a contract with the system at the time of the request to purchase the National Guard or military reserve service by paying to the system the estimated actuarial cost, either by installments or in lump sum. The member shall pay the full actuarial cost of this service in the military reserves or the National Guard as provided in KRS 161.220(22). Service in the military reserves or the National Guard shall be treated as service earned prior to participation in the system and shall not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1). The payment shall not be picked up by the employer, as described in KRS 161.540(2).

Section 8. KRS 161.515 is amended to read as follows:

(1) For the purposes of this section, "out-of-state service" shall mean service in any state in a comparable position ***on a full-time basis***, which would be covered if in Kentucky.

(2) (a) An active contributing member who has been a contributing member of the retirement system for at least one (1) full scholastic year subsequent to the latest out-of-state service, may present for credit service rendered out of state, not to exceed ten (10) years actually taught as a certified or licensed teacher. With the exception of university faculty members, all members who elect to purchase this service shall pay to the retirement system an amount equal to the current member contribution rate based on the first Kentucky salary of the member subsequent to the out-of-state service, provided this service was rendered after June 30, 1983. In the event this service was rendered prior to July 1, 1983, the contribution rate shall be seven and eighty-four hundredths percent (7.84%). University faculty members shall pay on a contribution rate of seven and eighty-four hundredths percent (7.84%) based on the first Kentucky salary subsequent to the out-of-state service, regardless of when the service was rendered. Members shall pay to the retirement system the employer contribution at the rates set forth in KRS 161.550. In addition, all members shall pay interest on the contributions for this service at a rate to be set by the board of trustees on each annual contribution from the last day of the scholastic year in which the service was rendered to date of payment to the retirement system. The payments shall not be picked up as described in KRS 161.540(2). For each year of which the retirement system shall accept the contribution and interest, one (1) year of service credit shall be given. This credit may not be used to meet the service requirements of KRS 161.525, 161.600, or 161.661, except as provided in subsection (2)(c) of this section. No credit shall be granted for service which has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds;

(b) A member of the retirement system having teaching service in the elementary or secondary schools operated by the United States overseas or in this country, or in a public college or university in Kentucky, not included in the Teachers' Retirement System of the State of Kentucky, may present this service for credit in the retirement system on the same basis as provided above for out-of-state service credit; however, no service may be presented which shall be used as a basis for retirement benefits in any program supported wholly or in part by a public institution or governmental agency. This service when added to service credited under subsection (2)(a) of this section shall not exceed a total of ten (10) years' service credit; and

(c) A member having service referred to in subsection (2)(a) or (2)(b) of this section may elect to use this service for meeting the requirements of KRS 161.600(1)(c) by making an additional contribution to the state accumulation fund equal to a member contribution rate of eight percent (8%) for each year so used. These payments shall not be picked up as described in KRS 161.540(2). The salary base to be used in determining this additional contribution shall be the final average salary which is used in calculating the member's regular retirement annuity.

(3) Members entering the Teachers' Retirement System for the first time, July 1, 1976, and after this date, shall not receive credit for service defined in subsections (2)(a) or (2)(b) of this section in excess of one (1) year of credit for each two (2) years of Kentucky service in a covered position or ten (10) years, whichever is the lesser number.

(4) A member, having completed service as a volunteer in the Kentucky Peace Corps created by KRS 154.01-720, may purchase service credit for the time served in the corps on the same basis as provided in this section for the purchase of out-of-state service credit. A member, having completed service as a federal Peace Corps volunteer, may purchase up to two (2) years of service credit for time served in the Peace Corps on the same basis as provided in this section for the purchase of out-of-state service credit.

(5) Notwithstanding any other provisions of this section to the contrary, purchase of service credit for out-of-state teaching, Kentucky Peace Corps, and federal Peace Corps service on July 1, 2005, or thereafter shall be purchasable only at full actuarial cost.

Section 9. KRS 161.520 is amended to read as follows:

Upon the death of an active contributing member or upon the death of a member retired for disability, except as provided in KRS 161.661(6), the survivors of the deceased member in the following named order, may elect to receive a survivor's benefit payable as follows:

(1) Where there is a surviving widow or widower who is named as ***the primary*** beneficiary of the member's retirement account, the benefit shall be:

  (a) One hundred eighty dollars ($180) per month with no restriction on other income;

  (b) Two hundred forty dollars ($240) per month when the surviving widow or widower's total income from all sources does not exceed six thousand six hundred dollars ($6,600) per year or five hundred fifty dollars ($550) per month; or

  (c) If the deceased member has a minimum of ten (10) years of service credit with the Teachers' Retirement System, the surviving widow or widower may apply for an annuity actuarially equivalent to the annuity that would have been paid to the deceased member when eligibility conditions were met. Eligibility for payments would begin at the time the age of the deceased member would have met the requirements of KRS 161.600(1). In exercising this right, the surviving widow or widower shall be entitled to receive an annuity for life, except as provided in subsection (6) of this section. This subsection applies to surviving spouses of members who die on or after July 1, 1978. A surviving widow or widower of a member who dies after July 1, 1978, shall be eligible for benefit payments provided under paragraphs (a) and (b) of this subsection until they begin receiving payments under this provision.

(2) Where there are surviving unmarried children under age eighteen (18) or under age nineteen (19) if a full-time student in high school, the benefit shall be two hundred dollars ($200) per month in the case of one (1) child, three hundred forty dollars ($340) per month in the case of two (2) children, four hundred dollars ($400) per month in the case of three (3) children, and four hundred forty dollars ($440) per month in the case of four (4) or more children. Benefits under this subsection shall apply in addition to benefits which may be payable under subsections (1) and (3) of this section.

(3) Where the survivor is a child age eighteen (18) or older whose mental or physical condition is sufficient to cause his dependency on the deceased member at the time of the member's death, the benefit shall be two hundred dollars ($200) per month, payable for the life of the child or until the time as the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection and subsection (2) of this section shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one (1) year prior to the death of the member. The mental or physical condition of the adult child shall be revealed by a competent examination by a licensed physician and shall be approved by a majority of a medical review committee as defined in KRS 161.661(13). Benefits under this subsection shall apply in addition to benefits which may be payable under subsections (1) and (2) of this section.

(4) Where the sole eligible survivors are dependent parents aged sixty-five (65) or over, the benefit shall be two hundred dollars ($200) per month for one (1) parent or two hundred ninety dollars ($290) per month for two (2) parents. Dependency of a parent shall be established as of the date of the death of the member.

(5) Where the sole eligible survivor is a dependent brother or sister, the benefit shall be one hundred sixty five dollars ($165) per month. In order to qualify the brother or sister must have been a resident of the deceased member's household for at least one (1) full year prior to the member's death or must have been receiving care in a hospital, nursing home, or other institution at the member's expense for same period.

(6) The benefit to a child as defined in subsection (2) of this section shall terminate upon the attainment of age eighteen (18) or upon reaching age nineteen (19), if a full-time student in high school, or upon marriage, except that benefits shall continue until the attainment of age twenty-three (23) for an unmarried child who is a full-time student in a recognized educational program beyond the high school level. The benefit to a widow, widower, dependent parent, or dependent brother or sister or dependent child age eighteen (18) or older shall terminate upon marriage, or upon termination of the condition creating the dependency.

(7) The board of trustees shall be the sole judge of eligibility or dependency of any beneficiary, and may require formal application or information relating to eligibility or dependency, including proof of annual income satisfactory to the board. The board of trustees may subpoena records and individuals whenever it deems this action necessary.

(8) No payment of benefits shall be made unless the board of trustees authorizes the payment. The board shall promulgate administrative regulations for the administration of the provisions in this section and in every case the decision of the board of trustees shall be final as to eligibility, dependency, or disability, and the amount of benefits payable.

(9) In the event that there are no eligible survivors as defined in subsections (1) to (5) of this section, the board of trustees shall pay to the estate or assigns of the deceased member a refund of his accumulated contributions as provided in KRS 161.470(7). If the benefits paid or payable under subsections (1) to (5) of this section and KRS 161.661 shall amount to a sum less than the member's accumulated contributions at the time of death, the board of trustees shall pay to the estate or assigns of the deceased member the balance of the accumulated contributions.

(10) Any person who is receiving benefits and becomes disqualified from receiving those benefits under this section shall immediately notify the Teachers' Retirement System of this disqualification in writing and shall return all benefits paid

after the date of disqualification. Failure to comply with these provisions shall create an indebtedness of that person to the Teachers' Retirement System. Interest at the rate of eight percent (8%) per annum shall be charged if the debt is not repaid within sixty (60) days after the date of disqualification. Failure to repay this debt creates a lien in favor of the Teachers' Retirement System upon all property of the person who improperly receives benefits and does not repay those benefits.

Section 10. KRS 161.525 is amended to read as follows:

(1) Upon death of a member in active contributing status at the time of death, who was eligible to retire by reason of service, the spouse, if named as ***the primary*** beneficiary of the member's retirement account, or in the absence of an eligible spouse a legal dependent of the member, if named as ***the primary*** beneficiary, shall be entitled to elect, in lieu of a refund of the member's account or benefits provided in KRS 161.520, an annuity actuarially equivalent at the attained age of the beneficiary to the annuity that would have been paid to the deceased member had retirement been effective on the day immediately preceding the member's death. Under the provisions of KRS 61.680, benefits shall be processed as if the member retired for service. In exercising this right the spouse or legal dependent shall be limited to selecting an option providing either a straight life annuity with refundable balance or a term certain option. A spouse may receive the annuity provided by this section at the same time as children are qualifying for survivors' benefits under the provisions of KRS 161.520; however, a legal dependent, other than a spouse, may not receive these payments if children have qualified for benefits under that section.

(2) A spouse[~~ or legal dependent~~] qualifying for an annuity under subsection (1) of this section may defer the payments in order to reduce the actuarial discounts to be applied due to age.

(3) Upon death of a member in active contributing status at the time of his death, who had a minimum of twenty-seven (27) years of service, the spouse, if named as the ***primary*** beneficiary of the member's account shall be entitled to a monthly minimum allowance of three hundred dollars ($300) as the basic straight life annuity. This provision applies to surviving spouses of members who were receiving benefit payments under KRS 161.520 as of June 30, 1986, and to surviving spouses of members who die on or after July 1, 1986.

Section 11. KRS 161.545 is amended to read as follows:

(1) Members may make contributions and receive service credit for substitute, part-time, or any service other than regular full-time teaching as provided in the administrative regulations of the board of trustees if contributions were not otherwise made as a result of the service. Members placed on leave of absence may make contributions and receive service credit for this leave only if contributions are made by the end of the fiscal year next succeeding the year in which the leave was effective as provided in administrative regulations promulgated by the board of trustees. Contributions permitted after August 1, 1982, shall not be picked-up pursuant to KRS 161.540(2).

(2) Active contributing members of the Teachers' Retirement System, or former members who are currently participating in a state-administered retirement system, who were granted leaves of absence since July 1, 1964, for reasons of health ***as defined under the Federal Family Medical Leave Act of 1993, 29 U.S.C. secs. 2601 et seq.***, child rearing, or to improve their educational qualifications, and did not qualify at the time of the leave of absence to make contributions to the retirement system for the leave of absence as provided in subsection (1) of this section, may obtain credit for the leave of absence under the following conditions:

   (a) The leave of absence shall be verified by a copy of the board of education minutes which granted the leave of absence ***or by other documentation that was generated contemporaneously with the leave that is determined by the retirement system to reasonably establish that a leave of absence was granted***; and

   (b) The member shall contribute the required percentage based on the salary received for the year immediately preceding the leave of absence plus interest at the rate of eight percent (8%) compounded annually from the beginning of the school year following the year of the leave of absence, and by depositing in the state accumulation fund an amount equal to this total.

   (c) The member shall receive credit for no more than two (2) years under the provisions of this subsection.

(3) Contributions permitted under this section after August 1, 1982, shall not be picked-up pursuant to KRS 161.540(2).

Section 12. KRS 161.550 is amended to read as follows:

(1) Beginning with July 1, each employer, except as provided under KRS 161.555, shall contribute annually to the retirement system a permanent amount equal to that contributed by members of the retirement system it employs plus an additional three and one-fourths percent (3.25%) of the total of salaries of members of the retirement system it employs to discharge the system's unfunded obligations with interest assumed by the state and to provide funding to the medical insurance fund as provided under KRS 161.420(5).

(2) In addition to the required contributions in subsection (1) of this section, each employer shall contribute annually to the retirement system a percentage of the total salaries of the members it employs to provide stabilization funding for the medical insurance fund. This contribution shall be known as the employer medical insurance fund stabilization contribution. The percentage to be contributed by the employer shall be determined by the retirement system's actuary for each biennial budget period that is necessary to continue providing medical insurance for the retirement system's eligible recipients. The percentage to be contributed by the employer may be suspended or adjusted by the General Assembly if in its judgment the welfare of the Commonwealth so demands.

(3) Each employer shall remit the required employer contributions to the retirement system under the terms and conditions specified for member contributions under KRS 161.560. The state shall provide annual appropriations based upon estimated funds needed to meet the requirements of KRS 161.155; 161.507(4); 161.515; 161.545; 161.553; 161.605; 161.612; and 161.620(1), (3), (5), (6), and (7). In the event an annual appropriation is less than the amount of these requirements, the state shall make up the deficit in the next biennium budget appropriation to the retirement system. Employer contributions to the retirement system are for the exclusive purpose of providing benefits to members and annuitants and these contributions shall be considered deferred compensation to the members.

Section 13. KRS 161.553 is amended to read as follows:

(1) The cost of providing statutory benefit improvements for annuitants may be funded by annual appropriations from the state on an actuarial amortized basis over the lifetime of the annuitants. The schedules in subsections (1)(a), (1)(b), and (1)(c) of this section are the annual appropriations which shall be made by the state for benefit improvements approved in the respective fiscal years or bienniums prior to July 1, *2006*[~~2004~~]:

(1) A member in active contributing status may purchase any service credit which the member is authorized to purchase by making installment payments in lieu of a lump-sum payment.

(2) To initiate an installment payment plan, a member shall make a written request to the retirement system for an estimate to purchase service credit by making installment payments.

(3) To qualify for installment payments, the ***total cost of the serviced purchase, including any chargeable interest,***[~~member contribution plus interest of eight percent (8%) per annum~~] shall exceed one thousand dollars ($1,000).

(4)[~~ A member may select the service credit to be purchased by installment payments and that service credit shall be purchased before any other credit may be purchased by installment payments.~~

~~(5)~~] Installment payments shall be at least fifty dollars ($50) per month and shall be made for a period of time which is not less than twelve (12) months nor more than sixty (60) months. ***Interest at eight percent (8%) per annum, unless the board specifies in an administrative regulation a different interest rate, shall be charged on all installment payment purchases of service credit that are purchasable at less than full actuarial cost.***

(5)[~~(6)~~] Installment payments shall be made on a monthly basis by payroll deduction or electronic fund transfer and forwarded separately to the Teachers' Retirement System on forms or by computer format not later than fifteen (15) days following the end of each month. The payments shall be considered accumulated contributions and shall not be picked up as provided in KRS 161.560***, except that subject to approval by the Internal Revenue Service and only as permitted by the Internal Revenue Code, installment payments by payroll deduction shall be made on a tax-deferred basis***.

(6)[~~(7)~~] A member may elect to terminate payroll deductions at any time and purchase the remaining service credit by lump-sum payment. A member on a leave of absence may make personal installment payments. Termination of employment in a covered position shall terminate installment payments. If the member is later employed by a different employer in a covered position, the member may request a new estimate and reinstate installment payments. A member that misses two (2) consecutive installment payments shall be in default. A member in default shall receive service credit on a pro rata basis for the total amount of contributions made by installment payments. A member in default may not reinstate installment payments for twelve (12) months from the date the member was in default.

(7)[~~(8)~~] If a member dies before completing scheduled installment payments, the named beneficiary of the member's retirement account may pay the remaining balance due by a lump-sum payment within thirty (30) days of the death of the member.

Section 15. KRS 161.600 is amended to read as follows:

(1) Effective July 1, 1988, a member of the retirement system may qualify for service retirement by meeting one (1) of the

following requirements:

(a) Attainment of age sixty (60) years and completion of five (5) years of Kentucky service;

(b) Attainment of age fifty-five (55) years and completion of a minimum of five (5) years of Kentucky service with an actuarial reduction of the basic allowance of five percent (5%) for each year the member's age is less than sixty (60) years or for each year the member's years of Kentucky service credit is less than twenty-seven (27), whichever is the lesser number;[~~ or~~]

(c) Completion of twenty-seven (27) years of Kentucky service. Out-of-state service earned in accordance with the provisions of KRS 161.515(2) may be used to meet this requirement***; or***

(d) Completion of the necessary years of service under provisions of KRS 61.559(2)(c) if the member is retiring under the reciprocity provisions of KRS 61.680. A member retiring under this paragraph who has not attained age fifty-five (55) shall incur an actuarial reduction of the basic allowance determined by the system's actuary for each year the member's service credit is less than twenty-seven (27).

(2) Any person who has been a member in Kentucky for twenty-seven (27) years or more and who withdraws from covered employment may continue to pay into the fund each year until the end of the fiscal year in which he reaches the age of sixty-five (65) years, the current contribution rate based on the annual compensation received during the member's last full year in covered employment, less any payment received for accrued sick leave or accrued leave from an employer. The member shall be entitled to receive a retirement allowance as provided in KRS 161.620 at any time after withdrawing from covered employment and payment of contributions under this subsection. No member shall make contributions as provided for in this subsection if the member is at the same time making contributions to another retirement system in Kentucky supported wholly or in part by public funds.

(3) Service credit in the Kentucky Employees Retirement System, the State Police Retirement System, the Legislators' Retirement Plan, the County Employees Retirement System, or the Judicial Retirement System may be used in meeting the service requirements of subsection (1)(a), (b), and (c) of this section, provided the service is subsequent to July 1, 1956. Upon death, disability, or service retirement, a member's accounts under all state supported retirement systems shall be consolidated, as provided by this section and by KRS 61.680, for the purpose of determining eligibility and amount of benefits, which shall include medical benefits. Upon determination of benefits, each system shall pay the applicable percentage of total benefits. The effective date of retirement under this subsection shall be determined by each retirement system for the portion of the payments that will be made.

(4) No retirement annuity shall be effective until written application and option election forms are filed with the retirement office in accordance with administrative regulations of the board of trustees.

(5) The surviving spouse of an active contributing member, if named as beneficiary of the member's account, may purchase retirement credit that the member was eligible to purchase prior to the member's death.

Section 16. KRS 161.605 is amended to read as follows:

Any member retired by reason of service may return to work in a position covered by the Kentucky Teachers' Retirement System and continue to receive his or her retirement allowance under the following conditions:

(1) Any member who is retired with thirty (30) or more years of service may return to work in a full-time or a part-time position covered by the Kentucky Teachers' Retirement System and earn up to a maximum of seventy-five percent (75%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is seventy-five percent (75%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, shall be considered. Members who were retired on or before June 30, 2002, shall be entitled to return to work under the provisions of this section as if they had retired with thirty (30) years of service. Service credit purchased under the provisions of KRS 161.5465 may not be used to meet the thirty (30) year requirement set forth in this subsection.

(2) Any member who is retired with less than thirty (30) years of service after June 30, 2002, may return to work in a full-time or part-time position covered by the Kentucky Teachers' Retirement System and earn up to a maximum of sixty-five percent (65%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is sixty-five percent (65%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, shall be considered.

(3) Reemployment of a retired member under subsection (1) or (2) of this section in a full-time teaching or nonteaching position in a local school district shall be permitted only if the employer certifies to the Kentucky Teachers' Retirement System that there are no other qualified applicants available to fill the teaching or nonteaching position. The employer may use any source considered reliable including but not limited to data provided by the Education Professional Standards Board and the Department of Education to determine whether other qualified applicants are available to fill the teaching or nonteaching position. The Kentucky Board of Education shall promulgate administrative regulations to establish procedures to determine whether other qualified applicants are available to fill a teaching or nonteaching position and, if not, for filling the position with a retired member who will then be permitted to return to work in that position under

subsection (1) or (2) of this section. The administrative regulations shall assure that a retired member shall not be hired in a teaching or nonteaching position by a local school district until the superintendent of the school district assures the Kentucky Teachers' Retirement System that every reasonable effort has been made to recruit other qualified applicants for the position on an annual basis.

(4) Under this section, an employer may employ full-time a number of retired members not to exceed ***three percent (3%)***[~~four percent (4%)~~] of the membership actively employed full-time by that employer. The board of trustees may reduce this ***three percent (3%)***[~~four percent (4%)~~] cap upon recommendation of the retirement system's actuary if a reduction is necessary to maintain the actuarial soundness of the retirement system. The board of trustees may increase the ***three percent (3%)***[~~four percent (4%)~~] cap upon a determination that an increase is warranted to help address a shortage in the number of available teachers and upon the determination of the retirement system's actuary that the proposed cap increase allows the actuarial soundness of the retirement system to be maintained. For purposes of this subsection, "full-time" means the same as defined by KRS 161.220(21). A local school district may exceed the quota established by this subsection by making an annual written request to the Kentucky Department of Education which the department may approve on a year-by-year basis if the statewide quota has not been met. ***A district's written request to exceed its quota shall be submitted no sooner than two (2) weeks after the start of the school year.***

(5) A member returning to work in a full-time or part-time position under subsection (1) or (2) of this section will ***contribute to an***[~~establish a second~~] account with the retirement system that will be administered independently from and with no reciprocal impact with the member's original retirement account. A member returning to work under subsection (1) or (2) of this section shall make contributions to the retirement system at the rate provided under KRS 161.540. The second account shall independently meet the five (5) year vesting requirement as well as all other conditions set forth in KRS 161.600(1) before any retirement allowance is payable from this account. The retirement allowance accruing under this second account shall be calculated pursuant to KRS 161.620(1)(b). This second account shall not entitle the member to a duplication of the benefits offered under KRS 161.655***, Section 19(7) of this Act,*** or 161.675, nor shall this second account provide the benefits offered by KRS 161.520, 161.525, 161.661, or 161.663. A member returning to work under subsection (1) or (2) of this section shall waive his or her medical insurance with the Kentucky Teachers' Retirement System during the period of reemployment and shall receive the medical insurance coverage that is generally provided by the member's active employer to the other members of the retirement system that the active employer employs. If medical insurance coverage is not available from the employer, the Kentucky Teachers' Retirement System may provide coverage for the member. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit for any service provided after the member's effective date of retirement but prior to the date that the member returns to work. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit that the member would have otherwise been eligible to purchase prior to the member's initial retirement. A member who returns to work under subsection (1) or (2) of this section, or in the event of the death of the member, the member's estate or applicably designated beneficiary, shall be entitled, within ninety (90) days of the posting of the annual report submitted by the employer, to a refund of contributions as permitted and limited by KRS 161.470.

(6) The board of trustees may annually ***on July 1*** adjust the ***current*** daily rate of a member's last annual compensation, for each[~~ year that the member has been retired for a~~] full twelve (12) month period ***that has elapsed subsequent to the member earning his or her last annual compensation***, by the percentage increase in the annual average of the consumer price index for all urban consumers for the calendar year preceding the adjustment as published by the Federal Bureau of Labor Statistics, not to exceed five percent (5%) annually. ***Each annual adjustment shall become part of the member's daily rate base.*** Failure to comply with the salary limitations set forth in subsections (1) and (2) of this section as may be adjusted by this subsection shall result in a reduction of the member's retirement allowance or any other benefit to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar that the member exceeds these salary limitations.

(7) ***(a)*** A retired member returning to work under subsection (1) or (2) of this section shall have separated from service for a period of at least one (1) year if returning to work for the same employer on a full-time basis, and at least three (3) months if returning to work for a different employer on a full-time basis. A retired member returning to work under subsection (1) or (2) of this section on a part-time basis shall have separated from service for a period of at least three (3) months before returning to work for any employer.

(b) As an alternative to the separation-from-service requirements in paragraph (a) of this subsection, a retired member who is returning to work for the same employer in a full-time position under subsections (1) and (2) of this section may elect a separation-from-service of not less than two (2) months followed by a forfeiture of the retired member's retirement allowance on a month-to-month basis for each month that the member has separated from service for less than twelve (12) full months. A retired member returning to work for the same employer in a part-time position, or for a different employer in a full-time position, may elect an alternative separation-from-service requirement of at least two (2) months followed by a forfeiture of the member's retirement allowance for one (1) month. During the period that the member forfeits his or her retirement allowance and thereafter, member and employer contributions shall be made to the retirement system as a result of employment in any position subject to membership in the retirement system. The member shall contribute to an account with the retirement system subject to the conditions set forth in subsection (5) of this section. For purposes of measuring the separation-from-service requirements set forth throughout this section,

a member's separation-from-service begins on the first day following the last day of paid employment for the member prior to retirement.

(c) Failure to comply with ***the***[~~these~~] separation-from-service requirements ***in this subsection*** voids a member's retirement and the member shall be required to return all the retirement benefits he or she received, with interest, for the period of time that the member returned to work without a sufficient separation from service.

(8) ***Effective July 1, 2004, local school districts may employ retired members in full-time or part-time teaching or administrative positions without limitation on the compensation of the retired members that is otherwise required by subsections (1) and (2) of this section. Under provisions of this subsection, a local school district may only employ retired members to fill critical shortage positions for which there are no other qualified applicants as determined by the local superintendent. The number of retired members that a local school district may employ under this subsection shall be no more than two (2) members per local school district or one percent (1%) of the total active members employed by the local school district on a full-time basis as defined under Section 1(21) of this Act, whichever number is greater. Retired members returning to work under this subsection shall be subject to the separation-from-service requirements set forth in subsection (7) of this section. Retired members returning to work under this subsection shall waive their medical insurance coverage with the retirement system during their period of reemployment and receive medical insurance coverage that is offered to other full-time members employed by the local school district. Retired members returning to work under this subsection shall contribute to an account subject to the conditions set forth in subsection (5) of this section. Retired members returning to work under this subsection shall make contributions to the retirement system at the rate provided under KRS 161.540. The employer shall make contributions at the rate provided under Section 12 of this Act. Local school districts shall make annual payments to the retirement system on the compensation paid to the reemployed retirees at the rates determined by the retirement system's actuary that reflect any accrued liability resulting from the reemployment of these members.***

(9) Members who retired on or before June 30, 2002, may, for the fiscal year concluding on June 30, 2007, be reemployed under the one hundred (100) day provisions of this section as they existed on June 30, 2002, except that members returning to work under those provisions shall make contributions to the Kentucky Teachers' Retirement System at the rate provided under KRS 161.540 and members' employers shall make contributions to the Kentucky Teachers' Retirement System at the rates specified under KRS 161.550. Those members returning to work under the one hundred (100) day provisions of this section as they existed on June 30, 2002, shall further waive their medical insurance coverage with the retirement system during the period of reemployment and will instead receive the medical insurance coverage generally provided by their active employer to other members of the retirement system that the active employer employs. If medical insurance coverage is not available from the employer, the Kentucky Teachers' Retirement System may provide coverage for the member. Notwithstanding any other statute to the contrary, retired members returning to work shall under no circumstances be permitted to purchase as service credit service provided under the one hundred (100) day provisions of this section as they existed on June 30, 2002. ***Any member who exceeds the one hundred (100) day limitation of this subsection shall be subject to having his or her retirement voided and be required to return all retirement allowances and other benefits paid to the member or on the member's behalf since the effective date of retirement. In lieu of voiding a member's retirement, the system may reduce the member's retirement allowance or any other benefits to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar of compensation that the member earns in employment exceeding one hundred (100) days.***

(10)[~~(9)~~] The return to work limitations set forth in this section and KRS 161.603 shall apply to retired members who are returning to work in the same position from which they retired, or a position substantially similar to the one from which they retired, or any position listed in KRS 161.220(4) which requires membership in the retirement system. Positions which generally require certification or graduation from a four (4) year college or university as a condition of employment which are created, or changed to remove the position from coverage under KRS 161.220(4) are also subject to the return to work limitations set forth in this section and KRS 161.603. The board of trustees shall determine whether employment in a nonteaching position is subject to this subsection.

(11)[~~(10)~~] The provisions of subsections (1) to *(9)*[~~(8)~~] of this section are not subject to KRS 161.714.

(12)[~~(11)~~] ***Retired members may be employed in a part-time teaching capacity by an agency described***[~~Members retired from an agency listed~~] in KRS 161.220(4)(b) or (n) [~~may be employed in a part-time teaching capacity by one (1) of the universities or community colleges participating in the Teachers' Retirement System~~], not to exceed the equivalent of twelve (12) teaching hours in any one (1) fiscal year. ***Retired*** members[~~ retired from an agency listed in KRS 161.220(4)(b) or (n)~~] may be employed for a period not to exceed the equivalent of one hundred (100) days in any one (1) fiscal year in a part-time administrative or nonteaching capacity by ***an agency described in Section 1(4)(b) or (n) of this Act***[~~one (1) of the universities or community colleges participating in the Teachers' Retirement System~~] in a position that would otherwise be covered by the retirement system.[~~ None of these members shall be subject to~~] The return to work provisions set forth in subsections (1) to *(9)*[~~(8)~~] of this section ***shall not apply to retired members who return to work solely for an agency described in Section 1(4)(b) or (n) of this Act***. Calculation of the number of days ***and teaching hours*** for part-time teaching, substitute teaching, or part-time employment in a nonteaching capacity under this section shall not exceed the ratio between a school year and the actual months of retirement for the member during that school year. The board of trustees by administrative regulation may establish fractional equivalents of a day of teaching service. ***Any member who exceeds the twelve (12) hour or one hundred (100) day limitations of this subsection shall be subject***

to having his or her retirement voided and be required to return all retirement allowances and other benefits paid to the member or on the member's behalf since the effective date of retirement. In lieu of voiding a member's retirement, the system may reduce the member's retirement allowance or any other benefit to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar of compensation that the member earns in employment exceeding twelve (12) hours, one hundred (100) days, or any apportionment of the two (2) combined.

(13)[~~(12)~~] When a retired member returns to employment in a part-time teaching capacity or in a nonteaching capacity as provided in subsection (11) of this section, the employer shall contribute annually to the retirement system on the compensation paid to the retired member at rates determined by the retirement system actuary that reflect accrued liability for retired members who return to work under subsection (11) of this section.

(14) For retired members who return to work during any one (1) fiscal year in both a position described in Section 1(4)(b) or (n) of this Act and in a position described under another provision under Section 1(4) of this Act, and for retired members who return to work in a position described under Section 1(4)(b) or (n) in both a teaching and an administrative or nonteaching capacity, the board of trustees shall adopt a methodology for a pro rata apportionment of days and hours that the retired member may work in each position.

Section 17. KRS 161.612 is amended to read as follows:

Effective July 1, 2002, any individual occupying a position on a part-time basis that requires certification or graduation from a four (4) year college or university as a condition of employment and any individual providing part-time or substitute teaching services that are the same or similar to those teaching services provided by certified, full-time teachers shall be a member of the Kentucky Teachers' Retirement System, according to the conditions set forth in this section, if the individual is employed by one (1) of the public boards, institutions, or agencies set forth in KRS 161.220*, excluding those public boards, institutions, and agencies described in Section 1(4)(b) and (n) of this Act*. Members providing part-time and substitute services shall participate in the retirement system as follows:

(1) Members providing part-time and substitute services shall accrue service credit as provided under KRS 161.500 and be entitled to a retirement allowance upon meeting the service retirement conditions of KRS 161.600. The board of trustees shall adopt a methodology for accrediting service credit to these members on a pro rata basis. The methodology adopted by the board of trustees may be amended as necessary to ensure its actuarial soundness. The retirement allowance for members providing part-time and substitute services shall be calculated pursuant to KRS 161.620. Members providing part-time and substitute services who meet the service retirement conditions of KRS 161.600 may also be eligible to participate as approved by the board of trustees in the medical insurance program provided by the retirement system under KRS 161.675. Members providing part-time and substitute services shall make contributions to the Kentucky Teachers' Retirement System at the rate provided under KRS 161.540. A member who provides part-time or substitute services, or in the event of the death of the member, the member's estate or applicably designated beneficiary, will be entitled, within ninety (90) days of the posting of the annual report submitted by the member's employer, to a refund of contributions as permitted and limited by KRS 161.470.

(2) The board of trustees shall adopt eligibility conditions under which members providing part-time and substitute services may participate in the benefits provided under KRS 161.520, *Section 23 of this Act*[~~161.555~~], 161.661, and 161.663. The board of trustees may adopt eligibility conditions under which members providing part-time or substitute services may participate in other benefits offered by the retirement system. All eligibility conditions adopted by the board of trustees pursuant to this subsection may be amended as necessary to ensure their actuarial soundness.

(3) In addition to the pro rata methodology adopted by the board of trustees under subsection (1) of this section, members providing part-time and substitute services shall be subject to all limitations and conditions regarding the accrual, retention, accreditation, and use of service credit that apply to members providing full-time services. In addition to the eligibility conditions set forth by the board of trustees under subsection (2) of this section, members providing part-time and substitute services shall be subject to all limitations and conditions regarding both the eligibility to participate and the extent of participation in any benefit offered under KRS 161.220 to 161.716 that apply to members providing full-time services.

(4) *Notwithstanding any other provisions of this section to the contrary, instructional assistants who provide teaching services in the local school districts on a full-time basis in positions covered by the County Employees Retirement System who are used as substitute teachers on an emergency basis for five (5) days or less during any one (1) fiscal year shall not be considered members of the Teachers' Retirement System during that period in which they are serving as substitute teachers for five (5) days or less.*

(5) The board of trustees may adopt a pro rata methodology to determine the annual compensation of members providing part-time and substitute services in order to determine benefits provided under KRS 161.661 and 161.663. Members providing part-time and substitute services who had retirement contributions posted to their accounts during the previous fiscal year and who have not had those contributions refunded to them are eligible to vote for the board of trustees.

(6) The board of trustees of the Teachers' Retirement System shall be responsible for final determination of membership eligibility and may direct employers to take whatever action that may be necessary to correct any error relating to membership.

(7)[~~(5)~~] The provisions of this section are not subject to KRS 161.714.

Section 18. KRS 161.614 is amended to read as follows:

A court order awarding additional back salary to or reinstating a member as a result of employment in a position covered by the Kentucky Teachers' Retirement System shall entitle the member to additional salary or service credit, or both, under the following circumstances:

(1) Members shall make contributions to the Kentucky Teachers' Retirement System at the rate set forth in KRS 161.540 and members' employers shall make contributions at the rate set forth in KRS 161.550, with interest accruing on all contributions at the rate of eight percent (8%) per annum from the end of each fiscal year that back salary or the reinstatement was ordered. Contributions, plus interest, shall be made for each year that back salary or reinstatement was ordered. No service or salary credit shall be credited to a member's account unless full contributions are paid to the Kentucky Teachers' Retirement System.

(2) The member may have court-ordered back salary credited to his or her account only to the extent that the member actually received payment for the back salary and only to the extent that the court-ordered back salary is within the salary scale that was available to the member in the covered position for the years that the back salary was awarded. Court-ordered back salary can be credited to the member's account only as permitted under KRS 161.220(9) and (10). ***The member may have court-ordered service credited to his or her account only after the retirement system has received the contributions and interest on the full compensation that would normally be earned in the position that is the subject of the litigation.***

(3) The member's employer ordered to pay back salary or to reinstate the member by a court of competent jurisdiction shall provide the retirement system with a breakdown of the back salary awarded to the member on a year-by-year basis.

(4) The calculations of the contributions and interest required to be paid for court-ordered back salary or reinstatement shall be provided by the retirement system to the member or the member's employer at the member's or employer's request. Requests for these calculations shall be made with at least two (2) weeks of advance notice to the retirement system to provide these calculations. The retirement system will calculate accrued interest as of the last day of the month during which payment of the full contributions are made.

(5) For purposes of this section, a settlement agreement that provides back salary or reinstatement, and is adopted by order or judgment of a court of competent jurisdiction or is referenced in an order dismissing the action as settled shall have the same effect as a court order adjudicating the matter. Orders entered by a government board or agency as a result of litigation conducted on an administrative hearing level shall be considered as court orders for the purposes of this section.

(6) Under no circumstances shall a member be entitled to service credit as a result of court-ordered reinstatement that is in violation of the provisions of KRS ***161.500***[~~161.550~~].

Section 19. KRS 161.620 is amended to read as follows:

(1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:

(a) For retirements effective July 1, 1998, and thereafter, except as otherwise provided by this section, the annual allowance for each year of service shall be two percent (2%) of the final average salary for service performed prior to July 1, 1983, and two and one-half percent (2.5%) of the final average salary for service performed after July 1, 1983, for all members not employed by a state college or university. The annual retirement allowance for each year of service performed by members of the Teachers' Retirement System who are members under the provisions of KRS 161.220(4)(b) or (n) shall be two percent (2%) of the final average salary. Actuarial discounts due to age or service credit at retirement may be applied as provided in this section; and

(b) For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2002, except those persons who become members under KRS 161.220(4)(b) or (n), and who upon retirement have earned less than ten (10) full years of service credit, the retirement allowance shall be two percent (2%) of the member's final average salary for each year of service. For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2002, except those persons who become members under KRS 161.220(4)(b) or (n), and who upon retirement have earned at least ten (10) full years of service credit, the annual allowance for each year of service shall be two and one-half percent (2.5%) of the member's final average salary.

(c) The board of trustees may approve for members who initially retire on or after July 1, 2004, except those persons who are members under KRS 161.220(4)(b) or (n), a retirement allowance of three percent (3%) of the member's final average salary for each year of service credit earned in excess of thirty (30) years. This three percent (3%) factor shall be in lieu of the two and one-half percent (2.5%) factor provided for in paragraph (b) of this subsection for every year or fraction of a year of service in excess of thirty (30) years. Upon approval of this three percent (3%) retirement factor, the board of trustees may establish conditions of eligibility regarding the type of service credit that will qualify for meeting the requirements of this subsection. This subsection is optional with the board of trustees and shall not be subject to KRS 161.714.

(d) The retirement allowance of a member at retirement***, as measured on a life annuity,*** shall not exceed the member's last ***yearly salary***[~~annual compensation~~] or the member's final average salary, whichever is the greater amount. ***For purposes of this section, "yearly salary" means the compensation earned by a member during the most recent***

period of contributing service, either consecutive or nonconsecutive, preceding the member's effective retirement date and shall be subject to the provisions of Section 1(9) and (10) of this Act.

(2) Effective July 1, 2002, and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option shall be increased in the amount of one and one-half percent (1.5%), provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase.

(3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than four hundred dollars ($400) effective July 1, 2002, and not less than four hundred forty dollars ($440) effective July 1, 2003, multiplied by the service credit years of the member. These minimums shall apply to the retired members receiving annuity payments and to those members retiring on or subsequent to the effective dates listed in this subsection.

(4) The minimum retirement allowance provided in this section shall apply in the case of members retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the member and his beneficiary or beneficiaries as provided in the duly-adopted option tables at the time of the member's retirement.

(5) Effective July 1, ***2004***[~~2002~~], the monthly allowance of each retired member and each recipient of a retirement option of the retired member may be increased in an amount not to exceed ***eight-tenths of one percent (0.8%)***[~~one and four-tenths percent (1.4%)~~] of the monthly allowance in effect the previous month, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase. The level of increase provided for in this subsection shall be determined by the funding provided in the 2002-2004 biennium budget appropriation.

(6) Effective July 1, ***2005***[~~2003~~], the monthly allowance of each retired member and each recipient of a retirement option of the retired member may be increased in an amount not to exceed ***seven-tenths of one percent (0.7%)***[~~one and one-half percent (1.5%)~~] of the monthly allowance in effect the previous month, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase. The level of increase provided for in this subsection shall be determined by the funding provided in the 2002-2004 biennium budget appropriation.

(7) Effective July 1, 1990, monthly payments of two hundred dollars ($200) shall be payable for the benefit of an adult child of a member retired for service when the child's mental or physical condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for the life of the child or until the time the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one (1) year prior to the death of the member. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

(8) Members of the Teachers' Retirement System shall be subject to the annuity income limitations imposed by Section 415 of the Internal Revenue Service Code.

(9) Compensation in excess of the limitations imposed by Section 401(a)(17) of the Internal Revenue Code shall not be used in determining a member's retirement annuity. Section 20. KRS 161.630 is amended to read as follows:

(1) A member, upon retirement, shall receive a retirement allowance in the form of a life annuity, with refundable balance, as provided in KRS 161.620, unless an election is made before the effective date of retirement to receive actuarially equivalent benefits under options which the board of trustees approves. No option shall provide for a benefit with an actuarial value at the age of retirement greater than that provided in KRS 161.620. This section does not apply to disability allowances as provided in KRS 161.661(1).

(2) The ***retirement***[~~benefit~~] option chosen by a retiree at the time of service retirement shall remain in force unless the retiree elects to make a change under the following conditions:

(a) A divorce, annulment, or marriage dissolution following retirement shall, at the election of the retiree, cancel any optional plan selected at retirement ***that provides***[~~to provide~~] continuing benefits to ***a spousal***[~~the~~] beneficiary and return the retiree to a single lifetime benefit equivalent as determined by the board; or

(b) Following marriage or remarriage, or the death~~[of a spouse, or the death]~~ of *the*~~[any other]~~ designated beneficiary, a retiree may elect a new optional plan of payment based on the actuarial equivalent of a single lifetime benefit at the time of the election, as determined by the board. The plan shall become effective the first of the month following receipt of an application on a form approved by the board.

(3) Except as otherwise provided in this section, a beneficiary designation shall not be changed after the effective date of retirement except for retirees who elect the~~[straight]~~ life annuity with refundable balance option or the predetermined years certain and life thereafter option.

(4) A member who experiences a qualifying event under subsection (2) of this section and who elects a new optional plan of payment shall make that election within sixty (60) days of the qualifying event.

Section 21. KRS 161.640 is amended to read as follows:

Retirement for a member receiving one (1) full year of service credit during a fiscal year shall be no earlier than July 1 next following the end of such fiscal year. *Notwithstanding any other statutory provisions to the contrary, members filling positions that customarily require twelve (12) months of service during a fiscal year cannot retire prior to July 1 without a corresponding pro rata reduction in salary and service credit. The board of trustees may determine which positions customarily require twelve (12) months of service during a fiscal year.*

(2) The board of trustees may enter into agreements with retired members for payroll deductions when it is deemed in the best interest of the retired members and the retirement system.

(3) All new retirees, on or after July 1, 1998, shall receive their monthly annuity checks by electronic fund transfer. All annuity and survivor monthly allowance payments shall be made by electronic fund transfer by December 31, 1998.

Section 22. KRS 161.650 is amended to read as follows:

(1) In the case of death of a member who has retired by reason of service or disability, any portion of the member's accumulated contributions, including member contributions to the state accumulation fund and regular interest to the date of retirement, that has not, and will not be paid as an allowance or benefit shall be paid to the member's beneficiary in such manner as the board of trustees elects.

(2) The member may designate a primary beneficiary or two (2) or more co-beneficiaries to receive any remaining accumulated member contributions payable under this section. A contingent beneficiary may be designated in addition to the primary beneficiary or the co-beneficiaries. The member may designate two (2) or more contingent beneficiaries. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of any remaining accumulated member contributions. Any beneficiary designation made by the member shall remain in effect until changed by the member on forms prescribed by the retirement system, except in the event of subsequent divorce. A final divorce decree shall terminate the beneficiary status of an ex-spouse, unless subsequent to divorce the member redesignates the former spouse as a beneficiary. A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust. In the event that the member fails to designate a beneficiary, any remaining accumulated member contributions shall be payable to the member's estate.

Section 23. KRS 161.655 is amended to read as follows:

(1) Effective July 1, 2000, the Teachers' Retirement System shall*:*

(a) Provide a life insurance benefit in a minimum amount of five thousand dollars ($5,000) for its members who are retired for service or disability. (2) The member may name one (1) primary and one (1) contingent beneficiary for receipt of the life insurance benefit. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of the life insurance benefit. Any beneficiary designation made by the member shall remain in effect until changed by the member on forms prescribed by the retirement system, except in the event of subsequent divorce. A final divorce decree shall terminate the beneficiary status of an ex-spouse, unless subsequent to divorce the member redesignates the former spouse as a beneficiary. A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust.

(3) Application for payment of life insurance proceeds shall be made to the Teachers' Retirement System together with acceptable evidence of death and eligibility. The reciprocal provisions of KRS 61.680(2)(a) shall not apply to the coverage and payment of proceeds by the life insurance benefit under this section.

(4)~~[(2)]~~ Suit or civil action shall not be required for the collection of the proceeds of the life insurance benefit provided for by this section, but nothing in this section shall prevent the maintenance of suit or civil action against the beneficiary or

legal representative receiving the proceeds of the life insurance benefit.

Section 24. KRS 161.680 is amended to read as follows:

If any change or error in a record results in any ***individual***~~[employee or beneficiary]~~ receiving from the retirement system more or less than ***the individual***~~[he]~~ was entitled to receive, the board of trustees shall, when the error is discovered, correct the error, and as far as practicable adjust the payments so that the actuarial equivalent of the benefit to which ***the individual***~~[he]~~ was entitled shall be paid.

Section 4. KRS 161.420 is amended to read as follows:

All of the assets of the retirement system are for the exclusive purpose of providing benefits to members and annuitants and defraying reasonable expenses of administering the system. The board of trustees shall be the trustee of all funds of the system and shall have full power and responsibility for administering the funds. It is hereby declared that the restrictions and rights provided herein shall not be subject to reduction or impairment by alteration, amendment, or repeal. All the assets of the retirement system shall be credited according to the purpose for which they are held to one (1) of the following funds:

(1) The expense fund shall consist of the funds set aside from year to year by the board of trustees to defray the expenses of the administration of the retirement system. Each fiscal year an amount not greater than four percent (4%) of the dividends and interest income earned from investments during the immediate past fiscal year shall be set aside into the expense fund or expended for the administration of the retirement system;

(2) The teachers' savings fund shall consist of the contributions paid by members of the retirement system into this fund and regular interest assigned by the board of trustees from the guarantee fund. A member may not borrow any amount of his or her accumulated contributions to this fund, or any interest earned thereon. The accumulated contributions of a member returned to him upon his withdrawal or paid to his estate or designated beneficiary in the event of his death shall be paid from the teachers' savings fund. Any accumulated contributions forfeited by a failure of a teacher or his estate to claim these contributions shall be transferred from the teachers' savings fund to the guarantee fund. The accumulated contributions of a member shall be transferred from the teachers' savings fund to the allowance reserve fund in the event of retirement by reason of service or disability;

(3) The state accumulation fund shall consist of funds appropriated by the state for the purpose of providing annuities ***and***[~~,~~] survivor benefits,[~~, and death benefits,~~] including any sums appropriated for meeting unfunded liabilities, together with regular interest assigned by the board of trustees from the guarantee fund. At the time of retirement or death of a member there shall be transferred from the state accumulation fund to the allowance reserve fund an amount which together with the sum transferred from the teachers' savings fund will be sufficient to provide the member a retirement allowance and provide for benefits under KRS 161.520 ***and***[~~,~~] 161.525[~~, and 161.655~~];

(4) The allowance reserve fund shall be the fund from which shall be paid all retirement allowances and benefits provided under KRS 161.520 ***and***[~~,~~] 161.525[~~, and 161.655~~]. In addition, whenever a change in the status of a member results in an obligation on this fund, there shall be transferred to this fund from the teachers' savings fund and the state accumulation fund, the amounts as may be held in those funds for the account or benefit of the member;

(5) The medical insurance fund shall consist of amounts accumulated for the purpose of providing benefits as provided in KRS 161.675. One and five tenths percent (1.5%) of the gross annual payroll of all members shall be deposited to this fund. One-half (1/2) of this amount shall derive from member contributions and one-half (1/2) from a state appropriation. The medical insurance fund shall receive all interest income from the investments of the fund. All claims for benefits under KRS 161.675 shall be paid from this fund. Any amounts not required to meet current costs shall be maintained as a reserve for these benefits;

(6) The guarantee fund shall be maintained to facilitate the crediting of uniform interest on the amounts of the other funds, except the expense fund, to finance operating expenses directly related to investment management services, and to provide a contingent fund out of which special requirements of any of the other funds may be covered. All income, interest, and dividends derived from the authorized deposits and investments shall be paid into the guarantee fund. Any funds received from gifts and bequests, which the board is hereby authorized to accept and expend without limitation in a manner either expressed by the donor or deemed to be in the best interest of the membership, shall be credited to the guarantee fund. Any funds transferred from the teachers' savings fund by reason of lack of claimant or because of a surplus in any fund and any other moneys whose disposition is not otherwise provided for, shall also be credited to the guarantee fund. The interest allowed by the board of trustees to each of the other funds shall be paid to these funds from the guarantee fund. Any deficit occurring in any fund that would not be automatically covered shall be met by the payments from the guarantee fund to that fund. The board of trustees may, at any time during a fiscal year, transfer from the guarantee fund to the medical insurance fund an amount not to exceed four percent (4%) of the income earned from investments during the immediate past year;

(7) The school employee annuity fund shall consist of those funds voluntarily contributed under the provisions of section 403(b) of the Internal Revenue Code by a retired member of the Teachers' Retirement System with accounts that existed on or after July 1, 1996. The contributions shall not be picked up as provided in KRS 161.540(2). Separate member accounts shall be maintained for each member. The board of trustees may promulgate administrative regulations pursuant to KRS Chapter 13A to manage this program;

(8) The supplemental retirement benefit fund shall consist of those funds contributed by the employer for the purpose of constituting a qualified government excess benefit plan as described in Section 415 of the Internal Revenue Code for accounts that existed on or after July 1, 1996. The board of trustees may promulgate administrative regulations pursuant to KRS Chapter 13A to administer this program; ***and***

(9)[~~The defined contribution fund shall consist of those funds contributed by retired members who have been approved by the retirement system for full-time reemployment in a position covered by the retirement system and contributions made by the employer for the purpose of providing separate retirement allowances for periods of reemployment. Separate member accounts shall be maintained for each member. The board of trustees may promulgate administrative regulations pursuant to KRS Chapter 13A to administer this program. The contributions shall not be picked up as provided in KRS 161.540(2); and~~

~~(10)~~] The life insurance benefit fund shall consist of amounts accumulated for the purpose of providing benefits provided under KRS 161.655. The board of trustees may allocate to this fund a percentage of the employer and state contributions as provided under KRS 161.550. The allocation to this fund will be in an amount that the actuary determines necessary to fund the obligation of providing the benefits provided under KRS 161.655.

Section 5. KRS 161.430 is amended to read as follows:

(1) The board of trustees shall be the trustee of the funds of the retirement system and shall have full power and responsibility for the purchase, sale, exchange, transfer, or other disposition of the investments and moneys of the retirement system. The board shall, by administrative regulation, establish investment policies and procedures to carry out their responsibilities. The board shall employ experienced competent investment counselors to advise it on all matters pertaining to investment, except the board may employ qualified investment personnel to advise it on investment matters not to exceed fifty percent (50%) of the book value of the system's assets. All individuals associated with the investment and management of retirement system assets, whether contracted investment advisors or staff employees, shall adhere to "The Code of Ethics" and "The Standards of Professional Conduct" promulgated by the Association for Investment Management and Research. Effective July 1, 1991, no investment counselor shall manage more than forty percent (40%) of the funds of the retirement system. The board may appoint an investment committee consisting of the executive secretary and two (2) trustees to act for the board in all matters of investment, subject to the approval of the board of trustees. The board of trustees, in keeping with their responsibilities as trustees and wherever consistent with their fiduciary responsibilities, shall give priority to the investment of funds in obligations calculated to improve the industrial development and enhance the economic welfare of the Commonwealth. Toward this end, the board shall develop procedures for informing the business community of the potential for in-state investments by the retirement fund, accepting and evaluating applications for the in-state investment of funds, and working with members of the business community in executing in-state investments which are consistent with the board's fiduciary responsibilities. The board shall include in the criteria it uses to evaluate in-state investments their potential for creating new employment opportunities and adding to the total job pool in Kentucky. The board may cooperate with the board of trustees of Kentucky Retirement Systems in developing its program and procedures, and shall report to the Legislative Research Commission annually on its progress in placing in-state investments. The first report shall be submitted by October 1, 1991, and subsequent reports shall be submitted by October 1 of each year thereafter. The report shall include the number of applications for in-state investment received, the nature of the investments proposed, the amount requested, the amount invested, and the percentage of applications which resulted in investments.

(2) The board members and investment counselor shall discharge their duties with respect to the assets of the system solely in

the interests of the active contributing members and annuitants and:

(a) For the exclusive purpose of providing benefits to members and annuitants and defraying reasonable expenses of administering the system;

(b) With the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent ***person***[~~man~~] acting in a like capacity and familiar with these matters would use in the conduct of an enterprise of a like character and with like aims;

(c) By diversifying the investments of the plan so as to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so; and

(d) In accordance with the laws, administrative regulations, and other instruments governing the system.

(3) (a) In choosing and contracting for professional investment management services the board must do so prudently and in the interest of the members and annuitants. Any contract that the board makes with an investment counselor shall set forth policies and guidelines of the board with reference to standard rating services and specific criteria for determining the quality of investments. Expenses directly related to investment management services shall be financed from the guarantee fund in amounts approved by the board.

(b) An investment counselor appointed under this section shall acknowledge in writing his fiduciary responsibilities to the fund. To be eligible for appointment, an investment counselor must be:

1. Registered under the Federal Investment Advisors Act of 1940; or
2. A bank as defined by that Act; or
3. An insurance company qualified to perform investment services under the laws of more than one (1) state.

(4) No investment or disbursement of funds shall be made unless authorized by the board of trustees, except that the board, in order to ensure timely market transactions, shall establish investment guidelines, by administrative regulation, and may permit its staff and investment counselors employed pursuant to this section to execute purchases and sales of investment instruments within those guidelines without prior board approval.

Section 6. KRS 161.480 is amended to read as follows:

Each person, upon becoming a member of the retirement system, shall file a detailed statement as required by the board of trustees and shall designate a primary beneficiary ***or two (2) or more co-beneficiaries*** to receive any benefits accruing from the death of the member. A contingent beneficiary may be designated in addition to the primary beneficiary ***or co-beneficiaries. The member may name more than one (1) contingent beneficiary***. Any beneficiary designation made by the member shall remain in effect until changed by the member on forms prescribed by the Kentucky Teachers' Retirement System, except in the event of subsequent marriage or divorce. Subsequent marriage by the member shall void the primary beneficiary ***and any co-beneficiary*** designation and the spouse of the member at death shall be considered as the primary beneficiary, unless the member subsequent to marriage designates another beneficiary. A final divorce decree shall terminate an ex-spouse's status as either primary ***beneficiary, co-beneficiary,*** or contingent beneficiary, unless subsequent to divorce the member redesignates the former spouse as primary ***beneficiary, co-beneficiary,*** or contingent beneficiary. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of a member's contributions to the retirement system as provided under KRS 161.470(7)[~~ and 161.650, and for receipt of the life insurance benefit provided under KRS 161.655~~]. ***A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust.*** The provisions of this section shall be retroactive as they relate to election of beneficiaries by members still in active status on the effective date of this section. ***The provisions of this section shall not apply to any account from which a member is drawing a retirement allowance or to the life insurance benefit available under Section 23 of this Act.***

Section 7. KRS 161.507 is amended to read as follows:

(1) An active contributing member of the Teachers' Retirement System may receive service credit for active service rendered in the uniformed services of the Armed Forces of the United States, including the commissioned corps of the Public Health Service, subject to the provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994 and to administrative regulations promulgated by the board of trustees. Military service includes service in the uniformed services that occurs before the employment of a member in a position covered by the retirement system or where a member leaves covered employment without giving advance written or verbal notice of performing duty in the uniformed services. Service in the uniformed services also includes uniformed service that occurs after employment in a position covered by the retirement system where the member has given advance written or verbal notice of performing duty in the uniformed services and the member returns directly from uniformed services to covered employment. Military service may be credited only if discharge was honorable or was not terminated upon the occurrence of any of the events listed in 38 U.S.C. sec. 4304. Service shall be considered as Kentucky teaching service, except that service may not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1) unless the service occurred after the member gave written or verbal notice of performing duty in the uniformed services and the member returned directly from uniformed services to covered employment. A maximum of six (6) years of military service may be credited, but in no case a greater number of years than the actual years of contributing service in Kentucky.

(2) No credit shall be granted for military service which has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds.

(3) A member having twenty (20) years or more of active duty in the military service, and who is qualified for regular federal retirement benefits based on this military service, may not receive credit for any military service in the Teachers' Retirement System. This subsection shall apply to service presented for credit on July 1, 1975, and after this date.

(4) (a) A member receiving retirement credit for active duty in the armed services of the United States prior to employment in a position covered by the retirement system or where the member leaves covered employment without giving advance written or verbal notice of performing duty in the uniformed services shall pay to the retirement system the full actuarial cost of the service credit purchased as provided under KRS 161.220(22).~~[Two percent (2%) of the required payment shall be allocated to the medical insurance fund.]~~ These contributions shall not be picked up, as described in KRS 161.540(2). In purchasing retirement credit for active duty in the armed services, the latest years of service shall be considered first in allowing credit toward retirement. The board of trustees shall adopt a table of actuarial factors to be used in calculating the amount of contribution required for crediting this service.

(b) If military service occurred after the member gave written or verbal notice of performing duty in the uniformed services and the member returns directly from uniformed services to covered employment, the member shall contribute the regular member contribution required by KRS 161.540. The member may make the payment of delayed contributions in a lump sum payment or in installments not to exceed five (5) years beginning with the member's date of reemployment. Interest at the rate of eight percent (8%) per annum shall be charged for delayed contributions beginning with the member's date of reemployment until paid.

(5) An active contributing member of the Teachers' Retirement System may receive service credit for service in the military reserves of the United States or the National Guard. The member may purchase one (1) month of service for each six (6) months of service in the reserves or the National Guard. Notwithstanding any other statute, regulation, or policy to the contrary, the system shall provide a member, upon request, the estimated actuarial cost of the National Guard or military reserves service purchase based upon the information available at the time of the request. The member shall be entitled to enter into a contract with the system at the time of the request to purchase the National Guard or military reserve service by paying to the system the estimated actuarial cost, either by installments or in lump sum. The member shall pay the full actuarial cost of this service in the military reserves or the National Guard as provided in KRS 161.220(22). Service in the military reserves or the National Guard shall be treated as service earned prior to participation in the system and shall not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1). The payment shall not be picked up by the employer, as described in KRS 161.540(2).

Section 8. KRS 161.515 is amended to read as follows:

(1) For the purposes of this section, "out-of-state service" shall mean service in any state in a comparable position ***on a full-time basis***, which would be covered if in Kentucky.

(2) (a) An active contributing member who has been a contributing member of the retirement system for at least one (1) full scholastic year subsequent to the latest out-of-state service, may present for credit service rendered out of state, not to exceed ten (10) years actually taught as a certified or licensed teacher. With the exception of university faculty members, all members who elect to purchase this service shall pay to the retirement system an amount equal to the current member contribution rate based on the first Kentucky salary of the member subsequent to the out-of-state service, provided this service was rendered after June 30, 1983. In the event this service was rendered prior to July 1, 1983, the contribution rate shall be seven and eighty-four hundredths percent (7.84%). University faculty members shall pay on a contribution rate of seven and eighty-four hundredths percent (7.84%) based on the first Kentucky salary subsequent to the out-of-state service, regardless of when the service was rendered. Members shall pay to the retirement system the employer contribution at the rates set forth in KRS 161.550. In addition, all members shall pay interest on the contributions for this service at a rate to be set by the board of trustees on each annual contribution from the last day of the scholastic year in which the service was rendered to date of payment to the retirement system. The payments shall not be picked up as described in KRS 161.540(2). For each year of which the retirement system shall accept the contribution and interest, one (1) year of service credit shall be given. This credit may not be used to meet the service requirements of KRS 161.525, 161.600, or 161.661, except as provided in subsection (2)(c) of this section. No credit shall be granted for service which has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds;

(b) A member of the retirement system having teaching service in the elementary or secondary schools operated by the United States overseas or in this country, or in a public college or university in Kentucky, not included in the Teachers' Retirement System of the State of Kentucky, may present this service for credit in the retirement system on the same basis as provided above for out-of-state service credit; however, no service may be presented which shall be used as a basis for retirement benefits in any program supported wholly or in part by a public institution or governmental agency. This service when added to service credited under subsection (2)(a) of this section shall not exceed a total of ten (10) years' service credit; and

(c) A member having service referred to in subsection (2)(a) or (2)(b) of this section may elect to use this service for meeting the requirements of KRS 161.600(1)(c) by making an additional contribution to the state accumulation fund equal to a member contribution rate of eight percent (8%) for each year so used. These payments shall not be picked up as described in KRS 161.540(2). The salary base to be used in determining this additional contribution shall be the final average salary which is used in calculating the member's regular retirement annuity.

(3) Members entering the Teachers' Retirement System for the first time, July 1, 1976, and after this date, shall not receive credit for service defined in subsections (2)(a) or (2)(b) of this section in excess of one (1) year of credit for each two (2) years of Kentucky service in a covered position or ten (10) years, whichever is the lesser number.

(4) A member, having completed service as a volunteer in the Kentucky Peace Corps created by KRS 154.01-720, may purchase service credit for the time served in the corps on the same basis as provided in this section for the purchase of out-of-state service credit. A member, having completed service as a federal Peace Corps volunteer, may purchase up to two (2) years of service credit for time served in the Peace Corps on the same basis as provided in this section for the purchase of out-of-state service credit.

(5) Notwithstanding any other provisions of this section to the contrary, purchase of service credit for out-of-state teaching, Kentucky Peace Corps, and federal Peace Corps service on July 1, 2005, or thereafter shall be purchasable only at full actuarial cost.

Section 9. KRS 161.520 is amended to read as follows:

Upon the death of an active contributing member or upon the death of a member retired for disability, except as provided in KRS 161.661(6), the survivors of the deceased member in the following named order, may elect to receive a survivor's benefit payable as follows:

(1) Where there is a surviving widow or widower who is named as *the primary* beneficiary of the member's retirement account, the benefit shall be:

(a) One hundred eighty dollars ($180) per month with no restriction on other income;

(b) Two hundred forty dollars ($240) per month when the surviving widow or widower's total income from all sources does not exceed six thousand six hundred dollars ($6,600) per year or five hundred fifty dollars ($550) per month; or

(c) If the deceased member has a minimum of ten (10) years of service credit with the Teachers' Retirement System, the surviving widow or widower may apply for an annuity actuarially equivalent to the annuity that would have been paid to the deceased member when eligibility conditions were met. Eligibility for payments would begin at the time the age of the deceased member would have met the requirements of KRS 161.600(1). In exercising this right, the surviving widow or widower shall be entitled to receive an annuity for life, except as provided in subsection (6) of this section. This subsection applies to surviving spouses of members who die on or after July 1, 1978. A surviving widow or widower of a member who dies after July 1, 1978, shall be eligible for benefit payments provided under paragraphs (a) and (b) of this subsection until they begin receiving payments under this provision.

(2) Where there are surviving unmarried children under age eighteen (18) or under age nineteen (19) if a full-time student in high school, the benefit shall be two hundred dollars ($200) per month in the case of one (1) child, three hundred forty dollars ($340) per month in the case of two (2) children, four hundred dollars ($400) per month in the case of three (3) children, and four hundred forty dollars ($440) per month in the case of four (4) or more children. Benefits under this subsection shall apply in addition to benefits which may be payable under subsections (1) and (3) of this section.

(3) Where the survivor is a child age eighteen (18) or older whose mental or physical condition is sufficient to cause his dependency on the deceased member at the time of the member's death, the benefit shall be two hundred dollars ($200) per month, payable for the life of the child or until the time as the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection and subsection (2) of this section shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one (1) year prior to the death of the member. The mental or physical condition of the adult child shall be revealed by a competent examination by a licensed physician and shall be approved by a majority of a medical review committee as defined in KRS 161.661(13). Benefits under this subsection shall apply in addition to benefits which may be payable under subsections (1) and (2) of this section.

(4) Where the sole eligible survivors are dependent parents aged sixty-five (65) or over, the benefit shall be two hundred dollars ($200) per month for one (1) parent or two hundred ninety dollars ($290) per month for two (2) parents. Dependency of a parent shall be established as of the date of the death of the member.

(5) Where the sole eligible survivor is a dependent brother or sister, the benefit shall be one hundred sixty five dollars ($165) per month. In order to qualify the brother or sister must have been a resident of the deceased member's household for at least one (1) full year prior to the member's death or must have been receiving care in a hospital, nursing home, or other institution at the member's expense for same period.

(6) The benefit to a child as defined in subsection (2) of this section shall terminate upon the attainment of age eighteen (18) or upon reaching age nineteen (19), if a full-time student in high school, or upon marriage, except that benefits shall continue until the attainment of age twenty-three (23) for an unmarried child who is a full-time student in a recognized educational program beyond the high school level. The benefit to a widow, widower, dependent parent, or dependent brother or sister or dependent child age eighteen (18) or older shall terminate upon marriage, or upon termination of the condition creating the dependency.

(7) The board of trustees shall be the sole judge of eligibility or dependency of any beneficiary, and may require formal application or information relating to eligibility or dependency, including proof of annual income satisfactory to the board. The board of trustees may subpoena records and individuals whenever it deems this action necessary.

(8) No payment of benefits shall be made unless the board of trustees authorizes the payment. The board shall promulgate administrative regulations for the administration of the provisions in this section and in every case the decision of the board of trustees shall be final as to eligibility, dependency, or disability, and the amount of benefits payable.

(9) In the event that there are no eligible survivors as defined in subsections (1) to (5) of this section, the board of trustees shall pay to the estate or assigns of the deceased member a refund of his accumulated contributions as provided in KRS 161.470(7). If the benefits paid or payable under subsections (1) to (5) of this section and KRS 161.661 shall amount to a sum less than the member's accumulated contributions at the time of death, the board of trustees shall pay to the estate or assigns of the deceased member the balance of the accumulated contributions.

(10) Any person who is receiving benefits and becomes disqualified from receiving those benefits under this section shall immediately notify the Teachers' Retirement System of this disqualification in writing and shall return all benefits paid after the date of disqualification. Failure to comply with these provisions shall create an indebtedness of that person to the Teachers' Retirement System. Interest at the rate of eight percent (8%) per annum shall be charged if the debt is not repaid within sixty (60) days after the date of disqualification. Failure to repay this debt creates a lien in favor of the Teachers' Retirement System upon all property of the person who improperly receives benefits and does not repay those benefits.

Section 10. KRS 161.525 is amended to read as follows:

(1) Upon death of a member in active contributing status at the time of death, who was eligible to retire by reason of service, the spouse, if named as ***the primary*** beneficiary of the member's retirement account, or in the absence of an eligible spouse a legal dependent of the member, if named as ***the primary*** beneficiary, shall be entitled to elect, in lieu of a refund of the member's account or benefits provided in KRS 161.520, an annuity actuarially equivalent at the attained age of the beneficiary to the annuity that would have been paid to the deceased member had retirement been effective on the day immediately preceding the member's death. Under the provisions of KRS 61.680, benefits shall be processed as if the member retired for service. In exercising this right the spouse or legal dependent shall be limited to selecting an option providing either a straight life annuity with refundable balance or a term certain option. A spouse may receive the annuity provided by this section at the same time as children are qualifying for survivors' benefits under the provisions of KRS 161.520; however, a legal dependent, other than a spouse, may not receive these payments if children have qualified for benefits under that section.

(2) A spouse~~[or legal dependent]~~ qualifying for an annuity under subsection (1) of this section may defer the payments in order to reduce the actuarial discounts to be applied due to age.

(3) Upon death of a member in active contributing status at the time of his death, who had a minimum of twenty-seven (27) years of service, the spouse, if named as the ***primary*** beneficiary of the member's account shall be entitled to a monthly minimum allowance of three hundred dollars ($300) as the basic straight life annuity. This provision applies to surviving spouses of members who were receiving benefit payments under KRS 161.520 as of June 30, 1986, and to surviving spouses of members who die on or after July 1, 1986.

Section 11. KRS 161.545 is amended to read as follows:

(1) Members may make contributions and receive service credit for substitute, part-time, or any service other than regular full-time teaching as provided in the administrative regulations of the board of trustees if contributions were not otherwise made as a result of the service. Members placed on leave of absence may make contributions and receive service credit for this leave only if contributions are made by the end of the fiscal year next succeeding the year in which the leave was effective as provided in administrative regulations promulgated by the board of trustees. Contributions permitted after August 1, 1982, shall not be picked-up pursuant to KRS 161.540(2).

(2) Active contributing members of the Teachers' Retirement System, or former members who are currently participating in a state-administered retirement system, who were granted leaves of absence since July 1, 1964, for reasons of health ***as defined under the Federal Family Medical Leave Act of 1993, 29 U.S.C. secs. 2601 et seq.***, child rearing, or to improve their educational qualifications, and did not qualify at the time of the leave of absence to make contributions to the retirement system for the leave of absence as provided in subsection (1) of this section, may obtain credit for the leave of absence under the following conditions:

  (a) The leave of absence shall be verified by a copy of the board of education minutes which granted the leave of absence ***or by other documentation that was generated contemporaneously with the leave that is determined by the retirement system to reasonably establish that a leave of absence was granted***; and

  (b) The member shall contribute the required percentage based on the salary received for the year immediately preceding the leave of absence plus interest at the rate of eight percent (8%) compounded annually from the beginning of the school year following the year of the leave of absence, and by depositing in the state accumulation fund an amount equal to this total.

  (c) The member shall receive credit for no more than two (2) years under the provisions of this subsection.

(3) Contributions permitted under this section after August 1, 1982, shall not be picked-up pursuant to KRS 161.540(2).

Section 12. KRS 161.550 is amended to read as follows:

(1) Beginning with July 1, each employer, except as provided under KRS 161.555, shall contribute annually to the retirement system a permanent amount equal to that contributed by members of the retirement system it employs plus an additional three and one-fourths percent (3.25%) of the total of salaries of members of the retirement system it employs to discharge the system's unfunded obligations with interest assumed by the state and to provide funding to the medical insurance fund as provided under KRS 161.420(5).

(2) In addition to the required contributions in subsection (1) of this section, each employer shall contribute annually to the retirement system a percentage of the total salaries of the members it employs to provide stabilization funding for the medical insurance fund. This contribution shall be known as the employer medical insurance fund stabilization contribution. The percentage to be contributed by the employer shall be determined by the retirement system's actuary for each biennial budget period. The percentage to be contributed by the employer may be suspended or adjusted by the General Assembly if in its judgment the welfare of the Commonwealth so demands.

(3) Each employer shall remit the required employer contributions to the retirement system under the terms and conditions specified for member contributions under KRS 161.560. The state shall provide annual appropriations based upon estimated funds needed to meet the requirements of KRS 161.155; 161.507(4); 161.515; 161.545; 161.553; 161.605; 161.612; and 161.620(1), (3), (5), (6), and (7). In the event an annual appropriation is less than the amount of these requirements, the state shall make up the deficit in the next biennium budget appropriation to the retirement system. Employer contributions to the retirement system are for the exclusive purpose of providing benefits to members and annuitants and these contributions shall be considered deferred compensation to the members.

Section 13. KRS 161.553 is amended to read as follows:

(1) The cost of providing statutory benefit improvements for annuitants may be funded by annual appropriations from the state on an actuarial amortized basis over the lifetime of the annuitants. The schedules in subsections (1)(a), (1)(b), and (1)(c) of this section are the annual appropriations which shall be made by the state for benefit improvements approved in the respective fiscal years or bienniums prior to July 1, ***2006***[~~2004~~]:

Section 14. KRS 161.597 is amended to read as follows:

(1) A member in active contributing status may purchase any service credit which the member is authorized to purchase by making installment payments in lieu of a lump-sum payment.

(2) To initiate an installment payment plan, a member shall make a written request to the retirement system for an estimate to purchase service credit by making installment payments.

(3) To qualify for installment payments, the *total cost of the service purchase, including any chargeable interest,*[~~member contribution plus interest of eight percent (8%) per annum~~] shall exceed one thousand dollars ($1,000).

(4)[~~A member may select the service credit to be purchased by installment payments and that service credit shall be purchased before any other credit may be purchased by installment payments.~~

~~(5)~~] Installment payments shall be at least fifty dollars ($50) per month and shall be made for a period of time which is not less than twelve (12) months nor more than sixty (60) months. *Interest at eight percent (8%) per annum, unless the board specifies in an administrative regulation a different interest rate, shall be charged on all installment payment purchases of service credit that are purchasable at less than full actuarial cost.*

(5)[~~(6)~~] Installment payments shall be made on a monthly basis by payroll deduction or electronic fund transfer and forwarded separately to the Teachers' Retirement System on forms or by computer format not later than fifteen (15) days following the end of each month. The payments shall be considered accumulated contributions and shall not be picked up as provided in KRS 161.560*, except that subject to approval by the Internal Revenue Service and only as permitted by the Internal Revenue Code, installment payments by payroll deduction shall be made on a tax-deferred basis*.

(6)[~~(7)~~] A member may elect to terminate payroll deductions at any time and purchase the remaining service credit by lump-sum payment. A member on a leave of absence may make personal installment payments. Termination of employment in a covered position shall terminate installment payments. If the member is later employed by a different employer in a covered position, the member may request a new estimate and reinstate installment payments. A member that misses two (2) consecutive installment payments shall be in default. A member in default shall receive service credit on a pro rata basis for the total amount of contributions made by installment payments. A member in default may not reinstate installment payments for twelve (12) months from the date the member was in default.

(7)[~~(8)~~] If a member dies before completing scheduled installment payments, the named beneficiary of the member's retirement account may pay the remaining balance due by a lump-sum payment within thirty (30) days of the death of the member.

Section 15. KRS 161.600 is amended to read as follows:

(1) Effective July 1, 1988, a member of the retirement system may qualify for service retirement by meeting one (1) of the following requirements:

(a) Attainment of age sixty (60) years and completion of five (5) years of Kentucky service;

(b) Attainment of age fifty-five (55) years and completion of a minimum of five (5) years of Kentucky service with an actuarial reduction of the basic allowance of five percent (5%) for each year the member's age is less than sixty (60) years or for each year the member's years of Kentucky service credit is less than twenty-seven (27), whichever is the lesser number;[~~ or~~]

(c) Completion of twenty-seven (27) years of Kentucky service. Out-of-state service earned in accordance with the provisions of KRS 161.515(2) may be used to meet this requirement***; or***

(d) Completion of the necessary years of service under provisions of KRS 61.559(2)(c) if the member is retiring under the reciprocity provisions of KRS 61.680. A member retiring under this paragraph who has not attained age fifty-five (55) shall incur an actuarial reduction of the basic allowance determined by the system's actuary for each year the member's service credit is less than twenty-seven (27).

(2) Any person who has been a member in Kentucky for twenty-seven (27) years or more and who withdraws from covered employment may continue to pay into the fund each year until the end of the fiscal year in which he reaches the age of sixty-five (65) years, the current contribution rate based on the annual compensation received during the member's last full year in covered employment, less any payment received for accrued sick leave or accrued leave from an employer. The member shall be entitled to receive a retirement allowance as provided in KRS 161.620 at any time after withdrawing from covered employment and payment of contributions under this subsection. No member shall make contributions as provided for in this subsection if the member is at the same time making contributions to another retirement system in Kentucky supported wholly or in part by public funds.

(3) Service credit in the Kentucky Employees Retirement System, the State Police Retirement System, the Legislators' Retirement Plan, the County Employees Retirement System, or the Judicial Retirement System may be used in meeting the service requirements of subsection (1)(a), (b), and (c) of this section, provided the service is subsequent to July 1, 1956. Upon death, disability, or service retirement, a member's accounts under all state supported retirement systems shall be consolidated, as provided by this section and by KRS 61.680, for the purpose of determining eligibility and amount of benefits, which shall include medical benefits. Upon determination of benefits, each system shall pay the applicable percentage of total benefits. The effective date of retirement under this subsection shall be determined by each retirement system for the portion of the payments that will be made.

(4) No retirement annuity shall be effective until written application and option election forms are filed with the retirement office in accordance with administrative regulations of the board of trustees.

(5) The surviving spouse of an active contributing member, if named as beneficiary of the member's account, may purchase retirement credit that the member was eligible to purchase prior to the member's death.

Section 16. KRS 161.605 is amended to read as follows:

Any member retired by reason of service may return to work in a position covered by the Kentucky Teachers' Retirement System and continue to receive his or her retirement allowance under the following conditions:

(1) Any member who is retired with thirty (30) or more years of service may return to work in a full-time or a part-time position covered by the Kentucky Teachers' Retirement System and earn up to a maximum of seventy-five percent (75%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is seventy-five percent (75%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, shall be considered. Members who were retired on or before June 30, 2002, shall be entitled to return to work under the provisions of this section as if they had retired with thirty (30) years of service. Service credit purchased under the provisions of KRS 161.5465 may not be used to meet the thirty (30) year requirement set forth in this subsection.

(2) Any member who is retired with less than thirty (30) years of service after June 30, 2002, may return to work in a full-time or part-time position covered by the Kentucky Teachers' Retirement System and earn up to a maximum of sixty-five

percent (65%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is sixty-five percent (65%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, shall be considered.

(3) Reemployment of a retired member under subsection (1) or (2) of this section in a full-time teaching or nonteaching position in a local school district shall be permitted only if the employer certifies to the Kentucky Teachers' Retirement System that there are no other qualified applicants available to fill the teaching or nonteaching position. The employer may use any source considered reliable including but not limited to data provided by the Education Professional Standards Board and the Department of Education to determine whether other qualified applicants are available to fill the teaching or nonteaching position. The Kentucky Board of Education shall promulgate administrative regulations to establish procedures to determine whether other qualified applicants are available to fill a teaching or nonteaching position and, if not, for filling the position with a retired member who will then be permitted to return to work in that position under subsection (1) or (2) of this section. The administrative regulations shall assure that a retired member shall not be hired in a teaching or nonteaching position by a local school district until the superintendent of the school district assures the Kentucky Teachers' Retirement System that every reasonable effort has been made to recruit other qualified applicants for the position on an annual basis.

(4) Under this section, an employer may employ full-time a number of retired members not to exceed ***three percent (3%)***[~~four percent (4%)~~] of the membership actively employed full-time by that employer. The board of trustees may reduce this ***three percent (3%)***[~~four percent (4%)~~] cap upon recommendation of the retirement system's actuary if a reduction is necessary to maintain the actuarial soundness of the retirement system. The board of trustees may increase the ***three percent (3%)***[~~four percent (4%)~~] cap upon a determination that an increase is warranted to help address a shortage in the number of available teachers and upon the determination of the retirement system's actuary that the proposed cap increase allows the actuarial soundness of the retirement system to be maintained. For purposes of this subsection, "full-time" means the same as defined by KRS 161.220(21). A local school district may exceed the quota established by this subsection by making an annual written request to the Kentucky Department of Education which the department may approve on a year-by-year basis if the statewide quota has not been met. ***A district's written request to exceed its quota shall be submitted no sooner than two (2) weeks after the start of the school year.***

(5) A member returning to work in a full-time or part-time position under subsection (1) or (2) of this section will ***contribute to an***[~~establish a second~~] account with the retirement system that will be administered independently from and with no reciprocal impact with the member's original retirement account. A member returning to work under subsection (1) or (2) of this section shall make contributions to the retirement system at the rate provided under KRS 161.540. The second account shall independently meet the five (5) year vesting requirement as well as all other conditions set forth in KRS 161.600(1) before any retirement allowance is payable from this account. The retirement allowance accruing under this second account shall be calculated pursuant to KRS 161.620(1)(b). This second account shall not entitle the member to a duplication of the benefits offered under KRS 161.655***, Section 19(7) of this Act,*** or 161.675, nor shall this second account provide the benefits offered by KRS 161.520, 161.525, 161.661, or 161.663. A member returning to work under subsection (1) or (2) of this section shall waive his or her medical insurance with the Kentucky Teachers' Retirement System during the period of reemployment and shall receive the medical insurance coverage that is generally provided by the member's active employer to the other members of the retirement system that the active employer employs. If medical insurance coverage is not available from the employer, the Kentucky Teachers' Retirement System may provide coverage for the member. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit for any service provided after the member's effective date of retirement but prior to the date that the member returns to work. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit that the member would have otherwise been eligible to purchase prior to the member's initial retirement. A member who returns to work under subsection (1) or (2) of this section, or in the event of the death of the member, the member's estate or applicably designated beneficiary, shall be entitled, within ninety (90) days of the posting of the annual report submitted by the employer, to a refund of contributions as permitted and limited by KRS 161.470.

(6) The board of trustees may annually ***on July 1*** adjust the ***current*** daily rate of a member's last annual compensation, for each[~~ year that the member has been retired for a~~] full twelve (12) month period ***that has elapsed subsequent to the member earning his or her last annual compensation***, by the percentage increase in the annual average of the consumer price index for all urban consumers for the calendar year preceding the adjustment as published by the Federal Bureau of Labor Statistics, not to exceed five percent (5%) annually. ***Each annual adjustment shall become part of the member's daily rate base.*** Failure to comply with the salary limitations set forth in subsections (1) and (2) of this section as may be adjusted by this subsection shall result in a reduction of the member's retirement allowance or any other benefit to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar that the member exceeds these salary limitations.

(7) ***(a)*** A retired member returning to work under subsection (1) or (2) of this section shall have separated from service for a period of at least one (1) year if returning to work for the same employer on a full-time basis, and at least three (3) months if returning to work for a different employer on a full-time basis. A retired member returning to work under subsection (1) or (2) of this section on a part-time basis shall have separated from service for a period of at

least three (3) months before returning to work for any employer.

(b) As an alternative to the separation-from-service requirements in paragraph (a) of this subsection, a retired member who is returning to work for the same employer in a full-time position under subsections (1) and (2) of this section may elect a separation-from-service of not less than two (2) months followed by a forfeiture of the retired member's retirement allowance on a month-to-month basis for each month that the member has separated from service for less than twelve (12) full months. A retired member returning to work for the same employer in a part-time position, or for a different employer in a full-time position, may elect an alternative separation-from-service requirement of at least two (2) months followed by a forfeiture of the member's retirement allowance for one (1) month. During the period that the member forfeits his or her retirement allowance and thereafter, member and employer contributions shall be made to the retirement system as a result of employment in any position subject to membership in the retirement system. The member shall contribute to an account with the retirement system subject to the conditions set forth in subsection (5) of this section. For purposes of measuring the separation-from-service requirements set forth throughout this section, a member's separation-from-service begins on the first day following the last day of paid employment for the member prior to retirement.

(c) Failure to comply with *the*[~~these~~] separation-from-service requirements *in this subsection* voids a member's retirement and the member shall be required to return all the retirement benefits he or she received, with interest, for the period of time that the member returned to work without a sufficient separation from service.

(8) *Effective July 1, 2004, local school districts may employ retired members in full-time or part-time teaching or administrative positions without limitation on the compensation of the retired members that is otherwise required by subsections (1) and (2) of this section. Under provisions of this subsection, a local school district may only employ retired members to fill critical shortage positions for which there are no other qualified applicants as determined by the local superintendent. The number of retired members that a local school district may employ under this subsection shall be no more than two (2) members per local school district or one percent (1%) of the total active members employed by the local school district on a full-time basis as defined under Section 1(21) of this Act, whichever number is greater. Retired members returning to work under this subsection shall be subject to the separation-from-service requirements set forth in subsection (7) of this section. Retired members returning to work under this subsection shall waive their medical insurance coverage with the retirement system during their period of reemployment and receive medical insurance coverage that is offered to other full-time members employed by the local school district. Retired members returning to work under this subsection shall contribute to an account subject to the conditions set forth in subsection (5) of this section. Retired members returning to work under this subsection shall make contributions to the retirement system at the rate provided under KRS 161.540. The employer shall make contributions at the rate provided under Section 12 of this Act. Local school districts shall make annual payments to the retirement system on the compensation paid to the reemployed retirees at the rates determined by the retirement system's actuary that reflect any accrued liability resulting from the reemployment of these members.*

(9) Members who retired on or before June 30, 2002, may, for the fiscal year concluding on June 30, 2007, be reemployed under the one hundred (100) day provisions of this section as they existed on June 30, 2002, except that members returning to work under those provisions shall make contributions to the Kentucky Teachers' Retirement System at the rate provided under KRS 161.540 and members' employers shall make contributions to the Kentucky Teachers' Retirement System at the rates specified under KRS 161.550. Those members returning to work under the one hundred (100) day provisions of this section as they existed on June 30, 2002, shall further waive their medical insurance coverage with the retirement system during the period of reemployment and will instead receive the medical insurance coverage generally provided by their active employer to other members of the retirement system that the active employer employs. If medical insurance coverage is not available from the employer, the Kentucky Teachers' Retirement System may provide coverage for the member. Notwithstanding any other statute to the contrary, retired members returning to work shall under no circumstances be permitted to purchase as service credit service provided under the one hundred (100) day provisions of this section as they existed on June 30, 2002. *Any member who exceeds the one hundred (100) day limitation of this subsection shall be subject to having his or her retirement voided and be required to return all retirement allowances and other benefits paid to the member or on the member's behalf since the effective date of retirement. In lieu of voiding a member's retirement, the system may reduce the member's retirement allowance or any other benefits to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar of compensation that the member earns in employment exceeding one hundred (100) days.*

(10)[~~(9)~~] The return to work limitations set forth in this section and KRS 161.603 shall apply to retired members who are returning to work in the same position from which they retired, or a position substantially similar to the one from which they retired, or any position listed in KRS 161.220(4) which requires membership in the retirement system. Positions which generally require certification or graduation from a four (4) year college or university as a condition of employment which are created, or changed to remove the position from coverage under KRS 161.220(4) are also subject to the return to work limitations set forth in this section and KRS 161.603. The board of trustees shall determine whether employment in a nonteaching position is subject to this subsection.

(11)[~~(10)~~] The provisions of subsections (1) to *(9)*[~~(8)~~] of this section are not subject to KRS 161.714.

(12)[~~(11)~~] ***Retired members may be employed in a part-time teaching capacity by an agency described***[~~Members retired from an agency listed~~] in KRS 161.220(4)(b) or (n) [~~may be employed in a part-time teaching capacity by one (1) of the universities or community colleges participating in the Teachers' Retirement System~~], not to exceed the equivalent of twelve (12) teaching hours in any one (1) fiscal year. ***Retired*** members[~~ retired from an agency listed in KRS 161.220(4)(b) or (n)~~] may be employed for a period not to exceed the equivalent of one hundred (100) days in any one (1) fiscal year in a part-time administrative or nonteaching capacity by ***an agency described in Section 1(4)(b) or (n) of this Act***[~~one (1) of the universities or community colleges participating in the Teachers' Retirement System~~] in a position that would otherwise be covered by the retirement system.[~~ None of these members shall be subject to~~] The return to work provisions set forth in subsections (1) to ***(9)***[~~(8)~~] of this section ***shall not apply to retired members who return to work solely for an agency described in Section 1(4)(b) or (n) of this Act***. Calculation of the number of days ***and teaching hours*** for part-time teaching, substitute teaching, or part-time employment in a nonteaching capacity under this section shall not exceed the ratio between a school year and the actual months of retirement for the member during that school year. The board of trustees by administrative regulation may establish fractional equivalents of a day of teaching service. ***Any member who exceeds the twelve (12) hour or one hundred (100) day limitations of this subsection shall be subject to having his or her retirement voided and be required to return all retirement allowances and other benefits paid to the member or on the member's behalf since the effective date of retirement. In lieu of voiding a member's retirement, the system may reduce the member's retirement allowance or any other benefit to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar of compensation that the member earns in employment exceeding twelve (12) hours, one hundred (100) days, or any apportionment of the two (2) combined.***

(13)[~~(12)~~] When a retired member returns to employment in a part-time teaching capacity or in a nonteaching capacity as provided in subsection (11) of this section, the employer shall contribute annually to the retirement system on the compensation paid to the retired member at rates determined by the retirement system actuary that reflect accrued liability for retired members who return to work under subsection (11) of this section.

(14) For retired members who return to work during any one (1) fiscal year in both a position described in Section 1(4)(b) or (n) of this Act and in a position described under another provision under Section 1(4) of this Act, and for retired members who return to work in a position described under Section 1(4)(b) or (n) in both a teaching and an administrative or nonteaching capacity, the board of trustees shall adopt a methodology for a pro rata apportionment of days and hours that the retired member may work in each position.

Section 17. KRS 161.612 is amended to read as follows:

Effective July 1, 2002, any individual occupying a position on a part-time basis that requires certification or graduation from a four (4) year college or university as a condition of employment and any individual providing part-time or substitute teaching services that are the same or similar to those teaching services provided by certified, full-time teachers shall be a member of the Kentucky Teachers' Retirement System, according to the conditions set forth in this section, if the individual is employed by one (1) of the public boards, institutions, or agencies set forth in KRS 161.220***, excluding those public boards, institutions, and agencies described in Section 1(4)(b) and (n) of this Act***. Members providing part-time and substitute services shall participate in the retirement system as follows:

(1) Members providing part-time and substitute services shall accrue service credit as provided under KRS 161.500 and be entitled to a retirement allowance upon meeting the service retirement conditions of KRS 161.600. The board of trustees shall adopt a methodology for accrediting service credit to these members on a pro rata basis. The methodology adopted by the board of trustees may be amended as necessary to ensure its actuarial soundness. The retirement allowance for members providing part-time and substitute services shall be calculated pursuant to KRS 161.620. Members providing part-time and substitute services who meet the service retirement conditions of KRS 161.600 may also be eligible to participate as approved by the board of trustees in the medical insurance program provided by the retirement system under KRS 161.675. Members providing part-time and substitute services shall make contributions to the Kentucky Teachers' Retirement System at the rate provided under KRS 161.540. A member who provides part-time or substitute services, or in the event of the death of the member, the member's estate or applicably designated beneficiary, will be entitled, within ninety (90) days of the posting of the annual report submitted by the member's employer, to a refund of contributions as permitted and limited by KRS 161.470.

(2) The board of trustees shall adopt eligibility conditions under which members providing part-time and substitute services may participate in the benefits provided under KRS 161.520, ***Section 23 of this Act***[~~161.555~~], 161.661, and 161.663. The board of trustees may adopt eligibility conditions under which members providing part-time or substitute services may participate in other benefits offered by the retirement system. All eligibility conditions adopted by the board of trustees pursuant to this subsection may be amended as necessary to ensure their actuarial soundness.

(3) In addition to the pro rata methodology adopted by the board of trustees under subsection (1) of this section, members providing part-time and substitute services shall be subject to all limitations and conditions regarding the accrual, retention, accreditation, and use of service credit that apply to members providing full-time services. In addition to the eligibility conditions set forth by the board of trustees under subsection (2) of this section, members providing part-time and substitute services shall be subject to all limitations and conditions regarding both the eligibility to participate and the extent of participation in any benefit offered under KRS 161.220 to 161.716 that apply to members providing full-time services.

(4) ***Notwithstanding any other provisions of this section to the contrary, instructional assistants who provide teaching services in the local school districts on a full-time basis in positions covered by the County Employees Retirement System who are used as substitute teachers on an emergency basis for five (5) days or less during any one (1) fiscal year shall not be considered members of the Teachers' Retirement System during that period in which they are serving as substitute teachers for five (5) days or less.***

(5) The board of trustees may adopt a pro rata methodology to determine the annual compensation of members providing part-time and substitute services in order to determine benefits provided under KRS 161.661 and 161.663. Members providing part-time and substitute services who had retirement contributions posted to their accounts during the previous fiscal year and who have not had those contributions refunded to them are eligible to vote for the board of trustees.

(6) The board of trustees of the Teachers' Retirement System shall be responsible for final determination of membership eligibility and may direct employers to take whatever action that may be necessary to correct any error relating to membership.

(7)[~~(5)~~] The provisions of this section are not subject to KRS 161.714.

Section 18. KRS 161.614 is amended to read as follows:

A court order awarding additional back salary to or reinstating a member as a result of employment in a position covered by the Kentucky Teachers' Retirement System shall entitle the member to additional salary or service credit, or both, under the following circumstances:

(1) Members shall make contributions to the Kentucky Teachers' Retirement System at the rate set forth in KRS 161.540 and members' employers shall make contributions at the rate set forth in KRS 161.550, with interest accruing on all contributions at the rate of eight percent (8%) per annum from the end of each fiscal year that back salary or the reinstatement was ordered. Contributions, plus interest, shall be made for each year that back salary or reinstatement was ordered. No service or salary credit shall be credited to a member's account unless full contributions are paid to the Kentucky Teachers' Retirement System.

(2) The member may have court-ordered back salary credited to his or her account only to the extent that the member actually received payment for the back salary and only to the extent that the court-ordered back salary is within the salary scale that was available to the member in the covered position for the years that the back salary was awarded. Court-ordered back salary can be credited to the member's account only as permitted under KRS 161.220(9) and (10). ***The member may have court-ordered service credited to his or her account only after the retirement system has received the contributions and interest on the full compensation that would normally be earned in the position that is the subject of the litigation.***

(3) The member's employer ordered to pay back salary or to reinstate the member by a court of competent jurisdiction shall provide the retirement system with a breakdown of the back salary awarded to the member on a year-by-year basis.

(4) The calculations of the contributions and interest required to be paid for court-ordered back salary or reinstatement shall be provided by the retirement system to the member or the member's employer at the member's or employer's request. Requests for these calculations shall be made with at least two (2) weeks of advance notice to the retirement system to provide these calculations. The retirement system will calculate accrued interest as of the last day of the month during which payment of the full contributions are made.

(5) For purposes of this section, a settlement agreement that provides back salary or reinstatement, and is adopted by order or judgment of a court of competent jurisdiction or is referenced in an order dismissing the action as settled shall have the same effect as a court order adjudicating the matter. Orders entered by a government board or agency as a result of litigation conducted on an administrative hearing level shall be considered as court orders for the purposes of this section.

(6) Under no circumstances shall a member be entitled to service credit as a result of court-ordered reinstatement that is in violation of the provisions of KRS ***161.500***[~~161.550~~].

Section 19. KRS 161.620 is amended to read as follows:

(1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:

   (a) For retirements effective July 1, 1998, and thereafter, except as otherwise provided by this section, the annual allowance for each year of service shall be two percent (2%) of the final average salary for service performed prior to July 1, 1983, and two and one-half percent (2.5%) of the final average salary for service performed after July 1, 1983, for all members not employed by a state college or university. The annual retirement allowance for each year of service performed by members of the Teachers' Retirement System who are members under the provisions of KRS 161.220(4)(b) or (n) shall be two percent (2%) of the final average salary. Actuarial discounts due to age or service credit at retirement may be applied as provided in this section; and

   (b) For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2002, except those persons who become members under KRS 161.220(4)(b) or (n), and who upon retirement have earned less than ten (10) full years of service credit, the retirement allowance shall be two percent (2%) of the member's final average salary for each year of service. For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2002, except those persons who become members under KRS 161.220(4)(b) or (n), and who upon retirement have earned at least ten (10) full years of service credit, the annual allowance for each year of service shall be two and one-half percent (2.5%) of the member's final average salary.

(c) The board of trustees may approve for members who initially retire on or after July 1, 2004, except those persons who are members under KRS 161.220(4)(b) or (n), a retirement allowance of three percent (3%) of the member's final average salary for each year of service credit earned in excess of thirty (30) years. This three percent (3%) factor shall be in lieu of the two and one-half percent (2.5%) factor provided for in paragraph (b) of this subsection for every year or fraction of a year of service in excess of thirty (30) years. Upon approval of this three percent (3%) retirement factor, the board of trustees may establish conditions of eligibility regarding the type of service credit that will qualify for meeting the requirements of this subsection. This subsection is optional with the board of trustees and shall not be subject to KRS 161.714.

(d) The retirement allowance of a member at retirement***, as measured on a life annuity,*** shall not exceed the member's last ***yearly salary***[~~annual compensation~~] or the member's final average salary, whichever is the greater amount. ***For purposes of this section, "yearly salary" means the compensation earned by a member during the most recent period of contributing service, either consecutive or nonconsecutive, preceding the member's effective retirement date and shall be subject to the provisions of Section 1(9) and (10) of this Act.***

(2) Effective July 1, 2002, and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option shall be increased in the amount of one and one-half percent (1.5%), provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase.

(3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than four hundred dollars ($400) effective July 1, 2002, and not less than four hundred forty dollars ($440) effective July 1, 2003, multiplied by the service credit years of the member. These minimums shall apply to the retired members receiving annuity payments and to those members retiring on or subsequent to the effective dates listed in this subsection.

(4) The minimum retirement allowance provided in this section shall apply in the case of members retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the member and his beneficiary or beneficiaries as provided in the duly-adopted option tables at the time of the member's retirement.

(5) Effective July 1, ***2004***[~~2002~~], the monthly allowance of each retired member and each recipient of a retirement option of the retired member may be increased in an amount not to exceed ***eight-tenths of one percent (0.8%)***[~~one and four-tenths percent (1.4%)~~] of the monthly allowance in effect the previous month, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase. The level of increase provided for in this subsection shall be determined by the funding provided in the 2002-2004 biennium budget appropriation.

(6) Effective July 1, ***2005***[~~2003~~], the monthly allowance of each retired member and each recipient of a retirement option of the retired member may be increased in an amount not to exceed ***seven-tenths of one percent (0.7%)***[~~one and one-half percent (1.5%)~~] of the monthly allowance in effect the previous month, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase. The level of increase provided for in this subsection shall be determined by the funding provided in the 2002-2004 biennium budget appropriation.

(7) Effective July 1, 1990, monthly payments of two hundred dollars ($200) shall be payable for the benefit of an adult child of a member retired for service when the child's mental or physical condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for the life of the child or until the time the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one (1) year prior to the death of the member. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

(8) Members of the Teachers' Retirement System shall be subject to the annuity income limitations imposed by Section 415 of the Internal Revenue Service Code.

(9) Compensation in excess of the limitations imposed by Section 401(a)(17) of the Internal Revenue Code shall not be used in determining a member's retirement annuity. The limitation on compensation for eligible members shall not be less than the amount which was allowed to be taken into account by the retirement system in effect on July 1, 1993. For this purpose, an eligible member is an individual who was a member of the retirement system before the first plan year

beginning after December 31, 1995.

Section 20. KRS 161.630 is amended to read as follows:

(1) A member, upon retirement, shall receive a retirement allowance in the form of a life annuity, with refundable balance, as provided in KRS 161.620, unless an election is made before the effective date of retirement to receive actuarially equivalent benefits under options which the board of trustees approves. No option shall provide for a benefit with an actuarial value at the age of retirement greater than that provided in KRS 161.620. This section does not apply to disability allowances as provided in KRS 161.661(1).

(2) The ***retirement***[~~benefit~~] option chosen by a retiree at the time of service retirement shall remain in force unless the retiree elects to make a change under the following conditions:

(a) A divorce, annulment, or marriage dissolution following retirement shall, at the election of the retiree, cancel any optional plan selected at retirement ***that provides***[~~to provide~~] continuing benefits to ***a spousal***[~~the~~] beneficiary and return the retiree to a single lifetime benefit equivalent as determined by the board; or

(b) Following marriage or remarriage, or the death[~~ of a spouse, or the death~~] of ***the***[~~any other~~] designated beneficiary, a retiree may elect a new optional plan of payment based on the actuarial equivalent of a single lifetime benefit at the time of the election, as determined by the board. The plan shall become effective the first of the month following receipt of an application on a form approved by the board.

(3) Except as otherwise provided in this section, a beneficiary designation shall not be changed after the effective date of retirement except for retirees who elect the[~~ straight~~] life annuity with refundable balance option or the predetermined years certain and life thereafter option.

(4) A member who experiences a qualifying event under subsection (2) of this section and who elects a new optional plan of payment shall make that election within sixty (60) days of the qualifying event.

Section 21. KRS 161.640 is amended to read as follows:

(1) Retirement annuities shall be payable monthly. The first payment to an annuitant shall be made at the payment date at the end of one (1) full payment period after his retirement and shall consist of one (1) regular monthly payment. Retirement for a member receiving one (1) full year of service credit during a fiscal year shall be no earlier than July 1 next following the end of such fiscal year. ***Notwithstanding any other statutory provisions to the contrary, members filling positions that customarily require twelve (12) months of service during a fiscal year cannot retire prior to July 1 without a corresponding pro rata reduction in salary and service credit. The board of trustees may determine which positions customarily require twelve (12) months of service during a fiscal year.***

(2) The board of trustees may enter into agreements with retired members for payroll deductions when it is deemed in the best interest of the retired members and the retirement system.

(3) All new retirees, on or after July 1, 1998, shall receive their monthly annuity checks by electronic fund transfer. All annuity and survivor monthly allowance payments shall be made by electronic fund transfer by December 31, 1998.

Section 22. KRS 161.650 is amended to read as follows:

(1) In the case of death of a member who has retired by reason of service or disability, any portion of the member's accumulated contributions, including member contributions to the state accumulation fund and regular interest to the date of retirement, that has not, and will not be paid as an allowance or benefit shall be paid to the member's beneficiary in such manner as the board of trustees elects.

(2) The member may designate a primary beneficiary or two (2) or more co-beneficiaries to receive any remaining accumulated member contributions payable under this section. A contingent beneficiary may be designated in addition to the primary beneficiary or the co-beneficiaries. The member may designate two (2) or more contingent beneficiaries. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of any remaining accumulated member contributions. Any beneficiary designation made by the member shall remain in effect until changed by the member on forms prescribed by the retirement system, except in the event of subsequent divorce. A final divorce decree shall terminate the beneficiary status of an ex-spouse, unless subsequent to divorce the member redesignates the former spouse as a beneficiary. A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust. In the event that the member fails to designate a beneficiary, any remaining accumulated member contributions shall be payable to the member's estate.

Section 23. KRS 161.655 is amended to read as follows:

(1) Effective July 1, 2000, the Teachers' Retirement System shall***:***

(a) Provide a life insurance benefit in a minimum amount of five thousand dollars ($5,000) for its members who are retired for service or disability. This life insurance benefit shall be payable upon the death of a member retired for service or disability to the member's estate or to a party designated by the member on a form prescribed by the retirement system***; and***

(b) [~~. The Teachers' Retirement System shall~~]Provide a life insurance benefit in a minimum amount of two thousand dollars ($2,000) for its active contributing members. This life insurance benefit shall be payable upon the death of an active contributing member to the member's estate or to a party designated by the member on a form prescribed by the retirement system.

(2) The member may name one (1) primary and one (1) contingent beneficiary for receipt of the life insurance benefit. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of the life insurance benefit. Any beneficiary designation made by the member shall remain in effect until changed by the member on forms prescribed by the retirement system, except in the event of subsequent divorce. A final divorce decree shall terminate the beneficiary status of an ex-spouse, unless subsequent to divorce the member redesignates the former spouse as a beneficiary. A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust.

(3) Application for payment of life insurance proceeds shall be made to the Teachers' Retirement System together with acceptable evidence of death and eligibility. The reciprocal provisions of KRS 61.680(2)(a) shall not apply to the coverage and payment of proceeds by the life insurance benefit under this section.

(4)[~~(2)~~] Suit or civil action shall not be required for the collection of the proceeds of the life insurance benefit provided for by this section, but nothing in this section shall prevent the maintenance of suit or civil action against the beneficiary or legal representative receiving the proceeds of the life insurance benefit.

Section 24. KRS 161.680 is amended to read as follows:

If any change or error in a record results in any *individual*[~~employee or beneficiary~~] receiving from the retirement system more or less than *the individual*[~~he~~] was entitled to receive, the board of trustees shall, when the error is discovered, correct the error, and as far as practicable adjust the payments so that the actuarial equivalent of the benefit to which *the individual*[~~he~~] was entitled shall be paid.

Section 25. KRS 161.568 is amended to read as follows:

(1) Eligibility to participate in the optional retirement plan shall be determined by the board of regents of each of the state public postsecondary education institutions identified in KRS 161.220(4)(b). The employees of these institutions of higher education who are initially employed on or after the implementation date of the optional retirement plan may make an[~~irrevocable~~] election to participate in the optional retirement plan within thirty (30) days after their employment date. *This election shall be irrevocable except as otherwise provided in this subsection.* No member of the Kentucky Teachers' Retirement System who terminates employment and is subsequently reemployed by the same or another public postsecondary education institution which participates in the Kentucky Teachers' Retirement System may be eligible to elect to participate in the optional retirement plan unless the date of reemployment is at least six (6) months after the date of termination. *Any person who previously elected to participate in the optional retirement plan may irrevocably elect one (1) time during his or her lifetime to change his or her election and to prospectively participate in the Kentucky Teachers' Retirement System. This election to change from the optional retirement plan to Kentucky Teachers' Retirement System shall be effective beginning on the first day of the first month immediately following the date that written application for the election is received in the retirement system's office on forms prescribed by the system.* These elections shall be made in writing and filed with the appropriate officer of the employer institution.

(2) Elections of eligible employees hired on or after the implementation date of the optional retirement plan at their employer institution shall be effective on the date of their employment. If an eligible employee hired subsequent to the implementation date at the employer institution fails to make the election provided for in this section, he shall become a member of the regular retirement plan of the Kentucky Teachers' Retirement System.

Section 26. KRS 161.569 is amended to read as follows:

(1) Any person electing to participate in the optional retirement plan shall be ineligible for membership in the regular retirement plan of the Kentucky Teachers' Retirement System for as long as he is employed in a position for which the optional retirement plan is available*, except as provided in subsection (1) of Section 25 of this Act*.

(2) Any person electing to participate in the optional retirement plan shall acknowledge in writing that the benefits payable to participants are not the obligation of the Commonwealth of Kentucky or the Kentucky Teachers' Retirement System, and that these benefits and other rights of the optional retirement plan are the liability and responsibility solely of the designated companies to which contributions have been made.

(3) Benefits shall be payable to optional retirement plan participants or their beneficiaries by the designated companies in accordance with the contracts issued by each company and the retirement plan provisions adopted by each public institution.

(4) Annuity contracts issued under the optional retirement plan and all rights of a participant in the optional retirement plan shall be exempt from any state, local, or municipal tax; assessment for the insolvency of any life, health, or casualty insurance company; any levy or sale, garnishment, or attachment; or any process whatsoever, and shall be unassignable except as otherwise specifically provided by the contracts offered under the optional retirement plan adopted by the respective public institutions of higher education. Except contracts issued and rights accrued in the optional retirement plan on or after January 1, 1998, shall be subject to the tax imposed by KRS 141.020, to the extent provided in KRS 141.010 and 141.0215.

(5) (a) Each institution shall contribute on behalf of each participant in its optional retirement program the following:

1. To the designated company or companies, an amount equal to the amount that would have been payable to

the Kentucky Teachers' Retirement System if the member had elected to participate in that plan instead of the optional retirement plan, less the amount contributed to the Kentucky Teachers' Retirement System pursuant to subparagraph 2. of this paragraph; and

2. To the Kentucky Teachers' Retirement System, an amount equal to the contribution which would have been payable to the Kentucky Teachers' Retirement System on account of the unfunded liability if the member had elected to participate in that plan instead of the optional retirement plan. The rate of contribution shall be determined annually by the Kentucky Teachers' Retirement System actuary. This payment shall continue to be made on behalf of all participants in the optional retirement plan until July 1, 2018, the current amortization period of the Kentucky Teachers' Retirement System.

(b) Each participant shall contribute an amount equal to the present member contribution to the Kentucky Teachers' Retirement System. Employee contributions to the optional retirement plan shall be made by salary reduction under either Section 403(b) or 414(h) of the Internal Revenue Code of 1986.

Section 27. The provisions of subsection (8) of Section 16 of this Act supercede the provisions relating to critical shortage positions set forth in 2003 Kentucky Acts ch. 156, sec.1.

General Assembly by the Supreme Court and the General Assembly's failure to disapprove of the amendments; and

WHEREAS, the Supreme Court has further reported amendments to KRE 804;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. KRE 412 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(a) Evidence generally inadmissible. The following evidence is not admissible in any civil or criminal proceeding involving alleged sexual misconduct except as provided in subsections (b) and (c):

- *(1) Evidence offered to prove that any alleged victim engaged in other sexual behavior.*
- *(2) Evidence offered to prove any alleged victim's sexual predisposition.*

(b) Exceptions:

- *(1) In a criminal case, the following evidence is admissible, if otherwise admissible under these rules:*
  - *(A) evidence of specific instances of sexual behavior by the alleged victim offered to prove that a person other than the accused was the source of semen, injury, or other physical evidence;*
  - *(B) evidence of specific instances of sexual behavior by the alleged victim with respect to the person accused of the sexual misconduct offered by the accused to prove consent or by the prosecution; and*
  - *(C) any other evidence directly pertaining to the offense charged.*
- *(2) In a civil case, evidence offered to prove the sexual behavior or sexual predisposition of any alleged victim is admissible if it is otherwise admissible under these rules and its probative value substantially outweighs the danger of harm to any victim and of unfair prejudice to any party. Evidence of an alleged victim's reputation is admissible only if it has been placed in controversy by the alleged victim.*

(c) Procedure to determine admissibility.

- *(1) A party intending to offer evidence under subdivision (b) must:*
  - *(A) file a written motion at least fourteen (14) days before trial specifically describing the evidence and stating the purpose for which it is offered unless the court, for good cause requires a different time for filing or permits filing during trial; and*
  - *(B) serve the motion on all parties and notify the alleged victim or, when appropriate, the alleged victim's guardian or representative.*
- *(2) Before admitting evidence under this rule the court must conduct a hearing in camera and afford the victim and parties a right to attend and be heard. The motion, related papers, and the record of the hearing must be sealed and remain under seal unless the court orders otherwise.*

SECTION 2. KRE 608 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(a) Opinion and reputation evidence of character. The credibility of a witness may be attacked or supported by evidence in the form of opinion or reputation, but subject to these limitations: (1) the evidence may refer only to character for truthfulness or untruthfulness, and (2) evidence of truthful character is admissible only after the character of the witness for truthfulness has been attacked by opinion or reputation evidence or otherwise.

(b) Specific instances of conduct. Specific instances of the conduct of a witness, for the purpose of attacking or supporting the witness' credibility, other than conviction of crime as provided in Rule 609, may not be proved by extrinsic evidence. They may, however, in the discretion of the court, if probative of truthfulness or untruthfulness, be inquired into on cross-examination of the witness: (1) concerning the witness' character for truthfulness or untruthfulness, or (2) concerning the character for truthfulness or untruthfulness of another witness as to which character the witness being cross-examined has testified. No specific instance of conduct of a witness may be the subject of inquiry under this provision unless the cross-examiner has a factual basis for the subject matter of his inquiry.

The giving of testimony, whether by an accused or by any other witness, does not operate as a waiver of the accused's or the witness' privilege against self-incrimination when examined with respect to matters which relate only to credibility.

Section 3. KRE 804 is amended to read as follows:

(a) Definition of unavailability. "Unavailability as a witness" includes situations in which the declarant:

- (1) Is exempted by ruling of the court on the ground of privilege from testifying concerning the subject matter of the declarant's statement;
- (2) Persists in refusing to testify concerning the subject matter of the declarant's statement despite an order of the court to do so;
- (3) Testifies to a lack of memory of the subject matter of the declarant's statement;

(4) Is unable to be present or to testify at the hearing because of death or then existing physical or mental illness or infirmity; or

(5) Is absent from the hearing and the proponent of the statement has been unable to procure the declarant's attendance by process or other reasonable means.

A declarant is not unavailable as a witness if his exemption, refusal, claim of lack of memory, inability, or absence is due to the procurement or wrongdoing of the proponent of a statement for the purpose of preventing the witness from attending or testifying.

(b) Hearsay exceptions. The following are not excluded by the hearsay rule if the declarant is unavailable as a witness:

(1) Former testimony. Testimony given as a witness at another hearing of the same or a different proceeding, or in a deposition taken in compliance with law in the course of the same or another proceeding, if the party against whom the testimony is now offered, or, in a civil action or proceeding, a predecessor in interest, had an opportunity and similar motive to develop the testimony by direct, cross, or redirect examination.

(2) Statement under belief of impending death. In a criminal prosecution or in a civil action or proceeding, a statement made by a declarant while believing that the declarant's death was imminent, concerning the cause or circumstances of what the declarant believed to be his impending death.

(3) Statement against interest. A statement which was at the time of its making so far contrary to the declarant's pecuniary or proprietary interest, or so far tended to subject the declarant to civil or criminal liability, or to render invalid a claim by the declarant against another, that a reasonable person in the declarant's position would not have made the statement unless believing it to be true. A statement tending to expose the declarant to criminal liability is not admissible unless corroborating circumstances clearly indicate the trustworthiness of the statement.

(4) Statements of personal or family history.

(A) A statement concerning the declarant's own birth, adoption, marriage, divorce, legitimacy, relationship by blood, adoption, or marriage, ancestry, or other similar fact of personal or family history, even though declarant had no means of acquiring personal knowledge of the matter stated; or

(B) A statement concerning the foregoing matters, and death also, of another person, if the declarant was related to the other by blood, adoption, or marriage or was so intimately associated with the other's family as to be likely to have accurate information concerning the matter declared.

(5) Forfeiture by wrongdoing. A statement offered against a party that has engaged or acquiesced in wrongdoing that was intended to, and did, procure the unavailability of the declarant as a witness.

Section 4. Section 1 and Section 2 of this Act shall be retroactive to July 1, 2003.

Section 3. KRS 431.076 is amended to read as follows:

(1) A person who has been charged with a criminal offense and who has been found not guilty of the offense, or against whom charges have been dismissed with prejudice, and not in exchange for a guilty plea to another offense, may make a motion, in the District or Circuit Court in which the charges were filed, to expunge all records including, but not limited to, arrest records, fingerprints, photographs, index references, or other data, whether in documentary or electronic form, relating to the arrest, charge, or other matters arising out of the arrest or charge.

In addition, if the criminal charge relates to the abuse or neglect of a child, the court shall also notify the Office of General Counsel of the Cabinet for Families and Children of an opportunity for a response to the expungement motion. The counsel for the Cabinet for Families and Children shall respond to the expungement motion, within twenty (20) days of receipt of the notice, which period of time shall not be extended by the court, if the Cabinet for Families and Children has custody of records reflecting that the person charged with the criminal offense has been determined by the cabinet or by a court under KRS Chapter 620 to be a substantiated perpetrator of child abuse or neglect. If the cabinet fails to respond to the expungement motion or if the cabinet fails to prevail, the order of expungement shall extend to the cabinet's records. If the cabinet prevails, the order of expungement shall not extend to the cabinet's records.

(4) If the court finds that there are no current charges or proceedings pending relating to the matter for which the expungement is sought, the court may grant the motion and order the sealing of all records in the custody of the court and any records in the custody of any other agency or official, including law enforcement records. The court shall order the sealing on a form provided by the Administrative Office of the Courts. Every agency, with records relating to the arrest, charge, or other matters arising out of the arrest or charge, that is ordered to seal records, shall certify to the court within sixty (60) days of the entry of the expungement order, that the required sealing action has been completed. All orders enforcing the expungement procedure shall also be sealed.

(5) After the expungement, the proceedings in the matter shall be deemed never to have occurred. The court and other agencies shall reply to any inquiry that no record exists on the matter. The person whose record is expunged shall not have to disclose the fact of the record or any matter relating thereto on an application for employment, credit, or other type of application.

(6) Inspection of the expunged records may thereafter be permitted by the court only upon a motion by the person who is the subject of the records and only to those persons named in the motion.

Section 7. KRS 439.340 is amended to read as follows:

(1) The board may release on parole persons confined in any adult state penal or correctional institution of Kentucky or sentenced felons incarcerated in county jails eligible for parole. All paroles shall issue upon order of the board duly adopted. As soon as practicable after his admission to an adult state penal or correctional institution or county jail if he is a sentenced felon, and at such intervals thereafter as it may determine, the Department of Corrections shall obtain all pertinent information regarding each prisoner, except those not eligible for parole. The information shall include his criminal record, his conduct, employment, and attitude in prison, and the reports of physical and mental examinations that have been made. The Department of Corrections shall furnish the circumstances of his offense and his previous social history to the institution and the board. The Department of Corrections shall prepare a report on any information it obtains. It shall be the duty of the Department of Corrections to supplement this report with any material the board may request and

submit the report to the board.

(2) Before granting the parole of any prisoner, the board shall consider the pertinent information regarding the prisoner and shall have him appear before it for interview and hearing. The board in its discretion may hold interviews and hearings for prisoners convicted of Class D felonies. The board in its discretion may request the parole board of another state confining prisoners pursuant to KRS 196.610 to interview eligible prisoners and make a parole recommendation to the board. A parole shall be ordered only for the best interest of society and not as an award of clemency, and it shall not be considered a reduction of sentence or pardon. A prisoner shall be placed on parole only when arrangements have been made for his proper employment or for his maintenance and care, and when the board believes he is able and willing to fulfill the obligations of a law abiding citizen. Notwithstanding any statute to the contrary, including KRS 440.330, when a prisoner is otherwise eligible for parole and the board has recommended parole for that prisoner for the reasons set forth in subsection (2) of this section, the board may grant parole to any prisoner wanted as a fugitive by any other jurisdiction, and the prisoner shall be released to the detainer from that jurisdiction. Such parole shall not constitute a relinquishment of jurisdiction over the prisoner, and the board in all cases expressly reserves the right to return the prisoner to confinement in a correctional institution of the Commonwealth if the prisoner violates the terms of his or her parole.

(3) The board shall adopt administrative regulations with respect to the eligibility of prisoners for parole, the conduct of parole and parole revocation hearings, or conditions to be imposed upon parolees. Regulations governing the eligibility of prisoners for parole shall be in accordance with professionally accepted ideas of correction and reform and may utilize in part objective, performance-based criteria; however, nothing herein contained shall preclude the board from utilizing its present regulations in conjunction with other factors involved that would relate to the inmate's needs and the safety of the public.

(4) The board shall insure that sentenced felons confined in county jails are considered for parole within thirty (30) days of their parole eligibility date and the Department of Corrections shall provide the necessary assistance and information to the board in order for it to conduct timely parole reviews.

(5) In addition to or in conjunction with each hearing conducted under subsection (2) of this section for any prisoner convicted of a Class A, B, or C felony and prior to the granting of a parole to any such prisoner, the parole board shall conduct a hearing of which the following persons shall receive not less than forty-five (45) nor more than ninety (90) days' notice: the Commonwealth's attorney who shall notify the sheriff of every county and the chief of police of every city and county in which the prisoner committed any Class A, B, or C felony for which he is imprisoned, and all identified victims of the crimes or the next of kin of any victim who is deceased. Notice to the Commonwealth's attorney shall be by mail to his business office. Notices received by chiefs of police and sheriffs shall be posted in a conspicuous location where police employed by the department may see it. Notices shall be posted in a manner and at a time that will allow officers to make comment thereon to the Parole Board. Notice to victims or their next of kin shall be made, for prisoners incarcerated prior to July 15, 1986, by mail to the Commonwealth's attorney who shall forward the notice promptly to the victims or their next of kin at their last known address. For prisoners incarcerated on or after July 15, 1986, notice to the victims or their next of kin shall be by mail from the Parole Board to their last known address as provided by the Commonwealth's attorney to the Parole Board at the time of incarceration of the prisoner. Notice to the victim or the next of kin of subsequent considerations for parole after the initial consideration shall not be sent if the victim or the next of kin gives notice to the board that he or she no longer wants to receive such notices. The notice shall include the time, date, and place of the hearing provided for in this subsection, and the name and address of a person to write if the recipient of the notice desires to attend the hearing or to submit written comments.

(6) Persons receiving notice as provided for in subsection (5) of this section may submit comments, in person or in writing, to the board upon all issues relating to the parole of the prisoner. The board shall read and consider all comments prior to making its parole decision, if they are received by the board not less than seven (7) days before the date for the hearing. The board shall retain all comments in the prisoner's permanent Parole Board file, and shall consider them in conjunction with any subsequent parole decisions affecting the prisoner. In addition to officers listed in subsection (5) of this section, the crime victims or the next of kin of any victim who is deceased or who is disabled and cannot attend the hearing or the parent or legal guardian of any victim who is a minor may attend the hearing provided for in subsection (5) of this section and present oral and written comments upon all issues relating to the parole of the prisoner, if they have advised the board, in writing received by the board not less than seven (7) days prior to the date set for the hearing, of their intention to attend the hearing. The board shall receive and consider all comments, shall make a record of them which it shall retain in the prisoner's permanent Parole Board file, and shall consider them in conjunction with any subsequent parole decision affecting the prisoner. Persons appearing before the Parole Board pursuant to this subsection may elect to make their presentations outside of the presence of the prisoner.

(7) Victims of Class D felonies may submit comments in person or in writing to the board upon all issues relating to the parole of a prisoner.

(8) Any hearing provided for in subsections (5), (6), and (7) of this section shall be open to the public unless the persons having a right to appear before the board as specified in those subsections request closure of hearing for reasons of personal safety, in which event the hearing shall be closed. The time, date, and location of closed hearings shall not be disclosed to the public.

(9) Except as specifically set forth in this section, nothing in this section shall be deemed to expand or abridge any existing

rights of persons to contact and communicate with the Parole Board or any of its members, agents, or employees.

(10) The unintentional failure by the Parole Board, sheriff, chief of police, or any of its members, agents, or employees or by a Commonwealth's attorney or any of his agents or employees to comply with any of the provisions of subsections (5), (6), and (8) of this section shall not affect the validity of any parole decision or give rise to any right or cause of action by the crime victim, the prisoner, or any other person.

(11) No eligible *sex*~~[sexual]~~ offender within the meaning of KRS 197.400 to 197.440 shall be granted parole unless he has successfully completed the *Sex*~~[Sexual]~~ Offender Treatment Program.

(12) Any prisoner who is granted parole after completion of the *Sex*~~[Sexual]~~ Offender Treatment Program shall be required, as a condition of his parole, to participate in regular treatment in a mental health program approved or operated by the Department of Corrections.

(13) When an order for parole is issued, it shall recite the conditions thereof.

Section 8. KRS 532.045 is amended to read as follows:

(1) As used in this section:

(a) "Position of authority" means, but is not limited to, the position occupied by a biological parent, adoptive parent, stepparent, foster parent, relative, household member, adult youth leader, recreational staff, or volunteer who is an adult, adult athletic manager, adult coach, teacher, classified school employee, certified school employee, counselor, staff, or volunteer for either a residential treatment facility, a holding facility as defined in KRS 600.020, or a detention facility as defined in KRS 520.010(4), staff or volunteer with a youth services organization, religious leader, health care provider, or employer;

(2) Notwithstanding other provisions of applicable law, probation shall not be granted to, nor shall the execution or imposition of sentence be suspended for, nor shall a finding bringing the defendant within the provision of this section be stricken for a person convicted of violating KRS 510.050, 510.080, 529.030 to 529.050, 529.070, 530.020, 531.310, 531.320, 531.370, or criminal attempt to commit any of these offenses under KRS 506.010, and, who meets one (1) or more of the following criteria:

(a) A person who commits any of the offenses enumerated in this subsection against a minor by the use of force, violence, duress, menace, or threat of bodily harm;

(b) A person who, in committing any of the offenses enumerated in this subsection, caused bodily injury to the minor;

(c) A person convicted of any of the offenses enumerated in this subsection and who was a stranger to the minor or made friends with the minor for the purpose of committing an act constituting any of the offenses enumerated in this subsection, unless the defendant honestly and reasonably believed the minor was eighteen (18) years old or older;

(d) A person who used a dangerous instrument or deadly weapon against a minor during the commission of any of the offenses enumerated in this subsection;

(e) A person convicted of any of the offenses enumerated in this subsection and who has had a prior conviction of assaulting a minor, with intent to commit an act constituting any of the offenses enumerated in this subsection;

(3) If a person is not otherwise prohibited from obtaining probation or conditional discharge under subsection (2), the court may impose on the person a period of probation or conditional discharge. Probation or conditional discharge shall not be granted until the court is in receipt of the comprehensive sex offender presentence evaluation of the offender performed by an approved provider, as defined in KRS 17.550 or the Department of Corrections. The court shall use the comprehensive sex offender presentence evaluation in determining the appropriateness of probation or conditional discharge.

(4) If the court grants probation or conditional discharge, the offender shall be required, as a condition of probation or conditional discharge, to successfully complete a community-based *sex*~~[sexual]~~ offender treatment program operated or approved by the Department of Corrections or the Sex Offender Risk Assessment Advisory Board.

(6) Failure to successfully complete the *sex*[~~sexual~~] offender treatment program constitutes grounds for the revocation of probation or conditional discharge.

(7) The comprehensive sex offender presentence evaluation and all communications relative to the comprehensive sex offender presentence evaluation and treatment of a *sex*[~~sexual~~] offender shall fall under the provisions of KRS 197.440. The comprehensive sex offender presentence evaluation shall be filed under seal and shall not be made a part of the court record subject to review in appellate proceedings and shall not be made available to the public.

(8) Before imposing sentence, the court shall advise the defendant or his counsel of the contents and conclusions of any comprehensive sex offender presentence evaluation performed pursuant to this section and afford a fair opportunity and a reasonable period of time, if the defendant so requests, to controvert them. The court shall provide the defendant's counsel and the Commonwealth's attorney a copy of the comprehensive sex offender presentence evaluation. It shall not be necessary to disclose the sources of confidential information.

(9) To the extent that this section conflicts with KRS 533.010, this section shall take precedence.

The clerk of the court shall only allow that form to be accessed by a party to the case, an attorney of record in the case, a judge of the court or other authorized court personnel, a duly authorized employee or agent of the Cabinet for Families and Children involved in child support matters attendant to the case, or a person authorized to view the form by specific order of the court.

(4) The Administrative Office of the Courts shall create, within five (5) days of the effective date of this Act, forms sufficient to meet the requirements of this Act, and the Supreme Court may by rule require the use of these forms in lieu of documents prepared by the parties or by the court.

Section 2. KRS 403.150 is amended to read as follows:

(1) All proceedings under this chapter are commenced in the manner provided by the Rules of Civil Procedure.

(2) The verified petition in a proceeding for dissolution of marriage or legal separation shall allege the marriage is irretrievably broken and shall set forth:

- (a) The age, occupation, Social Security number *provided in accordance with Section 1 of this Act*, and residence of each party and his length of residence in this state. If domestic violence and abuse, as defined in KRS 403.720, is alleged by either party, the party filing the petition shall certify the existence and status of any domestic violence protective orders. The party filing the petition and alleging the abuse may substitute the party's attorney's address as the address of the party and any minor children;
- (b) The date of the marriage and the place at which it was registered;
- (c) That the parties are separated and the date on which the parties separated;
- (d) The names, ages, Social Security numbers *provided in accordance with Section 1 of this Act*, and addresses of any living infant children of the marriage, and whether the wife is pregnant;
- (e) Any arrangements as to custody, visitation, and support of the children and the maintenance of a spouse; and
- (f) The relief sought.

(3) Either or both parties to the marriage may initiate the proceeding.

(4) If a proceeding is commenced by one of the parties, the other party must be served in the manner provided by the Rules of

Civil Procedure and may file a verified response.

(5) Previously existing defenses to divorce and legal separation, including but not limited to condonation, connivance, collusion, recrimination, insanity, and lapse of time, are abolished.

(6) The court may join additional parties proper for the exercise of its authority to implement this chapter.

(7) When the wife is pregnant at the time the petition is filed, the court may continue the case until the pregnancy is terminated.

Section 3. KRS 403.160 is amended to read as follows:

(1) In a proceeding for dissolution of marriage or for legal separation, or in a proceeding for disposition of property or for maintenance or support following dissolution of the marriage by a court which lacked personal jurisdiction over the absent spouse, either party may move for temporary maintenance. The motion shall be accompanied by an affidavit setting forth the factual basis for the motion and the amounts requested.

(2) (a) In a proceeding for dissolution of marriage, legal separation, or child support, either party, with notice to the opposing party, may move for temporary child support. The motion shall be accompanied by an affidavit setting forth the number of children of the marriage and the information required to calculate the combined adjusted parental gross income set forth in KRS 403.212(2)(g), and the Social Security numbers***, provided in accordance with Section 1 of this Act,*** of all parties subject to the motion. The court shall, within fourteen (14) days from the filing of said motion, order an amount of temporary child support based upon the child support guidelines as provided by law, and the ordered child support shall be retroactive to the date of the filing of the motion unless otherwise ordered by the court.

(b) Upon a showing of good cause, either party may move the court to enter an order for temporary child support without written or oral notice to the adverse party. After reviewing the affidavit required by paragraph (a) of this subsection, the court may issue a temporary child support order based upon the child support guidelines. The order shall provide that the order becomes effective seven (7) days following service of the order and movant's affidavit upon the adverse party unless the adverse party, within the seven (7) day period, files a motion for a hearing before the court. The motion for hearing shall be accompanied by the affidavit required by paragraph (a) of this subsection. Pending the hearing, the adverse party shall pay child support in an amount based upon the guidelines and the adverse party's affidavit. The child support order entered following the hearing shall be retroactive to the date of the filing of the motion for temporary support unless otherwise ordered by the court.

(3) As part of a motion for temporary maintenance or support or by independent motion accompanied by affidavit, either party may request the court to issue a temporary injunction or restraining order pursuant to the Rules of Civil Procedure.

(4) If the court or agent of the court is made aware that there is reasonable evidence of domestic violence or child abuse, the court shall determine whether disclosure to any other person of the information could be harmful to the parent or child, and if the court determines that disclosure to any person could be harmful, the court and its agents shall not make the disclosure.

(5) On the basis of the showing made and in conformity with KRS 403.200, the court may issue a temporary injunction or restraining order and an order for temporary maintenance in amounts and on terms just and proper in the circumstances.

(6) A temporary order or temporary injunction:

(a) Does not prejudice the rights of the parties or the child which are to be adjudicated at subsequent hearings in the proceeding;

(b) May be revoked or modified before final decree on a showing of the facts necessary to revocation or modification under the circumstances; and

(c) Terminates when the final decree is entered or when the petition for dissolution or legal separation is voluntarily dismissed.

Section 4. KRS 403.211 is amended to read as follows:

(1) An action to establish or enforce child support may be initiated by the parent, custodian, or agency substantially contributing to the support of the child. The action may be brought in the county in which the child resides or where the defendant resides.

(2) At the time of initial establishment of a child support order, whether temporary or permanent, or in any proceeding to modify a support order, the child support guidelines in KRS 403.212 shall serve as a rebuttable presumption for the establishment or modification of the amount of child support. Courts may deviate from the guidelines where their application would be unjust or inappropriate. Any deviation shall be accompanied by a written finding or specific finding on the record by the court, specifying the reason for the deviation.

(3) A written finding or specific finding on the record that the application of the guidelines would be unjust or inappropriate in a particular case shall be sufficient to rebut the presumption and allow for an appropriate adjustment of the guideline award if based upon one (1) or more of the following criteria:

(a) A child's extraordinary medical or dental needs;

(b) A child's extraordinary educational, job training, or special needs;

(c) Either parent's own extraordinary needs, such as medical expenses;

(d) The independent financial resources, if any, of the child or children;

(e) Combined monthly adjusted parental gross income in excess of the Kentucky child support guidelines;

(f) The parents of the child, having demonstrated knowledge of the amount of child support established by the Kentucky child support guidelines, have agreed to child support different from the guideline amount. However, no such agreement shall be the basis of any deviation if public assistance is being paid on behalf of a child under the provisions of Part D of Title IV of the Federal Social Security Act; and

(g) Any similar factor of an extraordinary nature specifically identified by the court which would make application of the guidelines inappropriate.

(4) "Extraordinary" as used in this section shall be determined by the court in its discretion.

(5) When a party has defaulted or the court is otherwise presented with insufficient evidence to determine gross income, the court shall order child support based upon the needs of the child or the previous standard of living of the child, whichever is greater. An order entered by default or due to insufficient evidence to determine gross income may be modified upward and arrearages awarded from the date of the original order if evidence of gross income is presented within two (2) years which would have established a higher amount of child support pursuant to the child support guidelines set forth in KRS 403.212.

(6) The court shall allocate between the parents, in proportion to their combined monthly adjusted parental gross income, reasonable and necessary child care costs incurred due to employment, job search, or education leading to employment, in addition to the amount ordered under the child support guidelines.

(7) (a) If health care insurance coverage is reasonable and available at the time the request for coverage is made, the court shall allocate between the parents, in proportion to their combined monthly adjusted parental gross income, the cost of health care insurance coverage for the child, in addition to the support ordered under the child support guidelines.

(b) A parent, who has one hundred percent (100%) of the combined monthly adjusted parental gross income, shall be entitled to a reduction in gross income of the entire amount of premiums incurred and paid.

(c) The court shall order the cost of health care of the child to be paid by either or both parents of the child regardless of who has physical custody. The court order shall include:

1. A judicial directive designating which parent shall have financial responsibility for providing health care for the dependent child, which shall include, but not be limited to, insurance coverage, payments of necessary health care deductibles or copayments; and

2. A statement providing that if the designated parent's health care coverage provides for covered services for dependent children beyond the age of majority, then any unmarried children up to twenty-five (25) years of age who are full-time students enrolled in and attending an accredited educational institution and who are primarily dependent on the insured parent for maintenance and support shall be covered.

(d) If health care insurance coverage is not reasonable and available at the time the request for the coverage is made, the court order shall provide for health care insurance coverage at the time it becomes reasonable and available.

(8) The cost of extraordinary medical expenses shall be allocated between the parties in proportion to their combined monthly adjusted parental gross incomes. "Extraordinary medical expenses" means uninsured expenses in excess of one hundred dollars ($100) per child per calendar year. "Extraordinary medical expenses" includes, but is not limited to, the costs that are reasonably necessary for medical, surgical, dental, orthodontal, optometric, nursing, and hospital services; for professional counseling or psychiatric therapy for diagnosed medical disorders; and for drugs and medical supplies, appliances, laboratory, diagnostic, and therapeutic services.

(9) The court order shall include the Social Security numbers***, provided in accordance with Section 1 of this Act,*** of all parties subject to a support order.

(10) In any case administered by the Cabinet for Families and Children, if the parent ordered to provide health care coverage is enrolled through an insurer but fails to enroll the child under family coverage, the other parent or the Cabinet for Families and Children may, upon application, enroll the child.

(11) In any case administered by the cabinet, information received or transmitted shall not be published or be open for public inspection, including reasonable evidence of domestic violence or child abuse if the disclosure of the information could be harmful to the custodial parent or the child of the parent. Necessary information and records may be furnished as specified by KRS 205.175.

(12) In the case in which a noncustodial parent provides health care coverage, and changes employment, and the new employer provides health care coverage, the Cabinet for Families and Children shall transfer notice of the provision for coverage for the child to the employer, which shall operate to enroll this child in the noncustodial parent's health plan, unless the noncustodial parent contests the notice as specified by KRS Chapter 13B.

(13) Notwithstanding any other provision of this section, any wage or income shall not be exempt from attachment or assignment for the payment of current child support or owed or to-be-owed child support.

(14) A payment of money received by a child as a result of a parental disability shall be credited against the child support obligation of the parent. A payment shall not be counted as income to either parent when calculating a child support obligation. An amount received in excess of the child support obligation shall be credited against a child support arrearage owed by the parent that accrued subsequent to the date of the parental disability, but shall not be applied to an arrearage that accrued prior to the date of disability. The date of disability shall be as determined by the paying agency.

Section 5. KRS 407.5311 is amended to read as follows:

(1) A petitioner seeking to establish or modify a support order or to determine parentage in a proceeding under KRS 407.5101 to 407.5902 must verify the petition. Unless otherwise ordered under KRS 407.5312, the petition or accompanying documents must provide, so far as known, the name, residential address, and Social Security numbers of the obligor and the obligee, and the name, sex, residential address, Social Security number, and date of birth of each child for whom support is sought***, with the obligor's, obligee's, and children's Social Security numbers provided in accordance with Section 1 of this Act***. The petition must be accompanied by a certified copy of any support order in effect. The petition may include any other information that may assist in locating or identifying the respondent.

(2) The petition must specify the relief sought. The petition and accompanying documents must conform substantially with the requirements imposed by the forms mandated by federal law for use in cases filed by a support enforcement agency.

Section 6. KRS 407.5602 is amended to read as follows:

(1) A support order or income-withholding order of another state may be registered in this state by sending the following documents and information to the Cabinet for Families and Children or the appropriate tribunal within this state wherein the obligor resides, works, or owns property:

(a) A letter of transmittal to the tribunal requesting registration and enforcement;

(b) Two (2) copies, including one (1) certified copy, of all orders to be registered, including any modification of an order;

(c) A sworn statement by the party seeking registration or a certified statement by the custodian of the records showing the amount of any arrearage;

(d) The name of the obligor and, if known;

1. The obligor's address and ***the obligor's*** Social Security number ***provided in accordance with Section 1 of this Act***;

2. The name and address of the obligor's employer and any other source of income of the obligor; and

3. A description and the location of property of the obligor in this state not exempt from execution; and

(e) The name and address of the obligee and, if applicable, the agency or person to whom support payments are to be remitted.

(2) On receipt of a request for registration, the registering tribunal shall cause the order to be filed as a foreign judgment, together with one (1) copy of the documents and information, regardless of their form.

(3) A petition or comparable pleading seeking a remedy that must be affirmatively sought under other law of this state may be filed at the same time as the request for registration or later. The pleading shall specify the grounds for the remedy sought.

HB 376, AN ACT relating to the homelessness prevention pilot project.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 194A IS CREATED TO READ AS FOLLOWS:

(1) The Cabinet for Health Services, the Justice Cabinet, and the Cabinet for Families and Children, in consultation with any other state agency as appropriate, shall develop and implement a homelessness prevention pilot project that offers institutional discharge planning to persons exiting from state-operated or supervised institutions involving corrections, mental health, and foster care programs.

(2) The pilot project shall be jointly supported by each of the cabinets. One (1) office for the pilot project shall be located in a family resource center or Department for Community Based Services building in Jefferson County due to its urban population, and one (1) office shall be located in Clinton, Cumberland, McCreary, or Wayne County, due to its rural population. This test pilot project shall have the following components:

- *(a) The primary goal of the project shall be to prepare a limited number of persons in a foster home under supervision by the Cabinet for Families and Children, corrections facility under supervision by the Justice Cabinet, and mental health facility under supervision by the Cabinet for Health Services for return or reentry into the community, and to offer information about any necessary linkage of the person to needed community services and supports. Participation of the person being discharged from the foster home or facility shall be voluntary. At least six (6) months prior to discharge, one (1) of each five (5) persons discharged shall be offered the opportunity to participate in the pilot program, with a cap on persons served in each office determined by available funding and staffing requirements.*
- *(b) Within thirty (30) days following the effective date of this Act, the cabinets shall support each director with the collection of information on available employment, social, housing, medical, mental health, and other community services in the county. The information shall include but not be limited to the service area of each public and private provider of services, the capacity of each provider to render services to persons served by the pilot project, the fees of each provider, contact names and telephone numbers for each provider, and an emergency contact for each provider.*
- *(c) Within thirty (30) days following the effective date of this Act, the cabinets and directors shall begin a program of education for each of the cabinet and foster home and facility staff who will participate in the development of a discharge plan for eligible persons under this section.*
- *(d) Upon placement of a person into a foster home, corrections facility, or mental health facility specified in paragraph (a) of this subsection, the person designated as the homelessness prevention coordinator for each such foster home or facility shall maintain a file relating to the person's social, housing, medical, and mental health needs. This file shall be updated from time to time as appropriate and pursuant to an administrative regulation promulgated by the cabinet in accordance with KRS Chapter 13A that establishes standards for the discharge summary. All applicable privacy and confidentiality laws shall be followed.*
- *(e) Six (6) months prior to the release of a person from a foster home, corrections facility, or mental health facility, a discharge coordinator for each such facility shall contact the homelessness prevention director for Jefferson County or the homelessness prevention director for Clinton, Cumberland, McCreary, or Wayne County, as appropriate, about the pending release of the person.*
- *(f) The director shall assist the discharge coordinator with the development of a final comprehensive discharge plan that addresses the employment, health care, housing, and other needs of the person to be released, subject to the consent of the person and the funding and staffing capabilities of the director. The discharge plan shall contain but not be limited to the following:*
  - *1. Estimated discharge date from the foster home, corrections facility, or mental health facility;*
  - *2. Education background of the person to be released, including any classes completed or skills obtained by the person while in the foster home, corrections facility, or mental health facility;*
  - *3. Summary of medical needs;*
  - *4. Summary of any social or family background information;*
  - *5. Summary of previous attempts to arrange for post-release residence, employment, medical and mental health services, housing, and other community-based services for the person; and*

6. Summary of available funding and public programs that may reimburse any services obtained from a provider listed in the discharge plan. Every effort shall be made in the discharge plan to refer the person to a provider that has agreed to an arranged public or private funding arrangement.

No discharge plan shall be completed unless the written consent, consistent with state and federal privacy laws, to compile the information and prepare the plan has been given by the person being released who has volunteered to participate in the pilot program.

(g) Discharge may be made to appropriate housing, including but not limited to a twenty-four (24) month transitional program, supportive housing, or halfway house. Discharge to an emergency shelter is not appropriate to meet the housing needs of the person being discharged from foster care, corrections facility, or mental health facility.

(h) Discharge planning shall be individualized, comprehensive, and coordinated with community-based services. Each discharge plan shall create a continuous, coordinated, and seamless system that is designed to meet the needs of the person. Staff of the foster home or facility and staff of community-based services providers shall be involved in the planning. Each facility shall utilize, wherever possible, community-based services within the facility to establish familiarity of the person residing in the facility with the services.

(i) For persons who require follow-up treatment, appropriate treatment services shall be included in the discharge plan.

(2) The primary goal of the project shall be to prepare a limited number of persons in a foster home under supervision by the Cabinet for Families and Children, corrections facility under supervision by the Justice Cabinet, and mental health facility under supervision by the Cabinet for Health Services for return or reentry into the community, and to offer information about any necessary linkage of the person to needed community services and supports.

The information shall include but not be limited to the service area of each public and private provider of services, the capacity of each provider to render services to persons served by the pilot project, the fees of each provider, contact names and telephone numbers for each provider, and an emergency contact for each provider.

(c) Within thirty (30) days following the effective date of this Act, the cabinets and directors shall begin a program of education for each of the cabinet and foster home and facility staff who will participate in the development of

This file shall be updated from time to time as appropriate and pursuant to an administrative regulation promulgated by the cabinet in accordance with KRS Chapter 13A that establishes standards for the discharge summary. All applicable privacy and confidentiality laws shall be followed in assembling and maintaining this file.

(b) Six (6) months prior to the expected date of discharge, the discharge coordinator for each such facility shall contact the homelessness prevention director for Jefferson County or the homelessness prevention director for Clinton, Cumberland, McCreary, or Wayne County, as appropriate, about the pending release of the volunteer participant who is eligible for discharge from a foster home or mental health facility or who will have served out his or her sentence in a corrections facility.

No discharge plan shall be completed unless the written consent, consistent with state and federal privacy laws, to compile the information and prepare the plan has been given by the person eligible for release who has volunteered to participate in the pilot program.

(4) Discharge planning shall include but not be limited to:

(a) Availability of appropriate housing, including but not limited to a twenty-four (24) month transitional program, supportive housing, or halfway house. A map giving the grades and bearings of the routes or locations shall be returned with the report.

If the court decides to undertake the proposed work the county judge/executive shall appoint a day for hearing the parties interested, and cause notices thereof to be given to all interested parties.

(4) If the county judge/executive at any time has sufficient evidence before him to enable him to ascertain what would be a just compensation to the proprietors and tenants, and if the proprietors and tenants are willing to accept what the county judge/executive deems just, the county judge/executive, upon such acceptance being reduced to writing and signed by the proprietors and tenants, may determine to undertake the work, subject to the consent and approval of the fiscal court.

The son of the late Harry Frederick and Margaret Carolyn Fischer Von Hoene, he is survived by his beloved daughters, Vanessa and Vickie; siblings, Margaret, Mary Ellen, Frank, and Thomas; grandsons, Cameron and Christian; and, a host of other family members, friends and loved ones. Most widely recognized for his portrayal of the beloved "Cool Ghoul," character that regularly hosted horror movies every weekend on WXIX-TV from 1969 until 1972, Mr. Von Hoene also served as a reporter and disc jockey for WUBE 105 and was a news announcer for WFKB in Florence, Kentucky. In 1987, he was hired by Insight Communications to serve as News Director but would go on to host the popular Northern Kentucky Magazine television show, a talk-variety program, for 12 years. During his time on the show, he remained committed to promoting the community, interviewing countless representatives of counties, cities, schools, and charitable organizations about their missions and activities, as well as numerous celebrities. His phenomenal skill as a host and interviewer and dedication to the community earned the show several accolades and that, along with his history in radio and television, earned him a place in the Greater Cincinnati Legends of Rock & Roll Hall of Fame. Inasmuch as the precious life of this esteemed young citizen was cut so tragically short, he is remembered on this day with great sorrow for the brevity of his journey on this earth and with profound reverence for the joy that his presence brought to his family and friends. Gentry Aubrey will be deeply missed by all those whose good fortune it was to know him. Done in Frankfort, Kentucky, this twelfth day of February, in the year two thousand and four.

The Kentucky Retirement Systems shall accept the transfer or rollover to the extent permitted under the rules specified in the applicable provisions of the Internal Revenue Code and any regulations and rulings issued thereunder. HB 360, AN ACT relating to unemployment insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 341.370 is amended to read as follows:

(1) A worker shall be disqualified from receiving benefits for the duration of any period of unemployment with respect to which:

(a) He has failed without good cause either to apply for available, suitable work when so directed by the employment office or the secretary or to accept suitable work when offered him, or to return to his customary self-employment when so directed by the secretary; or

(b) He has been discharged for misconduct or dishonesty connected with his most recent work, or from any work which occurred after the first day of the worker's base period and which last preceded his most recent work, but legitimate activity in connection with labor organizations or failure to join a company union shall not be construed as misconduct; or

(c) He has left his most recent suitable work or any other suitable work which occurred after the first day of the worker's base period and which last preceded his most recent work voluntarily without good cause attributable to the employment. No otherwise eligible worker shall be disqualified from receiving benefits for leaving his next most recent suitable work which was concurrent with his most recent work, or for leaving work which is one hundred (100) road miles or more, as measured on a one (1) way basis, from his home to accept work which is less than one hundred (100) road miles from his home, or for otherwise accepting work which is a bona fide job offer with a reasonable expectation of continued employment.

(2) A worker shall be disqualified from receiving benefits for any week with respect to which he knowingly made a false statement to establish his right to or the amount of his benefits, and, within the succeeding twenty-four (24) months, for the additional weeks immediately following the date of discovery, not to exceed a total of fifty-two (52), as may be determined by the secretary.

(3) No worker shall be disqualified under paragraph (b) or (c) of subsection (1) of this section unless the employer, within a reasonable time as prescribed by regulations promulgated by the secretary, notifies the Cabinet for Workforce Development and the worker in writing of the alleged voluntary quitting or the discharge for misconduct. Nothing in this subsection shall restrict the right of the secretary to disqualify a worker whose employer has refused or failed to notify the Cabinet for Workforce Development of the alleged voluntary quitting or discharge for misconduct, if the alleged voluntary quitting or discharge for misconduct is known to the secretary prior to the time benefits are paid to the worker. The exercise of the right by the secretary, in the absence of timely notice from the employer, shall not relieve the employer's reserve account or reimbursing employer's account of benefit charges under the provisions of subsection (3) of KRS 341.530.

(4) As used in this section and in subsection (3) of KRS 341.530, "most recent" work shall be construed as that work which occurred after the first day of the worker's base period and which last preceded the week of unemployment with respect to which benefits are claimed; except that, if the work last preceding the week of unemployment was seasonal, intermittent, or temporary in nature, most recent work may be construed as that work last preceding the seasonal, intermittent, or temporary work.

(5) No worker shall be disqualified or held ineligible under the provisions of this section or KRS 341.350, who is separated from employment pursuant to a labor management contract or agreement, or pursuant to an established employer plan, program, or policy, which permits the employer to close the plant or facility for purposes of vacation or maintenance.

(6) ***(a) No worker shall be disqualified or held ineligible under the provisions of this section or KRS 341.350, who leaves work due to circumstances directly resulting from domestic violence and abuse as defined in KRS***

403.720, and with respect to which:

1. The worker fears domestic violence and abuse at or on route to or from the worker's place of employment;

2. The worker wishes to relocate to another geographic area in order to avoid future domestic violence and abuse against the worker, the worker's family, or co-workers; or

3. The worker believes that leaving work is necessary for the future safety of the worker, the worker's family, or co-workers.

(b) To assist in the determination as to whether a worker has experienced domestic violence and abuse for the purpose of benefit eligibility, the worker shall provide documentation of domestic violence and abuse as prescribed in administrative regulations promulgated by the secretary, including but not limited to police or court records or other documentation of domestic violence and abuse from a shelter worker, attorney, member of the clergy, or medical or other professional from whom the worker has sought assistance.

(c) All documentation of evidence shall be kept confidential unless consent for disclosure is given by the worker.

(7) "Discharge for misconduct" as used in this section shall include, but not be limited to, separation initiated by an employer for falsification of an employment application to obtain employment through subterfuge; knowing violation of a reasonable and uniformly enforced rule of an employer; unsatisfactory attendance if the worker cannot show good cause for absences or tardiness; damaging the employer's property through gross negligence; refusing to obey reasonable instructions; reporting to work under the influence of alcohol or drugs or consuming alcohol or drugs on employer's premises during working hours; conduct endangering safety of self or co-workers; and incarceration in jail following conviction of a misdemeanor or felony by a court of competent jurisdiction, which results in missing at least five (5) days work.

(8)[~~(7)~~] "Duration of any period of unemployment," as that term is used in this section, shall be the period of time beginning with the worker's discharge, voluntary quitting, or failure to apply for or accept suitable work and running until the worker has worked in each of ten (10) weeks, whether or not consecutive, and has earned ten (10) times his weekly benefit rate in employment covered under the provisions of this chapter or a similar law of another state or of the United States.

Section 2. KRS 341.530 is amended to read as follows:

(1) The department shall maintain a reserve account for each subject employer making contributions to the fund and a reimbursing employer account for each subject employer making payment in lieu of contributions, and shall, except as provided in KRS 341.590, credit to such account the total amount of all contributions or benefit reimbursement paid by the employer on his own behalf. Nothing in this section or elsewhere in this chapter shall be construed to grant any employer or individual who is or was in his employ prior claims or rights to the amounts paid by him into the fund.

(2) Except as provided in subsection (3) of this section, all regular benefits paid to an eligible worker in accordance with KRS 341.380 plus the extended benefits paid in accordance with KRS 341.700 to 341.740, subject to the provisions of paragraphs (a) and (b) below, shall be charged against the reserve account or reimbursing employer account of his most recent employer. No employer shall be deemed to be the most recent employer unless the eligible worker to whom benefits are payable shall have worked for such employer in each of ten (10) weeks whether or not consecutive back to the beginning of the worker's base period.

(a) Subject employers, which are not governmental entities as defined in KRS 341.069, shall be charged one-half (1/2) of the extended benefits paid in accordance with KRS 341.700 to 341.740; and

(b) Subject employers which are governmental entities, as defined in KRS 341.069, shall be charged for all extended benefits paid in accordance with KRS 341.700 to 341.740 for compensable weeks occurring on or after January 1, 1979, and for one-half (1/2) of the extended benefits paid for compensable weeks occurring prior to such date.

(3) Notwithstanding the provisions of subsection (2) of this section, benefits paid to an eligible worker and chargeable to a contributing employer's reserve account under such subsection shall be charged against the pooled account if such worker was discharged by such employer for misconduct connected with his most recent work for such employer, voluntarily left his most recent work with such employer without good cause attributable to the employment, *voluntarily left the employer to protect himself or herself, his or her family, or co-workers from domestic violence and abuse,* or the employer has continued to provide part-time employment and wages, without interruption, to the same extent that was provided from the date of hire, and the employer within a reasonable time, as prescribed by regulation of the secretary, notifies the department, in writing, of the alleged voluntary quitting, discharge for misconduct or continuing part-time employment; provided, however, that no employer making payments to the fund in lieu of contributions shall be relieved of charges by reason of this subsection.

(4) Each subject employer's reserve account or reimbursing account shall, unless terminated as of the computation date (as defined in subsection (5) of KRS 341.270), be charged with all benefits paid to eligible workers which are chargeable to such reserve account or reimbursing account under subsection (2) of this section. A subject employer's reserve account or reimbursing account shall be deemed to be terminated if he has ceased to be subject to this chapter, and his account has been closed and any balance remaining therein has been transferred to the fund's pooled account or to a successor's account as provided in KRS 341.540 or has been refunded if the employer is a reimbursing employer.

(5) Notwithstanding subsection (1) of this section, two (2) or more nonprofit (Internal Revenue Code sec. 501(c)(3)) organizations may jointly request the secretary to establish a group reserve account or reimbursing account for such nonprofit organizations. Two (2) or more governmental entities may jointly request the secretary to establish a group reserve account or reimbursing account, and once established, such account shall remain in effect at least two (2) calendar years and thereafter until either dissolved at the discretion of the secretary or upon filing application for dissolution by the group members. Each member of a group shall be jointly and severally liable for all payments due under this chapter from each or all of such group members. The secretary shall prescribe such procedures as he deems necessary for the establishment, maintenance, and dissolution of a group reserve account or reimbursing account.

(6) Any subject contributing employer may at any time make voluntary payments to the fund, additional to the contributions required under KRS 341.260 and 341.270. Notwithstanding any other provision of this chapter, contributions paid on or before the computation date and voluntary payments made within twenty (20) days following the mailing of notices of new rates shall be credited to an employer's reserve account as of the computation date, provided no voluntary payments shall be used in computing an employer's rate unless the payment is made prior to the expiration of one hundred and twenty (120) days after the beginning of the year for which the rate is effective. Voluntary contributions by any employer subject to a minimum rate as provided in KRS 341.270(2) or KRS 341.272(1) shall not exceed any negative balance they may have in their reserve account as of the computation date. Any employer who is delinquent in the payment of contributions, penalties, or interest as of the computation date shall be entitled to make voluntary payments only after the amount of the delinquency is paid in full.

Section 3. KRS 341.360 is amended to read as follows:

No worker may be paid benefits for any week of unemployment:

(1) With respect to which a strike or other bona fide labor dispute which caused him to leave or lose his employment is in active progress in the establishment in which he is or was employed, except that benefits may be paid unless the employer notifies the department in writing within seven (7) days after the beginning of such alleged strike or labor dispute of the alleged existence of such strike or labor dispute. For the purpose of this subsection a lockout shall not be deemed to be a strike or a bona fide labor dispute and no worker shall be denied benefits by reason of a lockout;

(2) For which he has received or is seeking unemployment compensation under an unemployment compensation law of another state or of the United States, except as otherwise provided by an arrangement between this state and such other state or the United States. But if the appropriate agency of such state or of the United States finally determines that he is not entitled to such unemployment compensation, this subsection shall not apply; or

(3) (a) Which, when based on service in an instructional, research, or principal administrative capacity in an institution of higher education as defined in subsection (2) of KRS 341.067 or in an educational institution as defined in subsection (4) of KRS 341.067, begins during the period between two (2) successive academic years, or during a similar period between two (2) regular terms, whether or not successive, or during a period of paid sabbatical leave provided for in the individual's contract, if the worker performs such services in the first of such academic years or terms and if there is a contract or a reasonable assurance that the worker will perform such services in any such capacity for any institution or institutions of higher education or an educational institution in the second of such academic years or such terms; or

(b) Which, when based on service other than as defined in paragraph (a) of this subsection, in an institution of higher education or an educational institution, as defined in subsection (2) or (4) of KRS 341.067, begins during the period between two (2) successive academic years or terms, if the worker performs such services in the first of such academic years or terms and there is a reasonable assurance that the worker will perform such services in the second of such academic years or terms; except that if benefits are denied to any worker under this paragraph and such worker was not offered an opportunity to perform such services for such institution of higher education or such educational institution for the second of such academic years or terms, such worker shall be entitled to a retroactive payment of benefits for each week for which the worker filed a timely claim for benefits and for which benefits were denied solely by reason of this paragraph; or

(c) Which, when based on service in any capacity defined in paragraphs (a) and (b) of this subsection, begins during an established and customary vacation period or holiday recess if the worker performs any such services in the period immediately before such vacation period or holiday recess, and there is a reasonable assurance that such worker will perform any such services in the period immediately following such vacation period or holiday recess; or

(d) Based on service in any capacity defined in paragraph (a) or (b) of this subsection when such service is performed by the worker in an institution of higher education or an educational institution, as defined in subsection (2) or (4) of KRS 341.067, while the worker is in the employ of an educational service agency, and such unemployment begins during the periods and pursuant to the conditions specified in paragraphs (a), (b), and (c) of this subsection. For purposes of this paragraph the term "educational service agency" means a governmental agency or governmental entity which is established and operated exclusively for the purpose of providing such services to one (1) or more institutions of higher education or educational institutions.

(4) Except that any benefits paid to a worker based on service other than as defined in subsection (3)(a) of this section performed in an institution of higher education as defined in subsection (2) of KRS 341.067 shall be deemed to have been

paid as a result of departmental error and not recoverable by the cabinet or such institution if such payment is improper by virtue of the retroactive application to October 30, 1983, of subsection (3)(b) of this section.

(5) Benefits shall not be paid to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two (2) successive sport seasons (or similar periods) and there is a reasonable assurance that such individual will perform such services in the later of such seasons (or similar periods).

(6) (a) Benefits shall not be paid on the basis of services performed by an alien unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was residing in the United States under color of law at the time such services were performed (including an alien who was lawfully present in the United States as a result of the application of the provisions of Section 203(a)(7) or Section 212(d)(5) of the Immigration and Nationality Act).

(b) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(c) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of his alien status shall be made except upon a preponderance of the evidence.

(7) With respect to which the worker is suspended from work for misconduct, as defined in KRS 341.370*(7)*[~~(6)~~], connected with the work.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

PART I.

INSURANCE FILINGS

Section 1. KRS 304.13-051 is amended to read as follows:

(1) ***(a)*** In a competitive market, every insurer shall file with the commissioner rates and supplementary information to be used in this state for ***medical malpractice risks,*** commercial risks as designated by the commissioner and for all personal risks. The rates and supplementary rate information shall be filed not later than fifteen (15) days after the date of first use of the rates, unless the commissioner finds after a hearing that an insurer's rates require closer supervision because of the insurer's financial condition. On a finding, rates for both personal and commercial risks, supplementary rate information, and supporting information shall be filed with the commissioner at least thirty (30) days before the effective date of the rates. An order shall expire no later than one (1) year after it is issued.

(b) The commissioner may, when the commissioner deems it in the public interest, hold a public hearing on any medical malpractice insurance filing under this subsection within thirty (30) days after all rates and supplementary rate information have been filed. The commissioner may extend the thirty (30) day period by an additional thirty (30) day period.

(c) As to medical malpractice insurance, at the time of filing with the commissioner a proposed rate increase, the insurer shall notify each policyholder that the insurer has filed a proposed rate increase. The notice shall state the percentage by which the policyholder's current premium is anticipated to increase if the proposed rate increase is approved as filed.

(2) In a noncompetitive market, every insurer shall file with the commissioner all rates for that market, supplementary rate information, and supporting information at least thirty (30) days before the proposed effective date of the rates. On application of the filer, the commissioner may authorize an earlier effective date.

(3) Any rate filing in effect at the time the commissioner determines that competition does not exist pursuant to KRS 304.13-041 shall be deemed to be effective until disapproved pursuant to the procedures and rating standards of this chapter.

(4) Every insurer shall file with the commissioner all rating manuals and underwriting rules that it uses in this state not later than fifteen (15) days after they become effective. Manuals, rules, and guidelines must be adhered to until amended. The commissioner may exempt an insurer from filing supporting information if it files by reference, with or without deviation, to a filing which is in effect for another insurer or an advisory organization.

(5) (a) No insurer shall place into effect any rates, manuals, or underwriting rules which it proposes to use pursuant to subsection (1) or (4) of this section if the rates, manuals or underwriting rules will result in an increase or decrease of more than twenty-five percent (25%) from the insurer's then existing rates for any classification of risks in any of its rating territories within a twelve (12) month period of time.

(b) Any insurer which proposes to change its then existing rates, manuals, or underwriting rules so as to effectively increase or decrease the rates of any classification of risks within any rating territory more than twenty-five percent (25%) within a twelve (12) month period shall file all the rates and supplemental rating information which shall not become effective until approved by the commissioner.

(6) Rates and supplemental rating information for a residual market mechanism shall not become effective until approved by the commissioner.

(7) The commissioner shall review filings made in accordance with subsections (2), (5)(b) and (6) of this section as soon as reasonably possible after they have been made in order to determine whether they meet the applicable requirements of this chapter. Each filing shall be on file for a waiting period of thirty (30) days before it becomes effective, which period may be extended by the commissioner for an additional period not to exceed thirty (30) days if he gives written notice within the waiting period to the insurer which made the filing that additional time is needed for consideration of the filing. The commissioner may, when he deems it to be in the public interest, hold a public hearing on any filing before the filing becomes effective to determine whether the filing meets the requirements of this subtitle. In the event that a hearing is held under the provisions of this subsection, the waiting periods specified in this subsection shall not begin to run until thirty (30) days after the close of the hearing. The burden of establishing that the filing under consideration meets the requirements of this subtitle is on the insurer which makes the filing. A filing shall be deemed to meet the requirements of this subtitle unless disapproved by the commissioner within the waiting period or any extension thereof.

(8) At any hearing concerning an increase in worker's compensation rates conducted pursuant to subsection (7), the commissioner may approve a rate other than one that has been proposed by the filer if it is justified by the evidence presented at the hearing.

SECTION 2. A NEW SECTION OF SUBTITLE 40 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

Every medical malpractice insurer shall, before the first of March, 2005, and before the first of March in each year thereafter, file with the commissioner a medical malpractice insurance premium and market statement for the preceding calendar year which shall report the following data in aggregate by rating territory and by specialty in a format approved by the department:

(2) The annual premium actually charged for these policies;

PART II.

KENTUCKY HEALTH CARE PROVIDERS' MUTUAL INSURANCE AUTHORITY

SECTION 3. A NEW SECTION OF SUBTITLE 40 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) The General Assembly finds and declares:

(a) An adequate and available medical malpractice insurance market does not exist for all licensed health care providers in the Commonwealth;

(b) Medical malpractice insurance premiums have risen rapidly since 2000 after a decade of relatively flat prices;

(c) A lack of an adequate market for medical malpractice insurance threatens the economic welfare of the Commonwealth;

(d) It is in the interest of all Kentuckians that health care providers have the protection and availability of affordable medical malpractice insurance to practice medicine and that a means be provided to indemnify citizens of the Commonwealth who suffer injury and damages arising out of medical negligence;

(e) The General Assembly has a responsibility to ensure health care providers an available and adequate insurance mechanism through which health care providers may practice medicine in the Commonwealth and to ensure citizens that an adequate number of health care providers will be available to meet their health care needs across the Commonwealth; and

(f) Other states have created insurance entities to make medical malpractice insurance available to their health care providers in response to the need to ensure the availability of affordable medical malpractice insurance.

(2) Therefore, it is the intent of the General Assembly in creating the Kentucky Health Care Providers' Mutual Insurance Authority to establish a self-supporting competitive state fund for the purpose of providing both a market of last resort for health care providers in the Commonwealth and another competitive source of insurance in the market through which health care providers may secure and maintain their medical malpractice coverage.

SECTION 4. A NEW SECTION OF SUBTITLE 40 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) The Kentucky Health Care Providers' Mutual Insurance Authority is created as a nonprofit, independent, self-supporting de jure municipal corporation and political subdivision of the Commonwealth which shall be a public body corporate and politic to insure health care providers in the Commonwealth for medical malpractice. The General Assembly hereby recognizes that the operation of a competitive state fund is a unique activity for state government and that a corporate structure will best enable the authority to be managed in an entrepreneurial and business-like manner. The authority shall function in a manner similar to a governing board for a domestic mutual insurance company and shall be subject to the provisions of this chapter applicable to domestic mutual insurance companies, unless otherwise provided or exempted in Sections 3 to 23 of this Act.

(2) Except for initial funding for start-up, the authority shall be entirely self-supporting.

(3) The authority or its liabilities shall not be deemed to constitute a debt or a liability of the Commonwealth or a pledge of the faith and credit of the Commonwealth.

(4) The authority shall provide coverage and issue policies as an insurer in the voluntary market and as an insurer of last resort.

(2) Not earlier than twenty (20) days after the filing of a complaint, and no later than thirty (30) days after the filing of the responsive pleading in any action brought for malpractice against a health care provider, either party may request the formation of a medical review panel by serving a request by registered or certified mail upon all parties and by filing a copy of the request with the clerk of the Circuit Court in which the malpractice action was filed.

(3) If a panel is requested, proceedings on the action based on the alleged malpractice shall be stayed during the period of review by the medical review panel, except that the judge hearing the case may rule on any motions, demurrers, or pleas that can be disposed of as a matter of law, set the trial date after the panel has been selected and, prior to the selection of the panel, shall rule on any motions to transfer venue.

SECTION 26. A NEW SECTION OF KRS CHAPTER 411 IS CREATED TO READ AS FOLLOWS:

(1) (a) A medical review panel consists of one (1) attorney and three (3) health care providers.

(b) The attorney member of the medical review panel shall act as chair of the panel and in an advisory capacity, but may not vote.

(c) The chair shall expedite the selection of the other panel members, convene the panel, and expedite the panel's review of the proposed complaint. The attorney shall notify all parties, who shall then select a new chair as provided in subsection (2) of Section 26 of this Act.

(c) To show good cause for relief from serving, a health care provider member of a medical review panel must serve an affidavit upon the panel chair. The affidavit must set out the facts showing that service would

(6) Parties may mutually agree to select a mediator of their choice or, if they cannot agree within twenty (20) days after all responsive pleadings are filed in the lawsuit, a mediator shall be appointed by the court in which the action is pending.

(7) At least seven (7) days before the mediation, parties shall provide the mediator with a statement of issues, which identifies the issues in dispute and the parties' positions and interests. The pleadings and any documents of importance to the case shall be included.

(8) If any party fails to submit a statement of issues or to attend within the first thirty (30) minutes of the mediation session, the mediator may cancel the mediation and file with the court a certificate of noncompliance. The party responsible for the cancellation will be required to pay any cancellation fees charged by the mediator and may be subject to sanctions imposed by the court.

(9) The mediation may be held anywhere that is acceptable to the parties, such as the mediator's office, the office of any party or lawyer, or at the court facilities.

(10) All parties and, if they are represented, their lawyers and, if they are insured, a representative of their insurer shall attend the mediation. A lawyer may not attend in the place of a party. Those present shall have authority to settle the case and the parties shall extend authority to settle to their insurers, if any, where consent to settle is required by the policy of insurance. If a corporation, partnership, or other organization is a claimant or a defendant, it shall be represented by an individual who is authorized to make a decision on its behalf.

(11) Agreements resolving some or all of the issues in dispute shall be in writing and signed by the parties or their lawyers. If the parties settle the case, the parties shall file a notice with the court advising of the settlement with ten (10) days of the agreement being signed. Agreements reached at mediation are legally binding. If a party fails to comply with a signed agreement, any other party to the agreement may bring a motion for judgment under the terms of the agreement or continue the legal proceedings as if there had been no agreement.

(12) After the session, the mediator shall complete and file a report on the outcome of the mediation with the court in which the action is pending.

(13) The mediator's fee shall be paid equally by the parties.

The acknowledgment shall bind the plaintiff from the right of collecting any personal assets of the named defendant, whether the defendant is an individual, partnership, association, corporation, or institution. PART I.

INSURANCE FILINGS

Section 1. KRS 304.13-051 is amended to read as follows:

(1) *(a)* In a competitive market, every insurer shall file with the commissioner rates and supplementary information to be used in this state for *medical malpractice risks,* commercial risks as designated by the commissioner and for all personal risks. *Except as provided in paragraph (b) of this subsection,* the rates and supplementary rate information shall be filed not later than fifteen (15) days after the date of first use of the rates, unless the commissioner finds after a hearing that an insurer's rates require closer supervision because of the insurer's financial condition. On a finding, rates for both personal and commercial risks, supplementary rate information, and supporting information shall be filed with the commissioner at least thirty (30) days before the effective date of the rates. An order shall expire no later than one (1) year after it is issued.

(b) As to medical malpractice risks, every insurer, who for the entire ninety (90) day period prior to filing its medical malpractice insurance rates did not issue or renew medical malpractice insurance policies in Kentucky, shall file with the commissioner all rates for that market, supplementary rate information, and supporting information at least thirty (30) days before the proposed effective date of the rates. On application of the filer, the commissioner may authorize an earlier effective date.

(c) The commissioner may, if the commissioner determines that a hearing could aid the commissioner in determining whether to approve or disapprove the filing or when the commissioner deems it in the public interest, hold a public hearing on any medical malpractice insurance filing under this subsection within thirty (30) days after all rates and supplementary rate information have been filed. The commissioner may extend the thirty (30) day period by an additional thirty (30) day period.

(d) As to medical malpractice insurance, at the time of filing with the commissioner a proposed rate increase, the insurer shall notify each policyholder that the insurer has filed a proposed rate increase. The notice shall state the percentage by which the policyholder's current premium is anticipated to increase if the proposed rate increase is approved as filed.

(2) In a noncompetitive market, every insurer shall file with the commissioner all rates for that market, supplementary rate information, and supporting information at least thirty (30) days before the proposed effective date of the rates. On application of the filer, the commissioner may authorize an earlier effective date.

(3) Any rate filing in effect at the time the commissioner determines that competition does not exist pursuant to KRS 304.13-041 shall be deemed to be effective until disapproved pursuant to the procedures and rating standards of this chapter.

(4) Every insurer shall file with the commissioner all rating manuals and underwriting rules that it uses in this state not later than fifteen (15) days after they become effective. Manuals, rules, and guidelines must be adhered to until amended. The commissioner may exempt an insurer from filing supporting information if it files by reference, with or without deviation, to a filing which is in effect for another insurer or an advisory organization.

(5) (a) No insurer shall place into effect any rates, manuals, or underwriting rules which it proposes to use pursuant to subsection (1) or (4) of this section if the rates, manuals or underwriting rules will result in an increase or decrease of more than twenty-five percent (25%) from the insurer's then existing rates for any classification of risks in any of its rating territories within a twelve (12) month period of time.

(b) Any insurer which proposes to change its then existing rates, manuals, or underwriting rules so as to effectively increase or decrease the rates of any classification of risks within any rating territory more than twenty-five percent (25%) within a twelve (12) month period shall file all the rates and supplemental rating information which shall not become effective until approved by the commissioner.

(6) Rates and supplemental rating information for a residual market mechanism shall not become effective until approved by the commissioner.

(7) The commissioner shall review filings made in accordance with subsections (2), (5)(b) and (6) of this section as soon as reasonably possible after they have been made in order to determine whether they meet the applicable requirements of this chapter. Each filing shall be on file for a waiting period of thirty (30) days before it becomes effective, which period may be extended by the commissioner for an additional period not to exceed thirty (30) days if he gives written notice within the waiting period to the insurer which made the filing that additional time is needed for consideration of the filing. The commissioner may, when he deems it to be in the public interest, hold a public hearing on any filing before the filing becomes effective to determine whether the filing meets the requirements of this subtitle. In the event that a hearing is held under the provisions of this subsection, the waiting periods specified in this subsection shall not begin to run until thirty (30) days after the close of the hearing. The burden of establishing that the filing under consideration meets the requirements of this subtitle is on the insurer which makes the filing. A filing shall be deemed to meet the requirements of this subtitle unless disapproved by the commissioner within the waiting period or any extension thereof.

(8) At any hearing concerning an increase in worker's compensation rates conducted pursuant to subsection (7), the commissioner may approve a rate other than one that has been proposed by the filer if it is justified by the evidence presented at the hearing.

SECTION 2. A NEW SECTION OF SUBTITLE 40 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

Every medical malpractice insurer shall, before the first of March, 2005, and before the first of March in each year thereafter, file with the commissioner a medical malpractice insurance premium and market statement for the preceding calendar year which shall report the following data in aggregate by rating territory and by specialty in a format approved by the department:

(2) The annual premium actually charged for these policies;

KENTUCKY HEALTH CARE PROVIDERS' MUTUAL INSURANCE AUTHORITY

SECTION 3. A NEW SECTION OF SUBTITLE 40 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) The General Assembly finds and declares:

  (a) An adequate and available medical malpractice insurance market does not exist for all licensed health care providers in the Commonwealth;

  (b) Medical malpractice insurance premiums have risen rapidly since 2000 after a decade of relatively flat prices;

  (c) A lack of an adequate market for medical malpractice insurance threatens the economic welfare of the Commonwealth;

  (d) It is in the interest of all Kentuckians that health care providers have the protection and availability of affordable medical malpractice insurance to practice medicine and that a means be provided to indemnify citizens of the Commonwealth who suffer injury and damages arising out of medical negligence;

  (e) The General Assembly has a responsibility to ensure health care providers an available and adequate insurance mechanism through which health care providers may practice medicine in the Commonwealth and to ensure citizens that an adequate number of health care providers will be available to meet their health care needs across the Commonwealth; and

  (f) Other states have created insurance entities to make medical malpractice insurance available to their health care providers in response to the need to ensure the availability of affordable medical malpractice insurance.

(2) Therefore, it is the intent of the General Assembly in creating the Kentucky Health Care Providers' Mutual Insurance Authority to establish a self-supporting competitive state fund for the purpose of providing both a market of last resort for health care providers in the Commonwealth and another competitive source of insurance in the market through which health care providers may secure and maintain their medical malpractice coverage.

SECTION 4. A NEW SECTION OF SUBTITLE 40 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

The General Assembly hereby recognizes that the operation of a competitive state fund is a unique activity for state government and that a corporate structure will best enable the authority to be managed in an entrepreneurial and business-like manner.

The authority shall function in a manner similar to a governing board for a domestic mutual insurance company and shall be subject to the provisions of this chapter applicable to domestic mutual insurance companies, unless otherwise provided or exempted in Sections 3 to 23 of this Act.

(2) Except for initial funding for start-up, the authority shall be entirely self-supporting.

(3) The authority or its liabilities shall not be deemed to constitute a debt or a liability of the Commonwealth or a pledge of the faith and credit of the Commonwealth.

(4) The authority shall provide coverage and issue policies as an insurer in the voluntary market and as an insurer of last resort.

In addition to the exemptions listed in KRS Chapter 61, proceedings to discuss rates, proposed rates, or anything that relates to rates if that discussion would jeopardize the competitiveness of the authority may be closed, as well as, proceedings which would provide an unfair competitive advantage to private sector competitors providing medical malpractice coverage in the Commonwealth.

(2) All records of the authority shall be deemed open records and subject to public inspection, unless:

HB 435, AN ACT relating to fire departments and making an appropriation therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 95A.262 is amended to read as follows:

(1) The Commission on Fire Protection Personnel Standards and Education shall, in cooperation with the Cabinet for Health Services, develop and implement a continuing program to inoculate every paid and volunteer firefighter in Kentucky against hepatitis B. The program shall be funded from revenues allocated to the Firefighters Foundation Program fund pursuant to KRS 136.392 and 42.190. Any fire department which has inoculated its personnel during the period of July 1, 1991 to July 14, 1992, shall be reimbursed from these revenues for its costs incurred up to the amount allowed by the Cabinet for Human Resources for hepatitis B inoculations.

(2) Except as provided in subsection (3) of this section, the Commission on Fire Protection Personnel Standards and Education shall allot on an annual basis a share of the funds accruing to and appropriated for volunteer fire department aid to volunteer fire departments in cities of all classes, fire protection districts organized pursuant to KRS Chapter 75, county

districts established under authority of KRS 67.083, and volunteer fire departments created as nonprofit corporations pursuant to KRS Chapter 273. The commission shall allot eight thousand dollars ($8,000) annually to each qualifying department, and beginning on July 1, 2001, the commission shall allot eight thousand two hundred fifty dollars ($8,250) annually to each qualifying department. Any qualifying department which fails to participate satisfactorily in the Kentucky fire incident reporting system as described in KRS 304.13-380 shall forfeit annually five hundred dollars ($500) of its allotment. If two (2) or more qualified volunteer fire departments, as defined in KRS 95A.500 to 95A.560, merge after January 1, 2000, then the allotment shall be in accordance with the provisions of KRS 95A.500 to 95A.560. The commission shall recommend to the commissioner of the Department of Housing, Buildings and Construction the promulgation of administrative regulations in accordance with the provisions of KRS Chapter 13A to define satisfactory participation in the Kentucky fire incident reporting system. Administrative regulations for determining qualifications shall be based on the number of both paid firefighters and volunteer firemen within a volunteer fire department, the amount of equipment, housing facilities available, and such other matters or standards as will best effect the purposes of the volunteer fire department aid law. A qualifying department shall include at least twelve (12) firefighters, a chief, and at least one (1) operational fire apparatus or one (1) on order. Fifty percent (50%) of the firefighters shall have completed at least one-half (1/2) of one hundred fifty (150) training hours toward certification within the first six (6) months of the first year of the department's application for certification, and there shall be a plan to complete the one hundred fifty (150) training hours within the second year. These personnel, equipment, and training requirements shall not be made more stringent by the promulgation of administrative regulations. No allotment shall exceed the total value of the funds, equipment, lands, and buildings made available to the local fire units from any source whatever for the year in which the allotment is made. A portion of the funds provided for above may be used to purchase group or blanket health insurance and shall be used to purchase workers' compensation insurance, and the remaining funds shall be distributed as set forth in this section.

(3) There shall be allotted two hundred thousand dollars ($200,000) of the insurance premium surcharge proceeds accruing to the Firefighters Foundation Program fund that shall be allocated each fiscal year of the biennium to the firefighters training center fund, which is hereby created and established, for the purposes of constructing new or upgrading existing training centers for firefighters. If any moneys in the training center fund remain uncommitted, unobligated, or unexpended at the close of the first fiscal year of the biennium, then such moneys shall be carried forward to the second fiscal year of the biennium, and shall be reallocated to and for the use of the training center fund, in addition to the second fiscal year's allocation of two hundred thousand dollars ($200,000). Prior to funding any project pursuant to this subsection, a proposed project shall be approved by the Commission on Fire Protection Personnel Standards and Education as provided in subsection (4) of this section and shall comply with state laws applicable to capital construction projects.

(4) Applications for funding low-interest loans and firefighters' training centers shall be submitted to the Commission on Fire Protection Personnel Standards and Education for their recommendation, approval, disapproval, or modification. The commission shall review applications periodically, and shall, subject to funds available, recommend which applications shall be funded and at what levels, together with any terms and conditions the commission deems necessary.

(5) Any department or entity eligible for and receiving funding pursuant to this section shall have a minimum of fifty percent (50%) of its personnel certified as recognized by the Commission on Fire Protection Personnel Standards and Education.

(6) Upon the written request of any department, the Commission on Fire Protection Personnel Standards and Education shall make available a certified training program in a county of which such department is located.

(7) The amount of reimbursement for any given year for costs incurred by the Kentucky Community and Technical College System for administering these funds, including, but not limited to, the expenses and costs of commission operations, shall be determined by the commission and shall not exceed five percent (5%) of the total amount of moneys accruing to the Firefighters Foundation Program fund which are allotted for the purposes specified in this section during any fiscal year.

(8) The commission shall withhold from the general distribution of funds under subsection (2) of this section an amount which it deems sufficient to reimburse volunteer fire departments for equipment lost or damaged beyond repair due to hazardous material incidents.

(9) Moneys withheld pursuant to subsection (8) of this section shall be distributed only under the following terms and conditions:

(a) A volunteer fire department has lost or damaged beyond repair items of personal protective clothing or equipment due to that equipment having been lost or damaged as a result of an incident in which a hazardous material (as defined in any state or federal statute or regulation) was the causative agent of the loss;

(b) The volunteer fire department has made application in writing to the commission for reimbursement in a manner approved by the commission and the loss and the circumstances thereof have been verified by the commission;

(c) The loss of or damage to the equipment has not been reimbursed by the person responsible for the hazardous materials incident or by any other person;

(d) The commission has determined that the volunteer fire department does not have the fiscal resources to replace the equipment;

(e) The commission has determined that the equipment sought to be replaced is immediately necessary to protect the lives of the volunteer firefighters of the fire department;

(f) The fire department has agreed in writing to subrogate all claims for and rights to reimbursement for the lost or damaged equipment to the Commonwealth to the extent that the Commonwealth provides reimbursement to the department; and

(g) The department has shown to the satisfaction of the commission that it has made reasonable attempts to secure reimbursement for its losses from the person responsible for the hazardous materials incident and has been unsuccessful in the effort.

(10) If a volunteer fire department has met all of the requirements of subsection (9) of this section, the commission may authorize a reimbursement of equipment losses not exceeding ten thousand dollars ($10,000) or the actual amount of the loss, whichever is less.

(11) Moneys which have been withheld during any fiscal year which remain unexpended at the end of the fiscal year shall be distributed in the normal manner required by subsection (2) of this section during the following fiscal year.

(12) No volunteer fire department may receive funding for equipment losses more than once during any fiscal year.

(13) The commission shall make reasonable efforts to secure reimbursement from the responsible party for any moneys awarded to a fire department pursuant to this section.

(14) There shall be allotted each year of the 1992-93 biennium one million dollars ($1,000,000), and each year of the 1994-95, 1996-97, 1998-99, and 2000-01 bienniums one million dollars ($1,000,000) of the insurance premium surcharge proceeds accruing to the Firefighters Foundation Program fund for the purpose of creating a revolving low-interest loan fund, which shall thereafter be self-sufficient and derive its operating revenues from principal and interest payments. The commission, in accordance with the procedures in subsection (4) of this section, may make low-interest loans, and the interest thereon shall not exceed three percent (3%) annually or the amount needed to sustain operating expenses of the loan fund, whichever is less, to volunteer fire departments for the purposes of major equipment purchases and facility construction. Loans shall be made to departments which achieve the training standards necessary to qualify for volunteer fire department aid allotted pursuant to subsection (2) of this section, and which do not have other sources of funds at rates which are favorable given their financial resources. The proceeds of loan payments shall be returned to the loan fund for the purpose of providing future loans. If a department does not make scheduled loan payments, the commission may withhold any grants payable to the department pursuant to subsection (2) of this section until the department is current on its payments. Money in the low-interest loan fund shall be used only for the purposes specified in this subsection. Any funds remaining in the fund at the end of a fiscal year shall be carried forward to the next fiscal year for the purposes of the fund.

(15) For fiscal year 2004-2005 and each fiscal year thereafter there is allotted one million dollars ($1,000,000) from the fund established in Section 2 of this Act to be used by the commission to conduct training-related activities.

Section 2. KRS 95A.220 is amended to read as follows:

(1) There is established the "Firefighters Foundation Program Fund" consisting of appropriations from the general fund of the Commonwealth of Kentucky, and insurance premium surcharge proceeds and earnings on the investments of those proceeds which accrue to this fund pursuant to KRS 42.190 and 136.392. The fund may also receive any other funds, gifts or grants made available to the state for distribution to local governments and volunteer fire departments in accordance with the provisions of KRS 95A.200 to 95A.300 and KRS 95A.262.

(2) All moneys remaining in this fund on July 1, 1982, and deposited thereafter, including earnings from their investment, shall be deemed a trust and agency account. Beginning with the fiscal year 1994-95, through June 30, 1999, moneys remaining in the account at the end of the fiscal year in excess of three million dollars ($3,000,000) shall lapse, but moneys in the revolving loan fund established in KRS 95A.262 shall not lapse. On and after July 1, 1999, moneys in this account shall not lapse.

(3) Moneys in the fund are hereby appropriated by the General Assembly for the purposes provided in KRS 95A.200 to 95A.300.

No allotment shall exceed the total value of the funds, equipment, lands, and buildings made available to the local fire units from any source whatever for the year in which the allotment is made. A portion of the funds provided for above may be used to purchase group or blanket health insurance and shall be used to purchase workers' compensation insurance, and the remaining funds shall be distributed as set forth in this section.

(3) There shall be allotted two hundred thousand dollars ($200,000) of the insurance premium surcharge proceeds accruing to the Firefighters Foundation Program fund that shall be allocated each fiscal year of the biennium to the firefighters training center fund, which is hereby created and established, for the purposes of constructing new or upgrading existing training centers for firefighters. If any moneys in the training center fund remain uncommitted, unobligated, or unexpended at the close of the first fiscal year of the biennium, then such moneys shall be carried forward to the second fiscal year of the biennium, and shall be reallocated to and for the use of the training center fund, in addition to the second fiscal year's allocation of two hundred thousand dollars ($200,000). Prior to funding any project pursuant to this subsection, a proposed project shall be approved by the Commission on Fire Protection Personnel Standards and Education as provided in subsection (4) of this section and shall comply with state laws applicable to capital construction projects.

(4) Applications for funding low-interest loans and firefighters' training centers shall be submitted to the Commission on Fire Protection Personnel Standards and Education for their recommendation, approval, disapproval, or modification. The commission shall review applications periodically, and shall, subject to funds available, recommend which applications shall be funded and at what levels, together with any terms and conditions the commission deems necessary.

(5) Any department or entity eligible for and receiving funding pursuant to this section shall have a minimum of fifty percent (50%) of its personnel certified as recognized by the Commission on Fire Protection Personnel Standards and Education.

(6) Upon the written request of any department, the Commission on Fire Protection Personnel Standards and Education shall make available a certified training program in a county of which such department is located.

(7) The amount of reimbursement for any given year for costs incurred by the Kentucky Community and Technical College System for administering these funds, including, but not limited to, the expenses and costs of commission operations, shall be determined by the commission and shall not exceed five percent (5%) of the total amount of moneys accruing to the Firefighters Foundation Program fund which are allotted for the purposes specified in this section during any fiscal year.

(8) The commission shall withhold from the general distribution of funds under subsection (2) of this section an amount which it deems sufficient to reimburse volunteer fire departments for equipment lost or damaged beyond repair due to hazardous material incidents.

(9) Moneys withheld pursuant to subsection (8) of this section shall be distributed only under the following terms and conditions:

(a) A volunteer fire department has lost or damaged beyond repair items of personal protective clothing or equipment due to that equipment having been lost or damaged as a result of an incident in which a hazardous material (as defined in any state or federal statute or regulation) was the causative agent of the loss;

(b) The volunteer fire department has made application in writing to the commission for reimbursement in a manner approved by the commission and the loss and the circumstances thereof have been verified by the commission;

(c) The loss of or damage to the equipment has not been reimbursed by the person responsible for the hazardous materials incident or by any other person;

(d) The commission has determined that the volunteer fire department does not have the fiscal resources to replace the equipment;

(e) The commission has determined that the equipment sought to be replaced is immediately necessary to protect the lives of the volunteer firefighters of the fire department;

(f) The fire department has agreed in writing to subrogate all claims for and rights to reimbursement for the lost or damaged equipment to the Commonwealth to the extent that the Commonwealth provides reimbursement to the department; and

(g) The department has shown to the satisfaction of the commission that it has made reasonable attempts to secure reimbursement for its losses from the person responsible for the hazardous materials incident and has been unsuccessful in the effort.

(10) If a volunteer fire department has met all of the requirements of subsection (9) of this section, the commission may authorize a reimbursement of equipment losses not exceeding ten thousand dollars ($10,000) or the actual amount of the loss, whichever is less.

(11) Moneys which have been withheld during any fiscal year which remain unexpended at the end of the fiscal year shall be

distributed in the normal manner required by subsection (2) of this section during the following fiscal year.

(12) No volunteer fire department may receive funding for equipment losses more than once during any fiscal year.

(13) The commission shall make reasonable efforts to secure reimbursement from the responsible party for any moneys awarded to a fire department pursuant to this section.

(14) There shall be allotted each year of the 1992-93 biennium one million dollars ($1,000,000), and each year of the 1994-95, 1996-97, 1998-99, and 2000-01 bienniums one million dollars ($1,000,000) of the insurance premium surcharge proceeds accruing to the Firefighters Foundation Program fund for the purpose of creating a revolving low-interest loan fund, which shall thereafter be self-sufficient and derive its operating revenues from principal and interest payments. The commission, in accordance with the procedures in subsection (4) of this section, may make low-interest loans, and the interest thereon shall not exceed three percent (3%) annually or the amount needed to sustain operating expenses of the loan fund, whichever is less, to volunteer fire departments for the purposes of major equipment purchases and facility construction. Loans shall be made to departments which achieve the training standards necessary to qualify for volunteer fire department aid allotted pursuant to subsection (2) of this section, and which do not have other sources of funds at rates which are favorable given their financial resources. The proceeds of loan payments shall be returned to the loan fund for the purpose of providing future loans. If a department does not make scheduled loan payments, the commission may withhold any grants payable to the department pursuant to subsection (2) of this section until the department is current on its payments. Money in the low-interest loan fund shall be used only for the purposes specified in this subsection. Any funds remaining in the fund at the end of a fiscal year shall be carried forward to the next fiscal year for the purposes of the fund.

Section 2. KRS 95A.250 is amended to read as follows:

(1) Beginning July 1, 1982, an eligible local government shall be entitled to receive annually a supplement of two thousand seven hundred fifty dollars ($2,750) for each qualified professional firefighter it employs, and beginning on July 1, 1999, an annual supplement of three thousand dollars ($3,000) for each qualified professional firefighter it employs, plus an amount equal to the required employer's contribution on the supplement to the defined benefit pension plan, or to a plan qualified under Section 401(a) or Section 457 of the Internal Revenue Code of 1954 as amended, provided that the employer's contribution on the supplement to any of these plans shall not exceed that amount which is required of employers under the County Employees Retirement System pursuant to KRS Chapter 78, to which the officer belongs, but no more than the required employer's contribution to the County Employees Retirement System hazardous duty category. In the case of County Employees Retirement System membership, the pension contribution on the supplement shall be paid whether the officer enters the system under hazardous duty coverage or nonhazardous coverage. The local unit of government shall pay the amount received for retirement coverage to the appropriate retirement system to cover the required employer contribution on the pay supplement. Should the foundation program funds be insufficient to pay employer contributions to the system, then the total amount available for pension payments shall be prorated to each eligible government so that each receives the same percentage of required pension costs attributable to the cash salary supplement.

(2) Each qualified professional firefighter, whose local government receives a supplement pursuant to subsection (1) of this section, shall be paid by that local government the supplement which his *or her* qualifications brought to the local government. The supplement paid each qualified firefighter shall be in addition to his *or her* regular salary.

(3) Beginning with the effective date of this Act:

(a) The Kentucky Community and Technical College System shall be entitled to receive annually a supplement of three thousand dollars ($3,000) for each Kentucky fire and rescue training coordinator employed by the Kentucky Community and Technical College System who meets the qualifications required in KRS 95A.230, plus an amount equal to the required employer's contribution on the supplement to the defined benefit pension plan; and

Each fire and rescue training coordinator employed by the Kentucky Community and Technical College System and each civilian firefighter employed by the Kentucky Air National Guard, whose employer receives a supplement pursuant to this subsection, shall be paid by that employer the supplement which his or her qualifications brought to the employer. The supplement paid shall be in addition to his or her regular salary.

HB 296, AN ACT relating to fair competition in the marketing of motor fuel.

WHEREAS, the General Assembly finds that the marketing of motor fuel in the Commonwealth affects the public interest; and

WHEREAS, the General Assembly finds that independent and small dealers and distributors of motor fuel are vital to a healthy, competitive marketplace and that certain marketing practices are contrary to the public interest because they impair a fair, competitive environment and tend to create and foster monopolies; and

WHEREAS, the General Assembly finds that independent and small dealers and distributors of motor fuel have made significant investments in property, equipment and environmental controls for the purpose of making motor fuel available to all areas of the Commonwealth; and

WHEREAS, the General Assembly finds that independent and small dealers and distributors cannot survive in a market environment that allows certain pricing schemes at the wholesale or retail level; and

WHEREAS, the General Assembly finds that subsidized pricing of motor fuel is inherently unfair, reduces competition, and ultimately tends to increase the price of motor fuel while decreasing the accessibility and availability of motor fuel in some areas; and

WHEREAS, the General Assembly finds that unfair competition that injures a single competitor results in injury to the entire market, thus creating an environment that injures and is contrary to the public interest; and

WHEREAS, the General Assembly declares it is the legislature's intent to encourage fair and honest competition, and to safeguard the public against the creation of monopolies or other unfair methods of competition, involving the sale of motor fuel in both the wholesale and retail trades within the Commonwealth; and

WHEREAS, the General Assembly declares that it is an unfair trade practice to advertise, offer for sale, or sell motor fuel below cost or at a cost lower than that charged other persons on the same marketing level; and

WHEREAS, the General Assembly declares it to be the policy of the Commonwealth to promote the general welfare through the prohibition of unfair trade practices; and

WHEREAS, the General Assembly declares the purpose of this Act is to carry out fair competition in the public's interest, provide for exceptions under limited circumstances, provide for the enforcement of the provisions of this Act, and provide penalties for violating the provisions of this Act;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 365 IS CREATED TO READ AS FOLLOWS:

(8) "Posted terminal price" means a refiner's posted price at a terminal, by grade of motor fuel, to the wholesale class of trade within a relevant geographic market. If a refiner does not have a posted terminal price in a relevant geographic market, the refiner's posted terminal price shall be deemed to be no lower than the lowest posted terminal price of motor fuel of like grade and quality of any other refiner selling to the wholesale class of trade in the relevant geographic market;

(9) "Refiner" means a person who stores or exchanges motor fuel at a terminal facility inside or outside the boundaries of the Commonwealth and who sells or transfers motor fuel through the loading rack at a terminal facility, or produces or refines motor fuel, whether the production or refining occurs within the boundaries of the Commonwealth or elsewhere, and includes an affiliate of the refiner with respect to the affiliate's sale of motor fuel;

(10) "Refiner cost" means a refiner's posted terminal price plus state, federal, and local taxes, inspection fees applicable to motor fuel, freight charges to the refiner's retail facility, and amortized costs attributed to the UST system;

(14) "Supplier" means a wholesaler or person that supplies motor fuel to any retail facility;

(15) "Terminal facility" means a facility used for the purpose of storing, handling, or transferring motor fuel, but does not include bulk storage facilities owned or operated by a wholesaler;

(17) "Wholesaler" means a person, other than a refiner or dealer, who purchases motor fuel at a terminal facility and supplies motor fuel to retail facilities.

SECTION 2. A NEW SECTION OF KRS CHAPTER 365 IS CREATED TO READ AS FOLLOWS:

(1) It shall be unlawful for a refiner or nonrefiner who is engaged in commerce in the Commonwealth to sell any grade and quality of motor fuel at retail below refiner or nonrefiner cost where the effect is to injure competition.

(2) It shall be unlawful for a refiner who is engaged in commerce in the Commonwealth to sell any grade and quality of motor fuel at a retail facility at a price that is below the price charged by the refiner to a wholesaler or dealer under written contract for the like grade and quality of motor fuel, to the extent that the wholesaler or dealer resells the motor fuel in the relevant geographic market where the refiner's retail price is in effect, where the effect is to injure competition.

(3) It shall be unlawful for a refiner or nonrefiner engaged in commerce in the Commonwealth to sell for resale any grade and quality of motor fuel at a price lower than the price at which the seller contemporaneously sells motor fuel of like grade and quality to another person on the same level of distribution within the same relevant geographic market as the purchaser, where the effect is to injure competition.

(4) It shall be unlawful for a refiner or nonrefiner engaged in commerce in the Commonwealth to knowingly receive for resale any grade and quality of motor fuel at a price lower than the price at which the seller from which the motor fuel is purchased or received contemporaneously sells motor fuel of like grade and quality to another person on the same level of distribution and within the same relevant geographic market as the purchaser, where the effect is to injure competition.

(5) It shall be unlawful for a refiner engaged in commerce in the Commonwealth to offer or give any rebate, subsidy, or concession on the sale of motor fuel, either directly or indirectly, when the refiner does not provide the same rebate, subsidy, or concession on proportionately equal terms to all persons purchasing for resale in the relevant geographic market, where the effect is to injure competition. If a wholesaler receives a rebate, rent subsidy, or concession, the wholesaler shall offer the rebate, rent subsidy, concession, or the equivalent of the rebate, rent subsidy, or concession to any retail outlet supplied by the wholesaler on proportionately equal terms. A rebate, subsidy, or concession provided in a good faith effort to meet a competitor's price is not a violation of Sections 1 to 7 of this Act, if the refiner provides the same rebate, subsidy, or concession to all similarly situated persons buying the motor fuel in the relevant geographic market on proportionally equal terms.

SECTION 3. A NEW SECTION OF KRS CHAPTER 365 IS CREATED TO READ AS FOLLOWS:

(1) The provisions of Sections 1 to 7 of this Act shall not apply to:

- *(a) A refiner's or nonrefiner's sale of motor fuel below refiner or nonrefiner cost made in good faith to meet an equally low price of a competitor selling motor fuel in the same relevant geographic market of like grade and quality, even if the competitor's price is a violation of Sections 1 to 7 of this Act;*

- *(f) Sales of motor fuel of like grade and quality at different prices to persons at the same level of distribution if the difference in price is due to a difference in the cost of sale or delivery resulting from differing methods or quantities in which the grade and quality of motor fuel is sold or delivered.*

(2) Any contract, express or implied, made by any person in violation of Sections 1 to 7 of this Act, shall be illegal and void and recovery shall not be permitted.

SECTION 4. A NEW SECTION OF KRS CHAPTER 365 IS CREATED TO READ AS FOLLOWS:

(1) A person who knowingly violates the provisions of Sections 1 to 7 of this Act shall be assessed a fine not to exceed ten

thousand dollars ($10,000) per day during which the violation occurs.

(2) The Attorney General may investigate all claims arising under Sections 1 to 7 of this Act. During the investigatory phase, the Attorney General may issue subpoenas to assist in the fact-finding process. Upon completion of the investigatory phase, the Attorney General may elect to sue for recovery of fines if the Attorney General has a good faith belief that an infraction has occurred.

(3) Damages in any action by the Attorney General shall be limited to the amount of the fine assessed during the violation period. The sum assessed and recovered shall be distributed to the Kentucky Revenue Cabinet.

SECTION 5. A NEW SECTION OF KRS CHAPTER 365 IS CREATED TO READ AS FOLLOWS:

WHEREAS, providing an efficient system of public schools is the responsibility of the General Assembly; and

WHEREAS, the Kentucky Supreme Court in *Rose v. Council for Better Education, Inc.* directed that the system be monitored by the General Assembly to assure that there is no waste, no duplication, and no mismanagement; and

WHEREAS, there are 176 school districts in 120 counties, many of which are small and in close geographic proximity that could possibly share administrative costs to acquire more efficiency;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. The Program Review and Investigations Committee shall conduct an analysis and comparison of administrative personnel costs in local school districts including, but not limited to, the salaries, benefits and other costs of the superintendent and staff, the transportation director and staff, the food service supervisor and staff, and others that hold positions considered to be for administrative purposes rather than instructional purposes. The analysis shall include the purchase of similar services provided to the district through contract or other business arrangements. The study shall compare districts by student enrollment size and determine if neighboring school districts could be efficient if they shared staff.

Section 2. The Program Review and Investigations Committee shall report its findings and recommendations to the Legislative Research Commission by November 15, 2004.

Section 3. Provisions of this Resolution to the contrary notwithstanding, the Legislative Research Commission shall have the authority to alternatively assign the issues identified herein to an interim joint committee or subcommittee thereof, and to designate a study completion date.

The Committee Amendment No. 1 to **HCR 134** is as follows:

HCR 134, On page 1, line 3 by inserting "for the 2002-2003 school year" in front of "including".

HJR 135, A JOINT RESOLUTION directing the Kentucky Higher Education Assistance Authority, with the assistance of the Council on Postsecondary Education and the Kentucky Department of Education, to conduct an analysis of data relating to specific elements of the Kentucky Educational Excellence Scholarship Program and report the results with policy options and recommendations for legislative action to the General Assembly.

WHEREAS, House Concurrent Resolution 141 of the 2003 Regular Session of the Kentucky General Assembly directed the Interim Joint Committee on Education to study the Kentucky Educational Excellence Scholarship (KEES) program and make recommendations to the 2004 Regular Session of the General Assembly based on the results of the study; and

WHEREAS, on December 1, 2003, in compliance with HCR 141, the Interim Joint Committee on Education adopted Legislative Research Commission Research Report No. 317, "A Study of the Kentucky Educational Excellence Scholarship Program," developed by the Subcommittee on Postsecondary Education during the 2003 Interim; and

WHEREAS, two of the recommendations in the study were to "permit high school students to use projected KEES awards to pay for dual credit courses" and "permit high school students to use projected KEES awards to pay for the cost of taking Advanced Placement exams"; and

WHEREAS, the fiscal impact of implementation of the recommendations--based in part on the number of students who might avail themselves of KEES funding to pay for dual credit courses or Advanced Placement examinations during high school who will attend college outside of Kentucky, and in part on the manner in which such a change would be administered--is currently unknown and has not yet been estimated; and

WHEREAS, current law requires the distribution of a KEES award to occur based on an individual's status as a full- or half-time student during an academic term rather than the number of credit hours for which a student is enrolled, which may reflect a disjunction between the KEES program and the enrollment patterns of Kentucky postsecondary students; and

WHEREAS, there are numerous policy options regarding the manner in which the program can best be implemented to maximize the benefit to students while limiting the fiscal impact to the program;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. The Kentucky Higher Education Assistance Authority shall, with the assistance of the Council on Postsecondary Education and the Kentucky Department of Education, conduct an analysis regarding the potential use of KEES awards by high school students to pay for dual credit courses and the cost of taking advanced placement examinations. The analysis shall include, but not be limited to, determining the number of students who participate currently in dual credit and dual enrollment structures, the number of those students who attend college outside of Kentucky, an estimate of the number of students who might use KEES awards to pay for dual credit or dual enrollment, the development of policy options regarding implementation of these study recommendations, and an estimate of the fiscal impact to the KEES program of those options.

Section 2. The analysis shall also include information regarding student enrollment patterns and the potential effects of changing the KEES program so that funds are distributed based on the number of credit hours for which a student is enrolled rather than on an individual's status as a full- or half-time student during an academic term.

Section 3. The Kentucky Higher Education Assistance Authority shall report the results of the analysis, including a presentation and discussion of policy options and recommendations for legislative action, to the Interim Joint Committee on Education by October 1, 2004.

Section 4. The Clerk of the House of Representatives shall send a copy of this Resolution to Dr. Joseph McCormick, President, Kentucky Higher Education Assistance Authority, P.O. Box 798, Frankfort, Kentucky 40602-0798; Mr. Thomas Layzell, President, Council on Postsecondary Education, 1024 Capitol Center Drive, Suite 320, Frankfort, Kentucky 40601; and Mr. Gene Wilhoit, Commissioner of Education, Kentucky Department of Education, 500 Mero Street, Frankfort, Kentucky 40601.

The Committee Substitute to **HJR 135** is as follows:

HJR 135, A JOINT RESOLUTION directing the Kentucky Higher Education Assistance Authority, with the assistance of the Council on Postsecondary Education and the Kentucky Department of Education, to conduct an analysis of data relating to specific elements of the Kentucky Educational Excellence Scholarship Program and report the results with policy options and recommendations for legislative action to the General Assembly.

WHEREAS, House Concurrent Resolution 141 of the 2003 Regular Session of the Kentucky General Assembly directed the Interim Joint Committee on Education to study the Kentucky Educational Excellence Scholarship (KEES) program and make recommendations to the 2004 Regular Session of the General Assembly based on the results of the study; and

WHEREAS, on December 1, 2003, in compliance with HCR 141, the Interim Joint Committee on Education adopted Legislative Research Commission Research Report No. 317, "A Study of the Kentucky Educational Excellence Scholarship Program," developed by the Subcommittee on Postsecondary Education during the 2003 Interim; and

WHEREAS, the recommendations in the study included to "permit high school students to use projected KEES awards to pay for dual credit courses," to "permit high school students to use projected KEES awards to pay for the cost of taking Advanced Placement exams," and to "use a student's numeric grade score average rather than grade point average to determine annual KEES base amount"; and

WHEREAS, the fiscal impact of implementation of the recommendations--based in part on the number of students who might avail themselves of KEES funding to pay for dual credit courses or Advanced Placement examinations during high school who will attend college outside of Kentucky, in part on the amount provided for each numeric grade score average and in part on the manner in which the changes would be administered--is currently unknown and has not yet been estimated; and

WHEREAS, current law requires the distribution of a KEES award to occur based on an individual's status as a full- or half-time student during an academic term rather than the number of credit hours for which a student is enrolled, which may reflect a disjunction between the KEES program and the enrollment patterns of Kentucky postsecondary students; and

WHEREAS, there are numerous policy options regarding the manner in which the program can best be implemented to maximize the benefit to students while limiting the fiscal impact to the program;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. The Kentucky Higher Education Assistance Authority shall, with the assistance of the Council on Postsecondary Education and the Kentucky Department of Education, conduct an analysis regarding the KEES program and the effect of implementation of recommendations in the KEES study.

Section 2. The analysis shall address the potential use of KEES awards by high school students to pay for dual credit courses and the cost of taking advanced placement examinations. The analysis shall include, but not be limited to, determining the number of students who participate currently in dual credit and dual enrollment structures, the number of those students who attend college outside of Kentucky, an estimate of the number of students who might use KEES awards to pay for dual credit or dual enrollment, the development of policy options regarding implementation of these study recommendations, and an estimate of the fiscal impact to the KEES program of those options.

Section 3. The analysis shall also address the fiscal impact to students and to the KEES program as a whole of determining KEES base amounts using numeric grade score averages rather than grade point averages.

Section 4. The analysis shall also include information regarding student enrollment patterns and the potential effects of changing the KEES program so that funds are distributed based on the number of credit hours for which a student is enrolled rather than on an individual's status as a full- or half-time student during an academic term.

Section 5. The Kentucky Higher Education Assistance Authority shall report the results of the analysis, including a presentation and discussion of policy options and recommendations for legislative action, to the Interim Joint Committee on Education by October 1, 2004.

Section 6. The Clerk of the House of Representatives shall send a copy of this Resolution to Dr. Joseph McCormick, President, Kentucky Higher Education Assistance Authority, P.O. Box 798, Frankfort, Kentucky 40602-0798; Mr. Thomas Layzell, President, Council on Postsecondary Education, 1024 Capitol Center Drive, Suite 320, Frankfort, Kentucky 40601; and Mr. Gene Wilhoit, Commissioner of Education, Kentucky Department of Education, 500 Mero Street, Frankfort, Kentucky 40601.

The Committee on Banking and Insurance reported **HB 380**, with Committee Substitute attached thereto with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 380, AN ACT relating to annuities.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.15-315 is amended to read as follows:

(1) This section shall be known as the "Standard Nonforfeiture Law for Individual Deferred Annuities."

(2) This section shall not apply to any reinsurance group annuity purchased under a retirement plan or plan of deferred compensation established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended, premium deposit fund, variable annuity, investment annuity, immediate annuity, any deferred annuity contract after annuity payments have commenced, or reversionary annuity, nor to any contract which shall be delivered outside this state through an agent or other representative of the insurer issuing the contract.

(3) In the case of contracts issued on or after the operative date of this section as defined in subsection ***(15)***[~~(12)~~] of this section, no contract of annuity, except as stated in subsection (2) of this section, shall be delivered or issued for delivery in this state unless it contains in substance the following provisions, or corresponding provisions which in the opinion of the commissioner are at least as favorable to the contract holder, upon cessation of payment of considerations under the contract***:***[~~.~~]

(a) That upon cessation of payment of considerations under a contract, ***or upon the written request of the contract owner,*** the insurer ***shall***[~~will~~] grant a paid-up annuity benefit on a plan stipulated in the contract of such value as is specified in subsections ***(8), (9), (10), (11), and (13)***[~~(5), (6), (7), (8) and (10)~~] of this section***;***[~~.~~]

(b) If a contract provides for a lump sum settlement at maturity, or at any other time, that upon surrender of the contract at or prior to the commencement of any annuity payments, the insurer ***shall***[~~will~~] pay in lieu of any paid-up annuity benefit a cash surrender benefit of such amount as is specified in subsections ***(8), (9), (10), (11), and (13)***[~~(5), (6), (8) and (10)~~] of this section. The insurer shall reserve the right to defer the payment of such cash surrender benefit for a period ***not to exceed***[~~of~~] six (6) months after demand therefor with surrender of the contract ***after making written request and receiving written approval of the commissioner. The request shall address the necessity and equitability to all policyholders of the deferral;***[~~.~~]

(c) A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender or death benefits that are guaranteed under the contract, together with sufficient information to determine the amounts of such benefits***; and***[~~.~~]

(d) A statement that any paid-up annuity, cash surrender or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which such benefits are altered by the existence of any additional amounts credited by the insurer to the contract, any indebtedness to the insurer on the contract or any prior withdrawals from or partial surrenders of the contract.

Notwithstanding the requirements of this subsection, any deferred annuity contract may provide that if no considerations have been received under a contract for a period of two (2) full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from considerations paid prior to such period would be less than twenty dollars ($20) monthly, the insurer may at its option terminate such contract by payment in cash of the then present value of such portion of the paid-up annuity benefit, calculated on the basis of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by such payment shall be relieved of any further obligation under such contract.

(4) ***Prior to July 2, 2006, an insurer may elect to comply with the provisions of this subsection or the provisions of subsection (5) of this section. On and after July 1, 2006, all insurers shall comply with the provisions of subsection (5) of this section.*** The minimum values as specified in subsections ***(8), (9), (10), (11), and (13)***[~~(5), (6), (7), (8) and (10)~~] of this section of any paid-up annuity, cash surrender or death benefits available under an annuity contract shall be based upon minimum nonforfeiture amounts as defined in this section.

(a) [~~With respect to contracts providing for flexible considerations,~~]The minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payments shall be equal to an accumulation up to such time at ***rates***[~~a rate~~] of interest ***as indicated in paragraph (c) of this subsection***[~~of three percent (3%) per annum of percentages~~] of the net considerations (as hereinafter defined) paid prior to such time, decreased by the sum of

1. Any prior withdrawals from or partial surrenders of the contract accumulated at ***rates***[~~a rate~~] of interest ***as indicated in subsection (5) of this section***[~~of three percent (3%) per annum~~];[~~ and~~]

2. ***An annual contract charge of fifty dollars ($50) accumulated at rates of interest as indicated in subsection (5) of this section; and***

3. The amount of any indebtedness to the insurer on the contract, including interest due and accrued;

[~~and increased by any existing additional amounts credited by the insurer to the contract.~~]

(b) The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be an amount[~~ not less than zero and shall be~~] equal to ***eighty-seven and one-half percent (87.5%) of*** the[~~ corresponding~~] gross consideration credited to the contract during that contract year[~~ less an annual contract charge of thirty dollars ($30) and less a collection charge of one dollar and twenty-five cents ($1.25) per consideration credited to the contract during that contract year. The percentages of net considerations shall be sixty-five percent (65%) of the net consideration for the first contract year and eighty-seven and one-half percent (87.5%) of the net considerations for the second and later contract years. Notwithstanding the provisions of the preceding sentence, the percentage shall be sixty-five percent (65%) of the portion of the total net consideration for any renewal contract year which exceeds by not more than two (2) times the sum of those portions of the net considerations in all prior contract years for which the percentage was sixty-five percent (65%)~~].

(c)[~~(b)~~]Notwithstanding any other provision of this subsection, for any contract issued on or after July 1, 2003, and before July 1, ***2006***[~~2005~~], the interest rate at which net considerations, prior withdrawals, and partial surrenders shall be accumulated for the purpose of determining nonforfeiture amounts shall be no less than one and one-half percent (1.5%) per annum.

[~~(c) With respect to contracts providing for fixed scheduled considerations, minimum nonforfeiture amounts shall be calculated on the assumption that considerations are paid annually in advance and shall be defined as for contracts with flexible considerations which are paid annually with two (2) exceptions:~~

~~1. The portion of the net consideration for the first contract year to be accumulated shall be the sum of sixty-five percent (65%) of the net consideration for the first contract year plus twenty-two and one-half percent (22.5%) of the excess of the net consideration for the first contract year over the lesser of the net considerations for the second and third contract years.~~

~~2. The annual contract charge shall be the lesser of,~~

~~a. Thirty dollars ($30), or~~

~~b. Ten percent (10%) of the gross annual consideration.~~

~~(d) With respect to contracts providing for a single consideration, minimum nonforfeiture amounts shall be defined as for contracts with flexible considerations except that the percentage of net consideration used to determine the minimum nonforfeiture amount shall be equal to ninety percent (90%) and the net consideration shall be the gross consideration less a contract charge of seventy-five dollars ($75).~~]

(5) ***The interest rate used in determining minimum nonforfeiture amounts shall be an annual rate of interest determined as the lesser of three percent (3%) per annum and the following, which shall be specified in the contract if the interest rate will be reset:***

(a) The five (5) year constant maturity treasury rate reported by the Federal Reserve as of a date or average over a period rounded to the nearest one-twentieth of one percent (0.05%), specified in the contract no longer than fifteen (15) months prior to the contract issue date or redetermination date under paragraph (d) of this subsection;

(b) Reduced by one hundred and twenty-five (125) basis points;

(c) Where the resulting interest rate is not less than one percent (1%); and

(d) The interest rate shall apply for an initial period and may be redetermined for additional periods. The redetermination date basis and period, if any, shall be stated in the contract. The basis is the date or average

over a specified period that produces the value of the five (5) year constant maturity treasury rate to be used at each redetermination date.

(6) During the period or term that a contract provides substantive participation in an equity indexed benefit, it may increase the reduction described in paragraph (b) of subsection (5) of this section up to an additional one hundred (100) basis points to reflect the value of the equity index benefit. The present value at the contract issue date, and at each redetermination date thereafter of the additional reduction shall not exceed the market value of the benefit. The commissioner may require a demonstration that the present value of the additional reduction does not exceed the market value of the benefit. Lacking such demonstration that is acceptable to the commissioner, the commissioner may disallow or limit the additional reduction.

(7) The commissioner may promulgate administrative regulations in accordance with KRS Chapter 13A implementing the provisions of this section and to provide for further adjustments to the calculation of minimum nonforfeiture amounts for contracts that provide substantive participation in an equity index benefit and for other contracts that the commissioner determines adjustments are justified.

(8) Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Such present value shall be computed using the mortality table, if any, and the interest rate specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

(9)[~~(6)~~] For contracts which provide cash surrender benefits, such cash surrender benefits available prior to maturity shall not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity benefit which would be provided under the contract at maturity arising from considerations paid prior to the time of cash surrender reduced by the amount appropriate to reflect any prior withdrawals from or partial surrenders of the contract, such present value being calculated on the basis of an interest rate not more than one percent (1%) higher than the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, decreased by the amount of any indebtedness to the insurer on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the insurer to the contract. In no event shall any cash surrender benefit be less than the minimum nonforfeiture amount at that time. The death benefit under such contracts shall be at least equal to the cash surrender benefit.

(10)[~~(7)~~] For contracts which do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that portion of the maturity value of the paid-up annuity benefit provided under the contract arising from considerations paid prior to the time the contract is surrendered in exchange for, or changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, and increased by any existing additional amounts credited by the insurer to the contract. For contracts which do not provide any death benefits prior to the commencement of any annuity payments, such present values shall be calculated on the basis of such interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit. However, in no event shall the present value of a paid-up annuity benefit be less than the minimum nonforfeiture amount at that time.

(11)[~~(8)~~] For the purpose of determining the benefits calculated under subsections *(9)*[~~(6)~~] and *(10)*[~~(7)~~] of this section, in the case of annuity contracts under which an election may be made to have annuity payments commence at optional maturity dates, the maturity date shall be deemed to be the latest date for which election shall be permitted by the contract, but shall not be deemed to be later than the anniversary of the contract next following the annuitant's seventieth birthday or the tenth anniversary of the contract, whichever is later.

(12)[~~(9)~~] Any contract which does not provide cash surrender benefits or does not provide death benefits at least equal to the minimum nonforfeiture amount prior to the commencement of any annuity payments shall include a statement in a prominent place in the contract that such benefits are not provided.

(13)[~~(10)~~] Any paid-up annuity, cash surrender or death benefits available at any time, other than on the contract anniversary under any contract with fixed scheduled considerations, shall be calculated with allowance for the lapse of time and the payment of any scheduled considerations beyond the beginning of the contract year in which cessation of payment of considerations under the contract occurs.

(14)[~~(11)~~] For any contract which provides, within the same contract by rider or supplemental contract provision, both annuity benefits and life insurance benefits that are in excess of the greater of cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion and the minimum nonforfeiture benefits, if any, for the life insurance portion computed as if each portion were a separate contract. Notwithstanding the provisions of subsections ***(8), (9), (10), (11), and (13)***[~~(5), (6), (7), (8), and (10)~~] of this section, additional benefits payable

(a) In the event of total and permanent disability,

(b) As reversionary annuity or deferred reversionary annuity benefits, or

(c) As other policy benefits additional to life insurance, endowment and annuity benefits, and considerations for all such additional benefits, shall be disregarded in ascertaining the minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits that may be required by this section. The inclusion of such additional benefits shall not be required in any paid-up benefits, unless such additional benefits separately would require minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits.

(15)[~~(12)~~] After June 17, 1978, any insurer may file with the commissioner a written notice of its election to comply with the provisions of this section after a specified date before June 17, 1980. After the filing of such notice, then upon such specified date, this section shall become operative with respect to annuity contracts thereafter issued by such insurer. If an insurer makes no such election, the operative date of this section for such insurer shall be June 17, 1980.

The Committee Substitute to **HB 380** is as follows:

HB 380, AN ACT relating to annuities.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.15-315 is amended to read as follows:

(1) This section shall be known as the "Standard Nonforfeiture Law for Individual Deferred Annuities."

(2) This section shall not apply to any reinsurance group annuity purchased under a retirement plan or plan of deferred compensation established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended, premium deposit fund, variable annuity, investment annuity, immediate annuity, any deferred annuity contract after annuity payments have commenced, or reversionary annuity, nor to any contract which shall be delivered outside this state through an agent or other representative of the insurer issuing the contract.

(3) In the case of contracts issued on or after the operative date of this section as defined in subsection (12) of this section, no contract of annuity, except as stated in subsection (2) of this section, shall be delivered or issued for delivery in this state unless it contains in substance the following provisions, or corresponding provisions which in the opinion of the commissioner are at least as favorable to the contract holder, upon cessation of payment of considerations under the contract.

(a) That upon cessation of payment of considerations under a contract, the insurer will grant a paid-up annuity benefit on a plan stipulated in the contract of such value as is specified in subsections (5), (6), (7), (8) and (10) of this section.

(b) If a contract provides for a lump sum settlement at maturity, or at any other time, that upon surrender of the contract at or prior to the commencement of any annuity payments, the insurer will pay in lieu of any paid-up annuity benefit a cash surrender benefit of such amount as is specified in subsections (5), (6), (8) and (10) of this section. The insurer shall reserve the right to defer the payment of such cash surrender benefit for a period of six (6) months after demand therefor with surrender of the contract.

(c) A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender or death benefits that are guaranteed under the contract, together with sufficient information to determine the amounts of such benefits.

(d) A statement that any paid-up annuity, cash surrender or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which such benefits are altered by the existence of any additional amounts credited by the insurer to the contract, any indebtedness to the insurer on the contract or any prior withdrawals from or partial surrenders of the contract.

Notwithstanding the requirements of this subsection, any deferred annuity contract may provide that if no considerations have been received under a contract for a period of two (2) full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from considerations paid prior to such period would be less than twenty dollars ($20) monthly, the insurer may at its option terminate such contract by payment in cash of the then present value of such portion of the paid-up annuity benefit, calculated on the basis of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by such payment shall be relieved of any further obligation under such contract.

(4) The minimum values as specified in subsections (5), (6), (7), (8) and (10) of this section of any paid-up annuity, cash surrender or death benefits available under an annuity contract shall be based upon minimum nonforfeiture amounts as defined in this section.

(a) With respect to contracts providing for flexible considerations, the minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payments shall be equal to an accumulation up to such time at a rate of interest of three percent (3%) per annum of percentages of the net considerations (as hereinafter defined) paid prior to such time, decreased by the sum of

1. Any prior withdrawals from or partial surrenders of the contract accumulated at a rate of interest of three

percent (3%) per annum; and

2. The amount of any indebtedness to the insurer on the contract, including interest due and accrued;

and increased by any existing additional amounts credited by the insurer to the contract. The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be an amount not less than zero and shall be equal to the corresponding gross consideration credited to the contract during that contract year less an annual contract charge of thirty dollars ($30) and less a collection charge of one dollar and twenty-five cents ($1.25) per consideration credited to the contract during that contract year. The percentages of net considerations shall be sixty-five percent (65%) of the net consideration for the first contract year and eighty-seven and one-half percent (87.5%) of the net considerations for the second and later contract years. Notwithstanding the provisions of the preceding sentence, the percentage shall be sixty-five percent (65%) of the portion of the total net consideration for any renewal contract year which exceeds by not more than two (2) times the sum of those portions of the net considerations in all prior contract years for which the percentage was sixty-five percent (65%).

(b) Notwithstanding any other provision of this subsection, for any contract issued on or after July 1, 2003, and before July 1, ***2006***~~[2005]~~, the interest rate at which net considerations, prior withdrawals, and partial surrenders shall be accumulated for the purpose of determining nonforfeiture amounts shall be no less than one and one-half percent (1.5%) per annum.

(c) With respect to contracts providing for fixed scheduled considerations, minimum nonforfeiture amounts shall be calculated on the assumption that considerations are paid annually in advance and shall be defined as for contracts with flexible considerations which are paid annually with two (2) exceptions:

1. The portion of the net consideration for the first contract year to be accumulated shall be the sum of sixty-five percent (65%) of the net consideration for the first contract year plus twenty-two and one-half percent (22.5%) of the excess of the net consideration for the first contract year over the lesser of the net considerations for the second and third contract years.

2. The annual contract charge shall be the lesser of,

a. Thirty dollars ($30), or

b. Ten percent (10%) of the gross annual consideration.

(d) With respect to contracts providing for a single consideration, minimum nonforfeiture amounts shall be defined as for contracts with flexible considerations except that the percentage of net consideration used to determine the minimum nonforfeiture amount shall be equal to ninety percent (90%) and the net consideration shall be the gross consideration less a contract charge of seventy-five dollars ($75).

(5) Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Such present value shall be computed using the mortality table, if any, and the interest rate specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

(6) For contracts which provide cash surrender benefits, such cash surrender benefits available prior to maturity shall not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity benefit which would be provided under the contract at maturity arising from considerations paid prior to the time of cash surrender reduced by the amount appropriate to reflect any prior withdrawals from or partial surrenders of the contract, such present value being calculated on the basis of an interest rate not more than one percent (1%) higher than the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, decreased by the amount of any indebtedness to the insurer on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the insurer to the contract. In no event shall any cash surrender benefit be less than the minimum nonforfeiture amount at that time. The death benefit under such contracts shall be at least equal to the cash surrender benefit.

(7) For contracts which do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that portion of the maturity value of the paid-up annuity benefit provided under the contract arising from considerations paid prior to the time the contract is surrendered in exchange for, or changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, and increased by any existing additional amounts credited by the insurer to the contract. For contracts which do not provide any death benefits prior to the commencement of any annuity payments, such present values shall be calculated on the basis of such interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit. However, in no event shall the present value of a paid-up annuity benefit be less than the minimum nonforfeiture amount at that time.

(8) For the purpose of determining the benefits calculated under subsections (6) and (7) of this section, in the case of annuity contracts under which an election may be made to have annuity payments commence at optional maturity dates, the maturity date shall be deemed to be the latest date for which election shall be permitted by the contract, but shall not be deemed to be later than the anniversary of the contract next following the annuitant's seventieth birthday or the tenth

anniversary of the contract, whichever is later.

(9) Any contract which does not provide cash surrender benefits or does not provide death benefits at least equal to the minimum nonforfeiture amount prior to the commencement of any annuity payments shall include a statement in a prominent place in the contract that such benefits are not provided.

(10) Any paid-up annuity, cash surrender or death benefits available at any time, other than on the contract anniversary under any contract with fixed scheduled considerations, shall be calculated with allowance for the lapse of time and the payment of any scheduled considerations beyond the beginning of the contract year in which cessation of payment of considerations under the contract occurs.

(11) For any contract which provides, within the same contract by rider or supplemental contract provision, both annuity benefits and life insurance benefits that are in excess of the greater of cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion and the minimum nonforfeiture benefits, if any, for the life insurance portion computed as if each portion were a separate contract. Notwithstanding the provisions of subsections (5), (6), (7), (8), and (10) of this section, additional benefits payable

(a) In the event of total and permanent disability,

(b) As reversionary annuity or deferred reversionary annuity benefits, or

(c) As other policy benefits additional to life insurance, endowment and annuity benefits, and considerations for all such additional benefits,

shall be disregarded in ascertaining the minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits that may be required by this section. The inclusion of such additional benefits shall not be required in any paid-up benefits, unless such additional benefits separately would require minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits.

(12) ***(a)*** After ***August 1, 2004***~~[June 17, 1978]~~, any insurer may file with the commissioner a written notice of its election to ***apply***~~[comply with]~~ the provisions of the provisions of ***Section 2 of this Act on a contract-form by contract-form basis to annuity contracts issued by the insurer during the period from the date of the election through June 30, 2006***~~[this section after a specified date before June 17, 1980. (b) In all other instances, insurers shall apply the provisions of Section 1 of this Act to annuity contracts issued through June 30, 2006.

(c) Insurers shall apply the provisions of Section 2 of this Act to all annuity contracts issued on or after July 1, 2006.

SECTION 2. A NEW SECTION OF SUBTITLE 15 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) This section shall be known as the "Standard Nonforfeiture Law for Individual Deferred Annuities of 2004."

(2) This section shall not apply to any reinsurance group annuity purchased under a retirement plan or plan of deferred compensation established or maintained by an employer, including a partnership or sole proprietorship, or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended, premium deposit fund, variable annuity, investment annuity, immediate annuity, any deferred annuity contract after annuity payments have commenced, or reversionary annuity, nor to any contract which shall be delivered outside this state through an agent or other representative of the insurer issuing the contract.

(3) In the case of contracts issued on or after July 1, 2006, no contract of annuity, except as provided in subsection (2) of this section, shall be delivered or issued for delivery in this state unless it contains in substance the following provisions, or corresponding provisions which in the opinion of the commissioner are at least as favorable to the contract holder, upon cessation of payment of considerations under the contract:

(a) That upon cessation of payment of considerations under a contract, or upon the written request of the contract owner, the insurer shall grant a paid-up annuity benefit on a plan stipulated in the contract of such value as is specified in subsections (8), (9), (10), (11), and (13) of this section;

(b) If a contract provides for a lump sum settlement at maturity, or at any other time, that upon surrender of the contract at or prior to the commencement of any annuity payments, the insurer shall pay in lieu of any paid-up annuity benefit a cash surrender benefit of such amount as is specified in subsections (8), (9), (10), (11), and (13) of this section. The insurer may reserve the right to defer the payment of this cash surrender benefit for a period not to exceed six (6) months after demand therefor with surrender of the contract after making written request and receiving written approval of the commissioner. The request shall address the necessity and equitability to all policyholders of the deferral;

(c) A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender or death benefits that are guaranteed under the contract, together with sufficient information to

determine the amounts of such benefits; and

(d) A statement that any paid-up annuity, cash surrender or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which these benefits are altered by the existence of any additional amounts credited by the insurer to the contract, any indebtedness to the insurer on the contract, or any prior withdrawals from or partial surrenders of the contract.

Notwithstanding the requirements of this subsection, any deferred annuity contract may provide that if no considerations have been received under a contract for a period of two (2) full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from considerations paid prior to that period would be less than twenty dollars ($20) monthly, the insurer may at its option terminate the contract by payment in cash of the then-present value of such portion of the paid-up annuity benefit, calculated on the basis of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by this payment shall be relieved of any further obligation under such contract.

(4) The minimum values as specified in subsections (8), (9), (10), (11), and (13) of this section of any paid-up annuity, cash surrender or death benefits available under an annuity contract shall be based upon minimum nonforfeiture amounts as defined in this section.

(a) The minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payments shall be equal to an accumulation up to that time at rates of interest as indicated in subsection (5) of this section of the net considerations, as defined in paragraph (6) of this subsection, paid prior to that time, decreased by the sum of:

1. Any prior withdrawals from or partial surrenders of the contract accumulated at a rate of interest as indicated in subsection (5) of this section;

2. An annual contract charge of fifty dollars ($50) accumulated at rates of interest as indicated in subsection (5) of this section; and

3. The amount of any indebtedness to the insurer on the contract, including interest due and accrued.

(b) The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be an amount equal to eighty-seven and one-half percent (87.5%) of gross considerations credited to the contract during that contract year.

(5) The interest rate used in determining minimum nonforfeiture amounts shall be an annual rate of interest determined as the lesser of three percent (3%) per annum and the following, which shall be specified in the contract if the interest rate will be reset:

(a) The five (5) year Constant Maturity Treasury Rate reported by the Federal Reserve as of a date or average over a period rounded to the nearest one-twentieth of one percent (0.05%), specified in the contract no longer than fifteen (15) months prior to the contract issue date or redetermination date under paragraph (d) of this subsection;

(b) Reduced by one hundred twenty-five (125) basis points;

(c) Where the resulting interest rate is not less than one percent (1%); and

(d) The interest rate shall apply for an initial period and may be redetermined for additional periods. The redetermination date basis and period, if any, shall be stated in the contract. The basis is the date or average over a specified period that produces the value of the five (5) year Constant Maturity Treasury Rate to be used at each redetermination date.

(6) During the period or term that a contract provides substantive participation in an equity indexed benefit, it may increase the reduction described in subsection (5)(b) of this section up to an additional one hundred (100) basis points to reflect the value of the equity index benefit. The present value at the contract issue date and at each redetermination date thereafter of the additional reduction shall not exceed the market value of the benefit. The commissioner may require a demonstration that the present value of the additional reduction does not exceed the market value of the benefit. Lacking such demonstration that is acceptable to the commissioner, the commissioner may disallow or limit the additional reduction.

(7) The commissioner may promulgate administrative regulations in accordance with KRS Chapter 13A implementing the provisions of subsection (6) of this section and to provide for further adjustments to the calculation of minimum nonforfeiture amounts for contracts that provide substantive participation in an equity index benefit and for other contracts for which the commissioner determines adjustments are justified.

(8) Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. This present value shall be computed using the mortality table, if any, and the interest rates specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

(9) For contracts which provide cash surrender benefits, the cash surrender benefits available prior to maturity shall not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity

benefit which would be provided under the contract at maturity arising from considerations paid prior to the time of cash surrender reduced by the amount appropriate to reflect any prior withdrawals from or partial surrenders of the contract, the present value being calculated on the basis of an interest rate not more than one percent (1%) higher than the interest rate specified in the contract for accumulating the net considerations to determine the maturity value, decreased by the amount of any indebtedness to the insurer on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the insurer to the contract. In no event shall any cash surrender benefit be less than the minimum nonforfeiture amount at that time. The death benefit under the contracts shall be at least equal to the cash surrender benefit.

(10) For contracts which do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that portion of the maturity value of the paid-up annuity benefit provided under the contract arising from considerations paid prior to the time the contract is surrendered in exchange for, or changed to, a deferred paid-up annuity, the present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine the maturity value, and increased by any existing additional amounts credited by the insurer to the contract. For contracts which do not provide any death benefits prior to the commencement of any annuity payments, the present values shall be calculated on the basis of the interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit. However, in no event shall the present value of a paid-up annuity benefit be less than the minimum nonforfeiture amount at that time.

(11) For the purpose of determining the benefits calculated under subsections (9) and (10) of this section, in the case of annuity contracts under which an election may be made to have annuity payments commence at optional maturity dates, the maturity date shall be deemed to be the latest date for which election shall be permitted by the contract, but shall not be deemed to be later than the anniversary of the contract next following the annuitant's seventieth birthday or the tenth anniversary of the contract, whichever is later.

(12) Any contract which does not provide cash surrender benefits or does not provide death benefits at least equal to the minimum nonforfeiture amount prior to the commencement of any annuity payments shall include a statement in a prominent place in the contract that such benefits are not provided.

(13) Any paid-up annuity, cash surrender or death benefits available at any time, other than on the contract anniversary under any contract with fixed scheduled considerations, shall be calculated with allowance for the lapse of time and the payment of any scheduled considerations beyond the beginning of the contract year in which cessation of payment of considerations under the contract occurs.

(14) For any contract which provides, within the same contract by rider or supplemental contract provision, both annuity benefits and life insurance benefits that are in excess of the greater of cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion and the minimum nonforfeiture benefits, if any, for the life insurance portion computed as if each portion were a separate contract. Notwithstanding the provisions of subsections (8), (9), (10), (11), and (13) of this section, additional benefits payable:

(a) In the event of total and permanent disability;

(b) As reversionary annuity or deferred reversionary annuity benefits; or

(c) As other policy benefits additional to life insurance, endowment and annuity benefits, and considerations for all such additional benefits;

shall be disregarded in ascertaining the minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits that may be required by this section. The inclusion of these additional benefits shall not be required in any paid-up benefits, unless these additional benefits separately would require minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits.

(15) (a) After August 1, 2004, any insurer may file with the commissioner a written notice of its election to apply the provisions of this section on a contract-form by contract-form basis to annuity contracts issued by the insurer during the period from the date of the election through June 30, 2006.

(b) Insurers shall apply the provisions of this section to annuity contracts issued on or after July 1, 2006.
